Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 27, 2023.

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The products within the scope of this investigation are paper shopping bags with handles of any type, regardless of whether there is any printing, regardless of how the top edges are finished (e.g., folded, serrated, or otherwise finished), regardless of color, and regardless of whether the top edges contain adhesive or other material for sealing closed. Subject paper shopping bags have a width of at least 4.5 inches and depth of at least 2.5 inches.

Paper shopping bags typically are made of kraft paper but can be made from any type of cellulose fiber, paperboard, or pressboard with a basis weight less than 300 grams per square meter (GSM).

A non-exhaustive illustrative list of the types of handles on shopping bags covered by the scope include handles made from any materials such as twisted paper, flat paper, yarn, ribbon, rope, string, or plastic, as well as die-cut handles (whether the punchout is fully removed or partially attached as a flap).

Excluded from the scope are:

- Paper sacks or bags that are of a 1/6 or 1/2 barrel size (i.e., 11.5–12.5 inches in width, 6.5–7.5 inches in depth, and 13.5–17.5 inches in height) with flat paper handles or die-cut handles;
- Paper sacks or bags with die-cut handles, a grams per square meter paper weight of less than 86 GSM, and a height of less than 11.5 inches; and
- Paper sacks or bags (i) with non-paper handles made wholly of woven ribbon or other similar woven fabric¹⁵ and (ii) that are finished with folded tops or for which tied knots or t-bar aglets (made of wood, metal, or plastic) are used to secure the handles to the bags.

The above-referenced dimensions are provided for paper bags in the opened position. The height of the bag is the distance from the bottom fold edge to the top edge (i.e., excluding the height of handles that extend above the top edge). The depth of the bag is the distance from the front of the bag edge to the back of the bag edge (typically measured at the bottom of the bag). The width of the bag is measured from the left to the right edges of the front and back panels (upon which the handles typically are located).

This merchandise is currently classifiable under Harmonized Tariff Schedule of the

¹⁵ Paper sacks or bags with handles made of braided or twisted materials, such as rope or cord, do not qualify for this exclusion.

United States (HTSUS) subheadings 4819.30.0040 and 4819.40.0040. The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the scope is dispositive.

Prestressed Concrete Steel Wire Strand From Malaysia: Final Results of Antidumping Duty Administrative Review; 2020–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that prestressed concrete steel wire strand (PC strand) from Malaysia was not sold in the United States at less than normal value during the period of review (POR), November 19, 2020, through May 31, 2022.

DATES: Applicable January 3, 2024.

FOR FURTHER INFORMATION CONTACT: Miranda Bourdeau or Samuel Frost, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482–2021 or (202) 482–8180.

SUPPLEMENTARY INFORMATION:

Background

On July 7, 2023, Commerce published the preliminary results of this administrative review and invited parties to comment on the *Preliminary Results*.¹ This administrative review covers four producers/exporters of PC

strand from Malaysia.² Commerce selected two respondents for individual examination, Kiswire Sdn. Bhd. (KSB) and Wei Dat Steel Wire Sdn. Bhd. (Wei Dat).³ Commerce extended the time period for issuing the final results until December 29, 2023.⁴ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁶

The product covered by this *Order* is PC strand from Malaysia. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). parties, we made certain adjustments to the margin calculations for these final results. However, those adjustments did not result in any changes to the estimated weighted-average dumping margins for KSB or Wei Dat. For a more detailed discussion of these changes, see the Issues and Decision Memorandum.

Rate for Non-Examined Companies

The Act and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

Where the dumping margin for individually examined respondents are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use "any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated."

In this review, we calculated weighted-average dumping margins for KSB and Wei Dat that are zero. Therefore, consistent with section 735(c)(5)(B) of the Act, we are applying to Southern Steel Sdn. Bhd. and Southern PC Steel Sdn. Bhd., the two companies not selected for individual examination in this review, a margin of zero percent.

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margins exist for the period November 19, 2020, through May 31, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
Kiswire Sdn. Bhd	0.00
Wei Dat Steel Wire Sdn. Bhd	0.00
Review-Specific Rate Applicable to the Following Non-Examined Companies	
Southern Steel Sdn. Bhd	0.00
Southern PC Steel Sdn. Bhd	0.00

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**.⁷

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Where the respondent's weighted-average dumping margin is either zero or *de minimis* (*i.e.*, less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Accordingly, because KSB's and Wei Dat's weighted-average dumping margins are zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For entries of subject merchandise during the POR produced by KSB or Wei Dat for which these companies did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate (*i.e.*, 5.13 percent)⁸ if there is no rate for the intermediate company(ies) involved in the transaction.⁹ For the companies which were not selected for individual review, Southern Steel Sdn. Bhd. and Southern PC Steel Sdn. Bhd., we will assign an assessment rate based on the methodology described in the "Rates for Non-Examined Companies" section, above.

We intend to instruct CBP to take into account the "provisional measures deposit cap," in accordance with 19

CFR 351.212(d). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in these final results will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; and (3) the cash deposit rate for all other manufacturers or exporters will continue to be 5.13 percent, the all-others rate established in the less-than-fair-value investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment

of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(2).

Large Power Transformers From the Republic of Korea: Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on large power transformers (LPTs) from the Republic of Korea (Korea) would be likely to lead to continuation or recurrence of dumping

at the levels indicated in the "Final Results of Sunset Reviews" section of this notice.

DATES: Applicable January 3, 2024.

FOR FURTHER INFORMATION CONTACT:

Natasia Harrison or Peter Farrell, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1240 or (202) 482-2104, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2023, Commerce published the notice of initiation of the second sunset review of the AD *Order*¹ on LPTs from Korea, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On September 14, 2023, Commerce received a notice of intent to participate from Hitachi Energy USA, Inc., Prolec-GE Waukesha, Inc., Delta Star Inc., and Pennsylvania Transformer Technology, Inc. (collectively, the domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested parties claimed interested party status under section 771(9)(C) of the Act, as manufacturers of a domestic like product in the United States.

On September 29, 2023, we received a complete substantive response for this review from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ We received no substantive responses from respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the *Order* on LPTs from Korea.

Scope of the Order

The scope of this *Order* covers large liquid dielectric power transformers (LPTs) having a top power handling capacity greater than or equal to 60,000 kilovolt amperes (60 megavolt amperes),

¹ See *Large Power Transformers from the Republic of Korea: Antidumping Duty Order*, 77 FR 53177 (August 31, 2012) (*Order*).

² See *Initiation of Five-Year (Sunset) Reviews*, 88 FR 60438 (September 1, 2023).

³ See Domestic Interested Parties' Letter, "Large Power Transformers from Korea—Domestic Interested Parties' Notice of Intent to Participate," dated September 14, 2023.

⁴ See Domestic Interested Parties' Letter, "Large Power Transformers from the Republic of Korea—Five-Year (Sunset) Review of Antidumping Duty Order—Domestic Interested Parties' Substantive Response to Notice of Initiation," dated September 29, 2023.

whether assembled or unassembled, complete or incomplete. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.⁵

Analysis of Comments Received

All issues raised in this review, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the margins likely to prevail if the *Order* were revoked, are addressed in the accompanying Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. A complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1), and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the AD *Order* on LPTs from Korea would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 29.04 percent.

Administrative Protective Orders

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218.

⁵ See Memorandum, "Issues and Decision Memorandum for the Expedited Second Sunset Review of the Antidumping Duty Order on Large Power Transformers from the Republic of Korea," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).
