

the CARES Act, the Secretary may allow a foreign institution to enter into a written arrangement with an institution of higher education located in the United States that participates in the Federal Direct Loan Program under part D of title IV of the Higher Education Act of 1965 (20 U.S.C. 1087a *et seq.*) for the purpose of allowing a student of the foreign institution who is a borrower of a loan made under such part to take courses from the institution of higher education located in the United States. The CARES Act requires foreign institutions that use either type of authority described above to report such use to the Secretary. Institutions are required to report use of either distance education or written arrangements to the Department no later than 30 days after it begins offering coursework online to Direct Loan recipients. The Department must also collect specific information from a school that requests a waiver in order to determine if the school is eligible to receive the waiver. On May 12, 2020, Federal Student Aid, an Office of the Department, notified foreign institutions of the new authority and requested that any foreign institution who wished to utilize this new authority to respond with information specified in the email. This information collection was discontinued following the discontinuation of the national COVID-19 emergency status. However, due to other global situations we are now requesting a new collection to allow for the on-going use of the CARES Act waiver.
