SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Recruiting, Retaining, and Promoting Servicemembers who

Identify as Hispanic or Latino/Latina; OMB Control Number: 0704–RPSS.

Needs and Uses: Over the last several years, the Department of Defense (DoD) has been concerned about the force's ethnic composition due to underrepresentation of Hispanic servicemembers in the senior grades across the Services. The National Defense Authorization Act for Fiscal Year 2022 (NDAA FY22), Section 572, also requires a study focused on the recruitment, retention, and promotion of servicemembers identifying as Hispanic. To address these items covered by the NDAA FY22, OUSD (P&R) Office for Diversity, Equity, and Inclusion (ODEI) has contracted with CNA to conduct a study to identify and address gaps in DoD's understanding of the recruitment, retention, and career progression of Hispanic servicemembers; evaluate past efforts and initiatives by DoD and the Services aimed at increasing Hispanic representation; and identify key lessons learned or best practices that should inform future initiatives. As part of this study, CNA will conduct Service-specific in-person and virtual focus groups with Active Duty Servicemembers in the Marine Corps, Army, Navy, Air Force, and Space Force. The voluntary focus groups will inquire about focus group participants' opinions and experiences based on their military careers. The purpose of the focus groups is to better understand the challenges that Servicemembers face in recruiting, retention, and promotion, especially for those who identify as Hispanic or Latino/Latina.

Additionally, Florida International University (FIU), a subcontractor to CNA on this study, will conduct a survey among eligible members of the general Hispanic population who are registered to vote in the United States, analyze the survey data, and produce a report detailing findings and recommendations for ODEI. The intent of the survey is to examine factors that influence the U.S. Hispanic population's perceptions of military service in the U.S. Armed Services and to identify the root causes for the notable disparity in the recruitment, retention, and promotion of Servicemembers who identify as Hispanic. Participation in the survey will be voluntary.
