**SUPPLEMENTARY INFORMATION:****Summary of Change in Control**

Venture Global’s Notification describes a series of reorganization transactions effective as of September 25, 2023 (Transactions). As relevant here, Venture Global states that its institutional passive, minority owners referenced in prior DOE/FECM filings had a change in their collective ownership, as depicted in the

Organizational Charts submitted as part of the Supplement.

Specifically, before the Transactions, the institutional investors collectively owned a total of 36.46% of the common equity in Venture Global, with no single institutional investor holding 10% or more.

After the Transactions, Venture Global became a wholly-owned subsidiary of a new Delaware corporation named Venture Global Holdings, Inc. (VG Holdings). Additionally, the institutional investors now own a total of 16.21% of the common equity in VG Holdings,<sup>1</sup> with funds managed and/or controlled by Pacific Investment Management LLC (PIMCO) owning 15.10%,<sup>2</sup> and other passive institutional investors together owning the remaining 1.11%.<sup>3</sup> Venture Global further states that the PIMCO ownership interest creates a rebuttal presumption of control under DOE's Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures)<sup>4</sup> but, according to Venture Global, that presumption should be deemed rebutted because of the passive nature of PIMCO's investment.

The remaining 83.79% of the common equity of VG Holdings is owned by the Principals, Robert B. Pender and Michael A. Sabel. Venture Global states that the Principals moved up a level in the corporate structure and now hold their ownership interest in a new entity named Venture Global Partners II, LLC, which remains 50% owned and controlled by each of the two Principals. However, the internal corporate reorganization resulting from the Transactions is described for completeness only and is not subject to this Notice.<sup>5</sup>

<sup>1</sup> The Supplement provides these updated ownership percentages.

<sup>2</sup> Venture Global states that, as a result of that interest in VG Holdings, PIMCO indirectly owns that same 15.10% ownership in the equity of each of the Authorization Holders—Calcasieu Pass, Plaquemines LNG, and CP2 LNG—though its ownership of Calcasieu Pass will be reduced to approximately 11.56% when Stonepeak's preferred interests in Calcasieu Pass Holdings, LLC convert into common units upon the commercial operation date of the Calcasieu Pass Project.

<sup>3</sup> According to Venture Global, these passive institutional investors are comprised of a number of U.S. institutional and related investors with no power to direct the management or policies of Venture Global.

<sup>4</sup> 79 FR 65541 (Nov. 5, 2014).

<sup>5</sup> DOE has previously found that the CIC Procedures apply only to external transfers or assignments, not to internal corporate reorganizations. See, e.g., *Port Arthur LNG, LLC*, Notice of Internal Corporate Reorganization, Docket Nos. 15–53–LNG, *et al.* (Apr. 11, 2019) (noting that DOE's Change in Control Procedures, 79 FR 65541,

Venture Global further states that, after the Transactions, the Principals continue to retain the sole right to control and direct the management and policies of Venture Global and thus each of the Authorization Holders (other than Stonepeak's rights with regard to Calcasieu Pass detailed in the filing submitted on September 6, 2019).

In sum, this Notice applies only to the portion of the Notification related to the institutional investors, with PIMCO now owning 15.10% of VG Holdings' common equity. Additional details can be found in the Notification and Supplement, posted on the DOE website at: <https://www.energy.gov/sites/default/files/2023-10/10.24.23.Venture%20Global%20LNG%20DOE%20notification%20re.%20Corp%20Reorganization.pdf>. <https://www.energy.gov/sites/default/files/2023-11/Supplement%20to%20NOCC%2011.02.2023.pdf>.

#### DOE Evaluation

DOE will review the Notification and Supplement in accordance with its CIC Procedures.<sup>6</sup> Consistent with the CIC Procedures, this notice addresses the Authorization Holders' various existing authorizations to export liquefied natural gas (LNG) to countries with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries) and with which trade is not prohibited by Untied States law or policy (non-FTA countries), as identified in the Notification.<sup>7</sup> If no interested person protests the change in control and DOE takes no action on its own motion, the proposed change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorizations inconsistent with the public interest.

focus on "ownership or management of the exporting entity chang[ing] hands, resulting in a change in control . . .").

<sup>6</sup> See *infra* note 4.

<sup>7</sup> Venture Global's Notification also applies to: (1) the Authorization Holders' various existing authorizations to export LNG to FTA countries, and (2) the Authorization Holders' various pending applications to export LNG to non-FTA countries, as identified in the Notification. DOE will respond to those portions of the Notification separately pursuant to the CIC Procedures, 79 FR 65542.

#### Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer the Notification and Supplement.<sup>8</sup> Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in the Notification and Supplement. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590, including the service requirements.

Filings may be submitted using one of the following methods:

(1) Submitting the filing electronically at [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov);

(2) Mailing the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section; or

(3) Hand delivering the filing to the Office of Regulation, Analysis, and Engagement at the address listed in the **ADDRESSES** section.

For administrative efficiency, DOE prefers filings to be filed electronically. All filings must include a reference to "Docket Nos. 13–69–LNG, *et al.*" in the title line, or "Venture Global LNG Change in Control" in the title line.

*For electronic submissions:* Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner.

The Notification, Supplement, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically on the DOE website at: [www.energy.gov/fecm/regulation](http://www.energy.gov/fecm/regulation).
