FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Tracy Rindzius, (202) 453-7403.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the

respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Comprehensive Literacy Program Evaluation; Comprehensive Literacy State Development (CLSD) Program Evaluation.

OMB Control Number: 1850–0945.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: Individuals or Households; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 612.

Total Estimated Number of Annual Burden Hours: 331.

Abstract: The Institute of Education Sciences within the U.S. Department of Education requests an extension of the Comprehensive Literacy Program Evaluation: Comprehensive Literacy State Development Grant Program (1850–0945, approved on February 26, 2021). The extension is to complete the collection of state administrative data. The extension is needed because the state administrative data for the 2022–23 school year will not be ready to collect prior to the February 29, 2024 expiration date in all 13 CLSD grantee states. No material change in the collection instrument, instructions, frequency of collection, or use of information is being requested.

The Comprehensive Literacy State Development (CLSD) Program Evaluation was mandated by Congress. The CLSD evaluation includes an examination of implementation, a randomized trial to estimate the impact of CLSD funding on teacher and student outcomes, and a longitudinal comparison of trends in achievement in CLSD and similar, non-CLSD schools. With the exception of the state administrative data collection—for which this extension is being requested—all other data collection for the study previously approved (including state interviews, district, school leader, and teacher surveys) have been completed.

Dated: December 14, 2023.

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
