#### Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10883 American Dental Association (ADA) Dental Claim Form  
CMS-R-64 Indirect Medical Education and Direct Graduate Medical Education  
CMS-10396 Medication Therapy Management Program Improvements—Standardized Format

Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR

1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

### Information Collection

1. *Type of Information Collection Request:* New collection; *Title of Information Collection:* American Dental Association (ADA) Dental Claim Form; *Use:* Medicare has traditionally accepted the Professional (CMS–1500/837P transaction) and Institutional (UB04/837I transaction) claims forms to provide payment for Medicare-covered services. The Centers for Medicare & Medicaid Services (CMS) now plans to allow providers to submit Medicare-covered dental services on the dental claim form, a similar information collection as the already-approved professional and institutional claim forms. The ADA Dental Claim Form will be used to deliver information from dental providers to CMS to reimburse for provided dental services. Medicare Part B MACs will use the data collected on the ADA dental form to determine the proper amount of reimbursement for Part B dental services provided to Medicare beneficiaries. Submission of information on the ADA Dental Claim Form and associated HIPAA-standard 837D transaction format permits Medicare Part B MACs to receive consistent data for proper benefit payment. *Form Number:* CMS–10883 (OMB control number: 0938–New); *Frequency:* Occasionally; *Affected Public:* Private sector, Businesses and other for-profits; *Number of Respondents:* 50,000; *Total Annual Responses:* 50,000; *Total Annual Hours:* 12,500. (For policy questions regarding this collection contact Charlene Parks at 410–786–8684.)

2. *Type of Information Collection Request:* Reinstatement without change of a previously approved collection; *Title of Information Collection:* Indirect Medical Education and Direct Graduate Medical Education; *Use:* Section 1886(d)(5)(B) of the Social Security Act requires additional payments to be made under the Medicare Prospective Payment System (PPS) for the indirect medical educational costs a hospital

incurs in connection with interns and residents (IRs) in approved teaching programs. In addition, title 42, part 413, sections 75 through 83 implement section 1886(d) of the Act by establishing the methodology for Medicare payment for the costs of direct graduate medical educational activities.

The information collected on IRs is used by Part-A Medicare Administrative Contractors (MAC) to verify the number of IRs FTE used in the calculation of Medicare payments for IME and GME. The IR data submitted by the hospitals to the MACs is uploaded into CMS' Intern and Resident Information System (IRIS) database to identify duplicate FTEs reported for any IR.

The MACs use the information collected on IRs to ensure that all program payments for IME and GME are accurate and are in accordance with Medicare regulations. The IR data submitted by the hospitals to the MACs are used to audit the Medicare cost reports filed by the hospitals. *Form Number:* CMS–R–64 (OMB control number: 0938–0456); *Frequency:* Monthly; *Affected Public:* Private sector and Federal Government; *Number of Respondents:* 1,245; *Total Annual Responses:* 1,245; *Total Annual Hours:* 2,490. (For policy questions regarding this collection contact Owen Osaghae at 410–786–7550.)

3. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Medication Therapy Management Program Improvements—Standardized Format; *Use:* Section 1860D–4(c)(2)(C)(i) of the Act requires plan sponsors to offer MTM services that include an annual CMR with a written summary and action plan provided in a standardized format developed in consultation with stakeholders. This requirement is codified at § 423.153(d)(1)(vii)(D), which requires that the standardized action plan and summary comply with requirements specified by CMS for the standardized format. Components of the CMR summary in Standardized Format should include a cover letter, personalized medication list, and action plan if applicable.

Users include members in a Part D sponsors' plan who are eligible are enrolled in the sponsors' MTM program and offered a CMR. The CMR is a consultation between the MTM provider (such as a pharmacist) with the beneficiary to review their medications. The MTM provider is either an employee/contractor of the plan itself or of a downstream entity contracted by the plan to provide MTM services. After a CMR is performed, the sponsor creates

and sends a summary of the CMR to the beneficiary that includes a medication action plan and personal medication list using the Standardized Format.

Information collected by Part D MTM programs as required by the Standardized Format for the CMR summary is used by beneficiaries or their authorized representatives, caregivers, and their healthcare providers to improve medication use and achieve better healthcare outcomes. *Form Number:* CMS–10396 (OMB control number: 0938–1154); *Frequency:* Yearly; *Affected Public:* Private Sector and Business or other for-profits; *Number of Respondents:* 842; *Total Annual Responses:* 2,382,774; *Total Annual Hours:* 1,588,595.
