I. Funding Opportunity Description

Purpose of Program: The Formula Grants program provides grants to support local educational agencies (LEAs), Indian Tribes and organizations, and other eligible entities in developing and implementing elementary and secondary school programs that serve Indian students. These funds must be used to support comprehensive programs that are designed to meet the unique cultural, language, and educational needs of American Indian and Alaska Native (AIAN) students and ensure that all students meet challenging State academic standards. The information gathered from the project's final annual performance report (APR) will be utilized to complete OIE's required annual reporting. Specifically, that report covers the Secretary's established performance measures for assessing the effectiveness and efficiency of the Formula Grants program as detailed in this notice.

Integration of Services Authorized: As authorized under section 6116 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), the Secretary will, upon receipt of an acceptable plan for the integration of education and related services, and in cooperation with other relevant Federal agencies, authorize the entity receiving the funds under this program to consolidate all Federal funds that are to be used exclusively for Indian students. Instructions for submitting an integration of education and related services plan are included in EASIE, which is described under *Application and Submission Information* in section IV of this notice.

Note: Under the Formula Grants program, all applicants are required to develop proposed projects in open consultation, including through public hearings to provide a full opportunity to understand the program and to offer recommendations regarding the program
