Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 12, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

National Institute of Food and Agriculture

Title: National 4-H Conference Registration Form, Leadership Position Interest Form, and Scholarship Interest Form.

OMB Control Number: 0524-New.

Summary of Collection: The National 4-H Conference is known as the "Secretary's Conference" and has been the flagship youth development opportunity of USDA since 1927. The objectives of the National 4-H Conference are to: develop the next generation of leaders; increase youth familiarity with the government and future career opportunities; and provide an opportunity for young people involved in 4-H in rural, urban, and Tribal communities to share their voice on a national level with the federal government through a Youth Perspective Briefing.

The National 4-H Conference is administered by the U.S. Department of Agriculture (USDA) National Institute of Food and Agriculture (NIFA). The statutory authority for the Conference is under Section 7511(f)(2) of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246), as amended.

Need and Use of the Information: All land-grant colleges and universities are invited to select and send high school aged 4-H members along with adult chaperones to the National 4-H Conference. Each is encouraged to partner within their state to select a diverse state delegation based on age, background, geographic distribution, and/or experience with the 4-H program. The selected youth must be 15 to 19 years old during the dates in which the National 4-H Conference is held to participate. NIFA will collect information using the Registration Form, Leadership Interest Form, and the Scholarship Interest Form. The information collected is used by NIFA and the logistics company to ensure youth and adults who would like to attend, serve in leadership, or apply for a scholarship role at the National 4-H Conference can be contacted, submit activity and dietary preferences, meet eligibility requirements, and provide the permissions required by law such as parental/guardian consent.

If NIFA were unable to collect this data, then the USDA NIFA National 4-H Conference would be unable to support the successful planning and delivery of activities associated with the National 4-H Conference.

Description of Respondents: Individuals or households.

Number of Respondents: 400.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 700.

Large Diameter Welded Pipe From the Republic of Canada: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2021-2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Evraz Inc. NA, Evraz Inc. NA Canada, and The Canadian National Steel Corporation (collectively, Evraz) and the 36 non-examined companies, for which a review was initiated, made sales of the subject merchandise at prices below normal value (NV), during the period of review (POR) May 1, 2021, through April 30, 2022. We also determine that Forterra Pipe & Precast, Ltd. (Forterra), Hyprescon Inc. (Hyprescon), and Canam Group Inc. (Canam) had no shipments of subject merchandise during the POR.

DATES: Applicable December 13, 2023.

FOR FURTHER INFORMATION CONTACT: Faris Montgomery, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1537.

SUPPLEMENTARY INFORMATION:

Background

On June 6, 2023, Commerce published the *Preliminary Results* in the 2021-2022 administrative review of the antidumping duty order on large diameter welded pipe from Canada and invited interested parties to comment.¹ A summary of the events that occurred since publication of the *Preliminary Results*, as well as a full discussion of

the issues raised by parties for these final results, are discussed in the Issues and Decision Memorandum.² Commerce conducted this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order³

The merchandise covered by the Order is welded carbon and alloy steel pipe (other than stainless steel pipe), more than 406.4 mm (16 inches) in nominal outside diameter (large diameter welded pipe), regardless of wall thickness, length, surface finish, grade, end finish, or stenciling. Imports of the product are currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060, 7305.12.5000, 7305.19.1030, 7305.19.1060, 7305.19.5000, 7305.31.4000, 7305.31.6090, 7305.39.1000 and 7305.39.5000. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this Order is dispositive. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in parties' case and rebuttal briefs are addressed in the Issues and Decision Memorandum and are listed in Appendix I to this notice. The Issues and Decision Memorandum is a public document and is on file

electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties, Commerce made certain changes to the margin calculations for Evraz. The Issues and Decision Memorandum contains descriptions of these changes.

Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a weighted-average dumping margin to be determined for companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when determining the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins

established for exporters and producers individually investigated, excluding rates that are zero, *de minimis* or determined entirely on the basis of facts available.

For these final results of review, we calculated a weighted-average dumping margin that is not zero, *de minimis*, or based entirely on facts available for Evraz, the sole mandatory respondent. Because this is the only weighted-average dumping margin determined in this review for an individually examined respondent, we are applying this rate to the non-examined companies under review consistent with section 735(c)(5)(A) of the Act.⁴

Determination of No Shipments

As noted in the *Preliminary Results*, we received no shipment claims from Forterra, Hyprescon, and Canam and preliminarily determined that Forterra, Hyprescon, and Canam had no shipments of subject merchandise during the POR.⁵ We received no comments from interested parties with respect to these claims. Therefore, because the record indicates that Forterra, Hyprescon, and Canam had no suspended entries of subject merchandise to the United States during the POR, we continue to find that Forterra, Hyprescon, and Canam had no shipments of subject merchandise during the POR.

Final Results of Review

We determine that the following weighted-average dumping margins exist for the period May 1, 2021, through April 30, 2022:

Producer/exporter	Weighted-average dumping margin (percent)
Evraz Inc. NA; Evraz Inc. NA Canada; The Canadian National Steel Corporation	9.17
Non-Examined Companies ⁶	9.17

Disclosure

We intend to disclose the calculations performed for Evraz within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

Assessment Rates

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in this review, in

accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request

for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Pursuant to 19 CFR 351.212(b)(1), because Evraz's weighted-average dumping margin is not zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), and Evraz reported the entered value of all its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the

total entered value of those sales. Where an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁷

For entries of subject merchandise during the POR produced by Evraz for which it did not know its merchandise was destined for the United States, we intend to instruct CBP to liquidate such entries at the all-others rate (*i.e.*, 12.32 percent)⁸ if there is no rate for the intermediate company(ies) involved in the transaction.⁹

For the companies which were not selected for individual examination, we will instruct CBP to assess antidumping duties at a rate equal to the weighted-average dumping margin determined for the non-examined companies in the final results of review.¹⁰

For the companies with no shipments, *i.e.*, Forterra, Hyprescon, and Canam, any suspended entries made under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in the final results of the review; (2) for subject merchandise exported by a company not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the subject merchandise; (4) the cash deposit rate for all other producers or exporters will

continue to be 12.32 percent *ad valorem*, the all-others rate established in the LTFV investigation.¹¹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: December 1, 2023.

Deputy Assistant Secretary for Enforcement and Compliance.
