Western Area Power Administration; Notice of Filing

Take notice that on November 22, 2023, Western Area Power Administration submitted tariff filing: Rates for Western Area Power Administration—Rate Order No. WAPA-206 to be effective 1/1/2024.

⁶ Values represent unique U.S. entities as based on the NERC compliance registry information as of September 22, 2023.

⁷ The estimated hourly cost (salary plus benefits) is a combination based on the Bureau of Labor Statistics (BLS), as of 2022, for 75% of the average of an Electrical Engineer (17-2071) \$77.29/hr., 77.29 × .75 = 57.9675 (\$57.97-rounded) (\$57.97/hour) and 25% of an Information and Record Clerk (43-4199) \$39.58/hr, 39.58 × .25% = 9.895 (\$9.90 rounded) (\$9.90/hour), for a total (\$57.97 + \$9.90 = \$67.87/hour).

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

[Project No. 10661-051]

Indiana Michigan Power Company; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a subsequent license to continue to operate and maintain the Constantine Hydroelectric Project (project). The project is located on the St. Joseph River, in the Village of Constantine, in St. Joseph County, Michigan. Commission staff has prepared an Environmental Assessment (EA) for the project.

The EA contains the staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal

action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, or toll-free at (866) 208-3676, or for TTY, (202) 502-8659.

[Docket No. CP24-1-000]

Cameron Interstate Pipeline, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Holbrook Expansion Project

On October 4, 2023, Cameron Interstate Pipeline, LLC filed an application in Docket No. CP24-1-000 requesting a Certificate of Public Convenience and Necessity pursuant to section 7(c) of the Natural Gas Act to construct and operate certain natural gas facilities. The proposed project is known as the Holbrook Expansion Project (Project), and it would provide about 1.1 billion cubic feet of additional natural gas transportation capacity per day to Cameron LNG, LLC's liquefied natural gas (LNG) export facility in Cameron Parish, Louisiana.

On October 19, 2023, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA April 19, 2024
90-day Federal Authorization Decision
Deadline² July 18, 2024

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies

¹ 40 CFR 1501.10 (2020)

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

are kept informed of the Project's progress.

Project Description

Cameron Interstate Pipeline, LLC proposes to construct and operate two new natural gas compressor units, and associated aboveground facilities, ancillary and auxiliary equipment at its existing Holbrook Compressor Station in Calcasieu Parish, Louisiana.

The Holbrook Expansion Project would consist of the following facilities:

- one new 42,000-horsepower natural gas turbine compressor unit (in a new compressor building);
- one new 5,350-horsepower natural gas reciprocating compressor unit (in an existing compressor building);
- 1,100-foot-long, 36-inch-diameter discharge header pipeline;
- one new warehouse; and
- associated ancillary and auxiliary equipment.

Cameron Interstate Pipeline, LLC would also use a temporary laydown yard, workspace, and existing access road.

Background

On November 13, 2023, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Holbrook Expansion Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. All substantive comments received in response to the Notice of Scoping will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.
