

that are difficult to learn through text alone.

To provide context for the impact findings and inform further development of the toolkit, the evaluation will examine teachers' experiences and engagement in toolkit activities, the learning modules completed, challenges encountered and suggested solutions, feedback on areas to improve the toolkit and institutional supports, and the extent to which the professional development in writing instruction received by teachers differs between treatment and control schools. Obtaining feedback on improving the toolkit, regardless of whether the impact findings are positive, is critical to ensure that the toolkit is as useful as possible to districts, schools, and teachers when they implement the evidence-based practices.
