

Applicants state that they neither contemplate nor require an agreement to continue in control of Lakeshore Terminal once it becomes a rail carrier.

The verified notice indicates that: (1) the Line does not connect with any of the Patriot Short Lines; (2) the acquisition of control is not part of a series of anticipated transactions that would connect the Line or any of the Patriot Short Lines with each other; and (3) the proposed transaction does not involve a Class I rail carrier. Therefore, the transaction is exempt from the prior approval requirements of 49 U.S.C. 11323. See 49 CFR 1180.2(d)(2).

The transaction may be consummated on or after December 31, 2023, the effective date of the exemption (30 days after the verified notice was filed).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. However, 49 U.S.C. 11326(c) does not provide for labor protection for transactions under 49 U.S.C. 11324 and 11325 that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here because all of the carriers involved are Class III rail carriers.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of
