Scope of the Order

The products covered by the *Order* are CWP from the UAE. A full description of the scope of *Order* is contained in the Preliminary Decision Memorandum.⁶

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the

public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Rate for Non-Examined Companies

The Act and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others

rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely on the basis of facts available. In this administrative review, we preliminarily calculated weighted-average dumping margins for the mandatory respondents, Conares and Universal, that are not zero, *de minimis*, or based entirely on total facts available. Accordingly, Commerce is preliminarily assigning to the companies not individually examined, listed in the chart below, a margin of 1.06 percent which is the weighted-average of Conares’ and Universal’s calculated weighted-average dumping margins.⁷

Preliminary Results of Review

Commerce preliminarily determines that the following estimated weighted-average dumping margins exist for the period December 1, 2021, through November 30, 2022:

Exporter/producer	Weighted-average dumping margin (percent)
Conares Metal Supply Limited	0.96
Universal Tube and Plastic Industries, Ltd; THL Tube and Pipe Industries LLC; KHK Scaffolding and Framework LLC	1.09

Review-Specific Average Rate Applicable to the Following Companies

Ajmal Steel Tubes & Pipes Ind., L.L.C	1.06
K.D. Industries Inc	1.06
TSI Metal Industries L.L.C	1.06

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days after public announcement of the preliminary results.⁸ Interested parties may submit case briefs or other written comments to Commerce no later than 30 days after the date of publication of this notice.⁹ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for

filing case briefs.¹⁰ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹¹

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total,

including footnotes. In this administrative review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹² Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries

Commerce previously determined that Universal is a single entity consisting of the following three producers/exporters of subject merchandise: Universal Tube and Plastic Industries, Ltd.; KHK Scaffolding and Formwork LLC; and Universal Tube and Pipe Industries LLC. See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Determination of Sales at Less Than Fair Value*, 81 FR 75030 (October 28, 2016), and accompanying Issues and Decision Memorandum. Additionally, we previously determined that THL Tube and Pipe Industries LLC is the successor-in-interest to Universal Tube and Pipe Industries LLC. See *Circular Welded Carbon-Quality Steel Pipe from the United Arab Emirates: Final Results of Antidumping Duty Administrative Review; 2016–2017*, 84 FR 44845 (August 27, 2019).

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Hearing requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5 p.m. eastern time within 30 days after the date of publication of this notice. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Assessment Rates

Upon completion of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.

If a respondent's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹⁴ If the respondent has not reported entered values, we will calculate a per-unit assessment rate for each importer by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity associated with those sales. To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with

19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values. If either of the respondents' weighted average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁵

For entries of subject merchandise during the POR produced by each individually examined respondent for which the producer did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate (5.95 percent) if there is no rate for the intermediate company(ies) involved in the transaction.¹⁶

For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries at the rate established after the completion of the final results of this review.

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹⁷ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash

deposit rate will be zero; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 5.95 percent, the all-others rate established in the LTFV investigation.¹⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless the deadline is otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised by interested parties in the written comments, within 120 days after the date of publication of these preliminary results in the **Federal Register**.¹⁹

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: December 29, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the producers/exporters subject to this administrative review made sales of subject merchandise at less than normal value during the period of review (POR), July 1, 2021, through June 30, 2022. Additionally, Commerce determines that four companies for which we initiated a review had no shipments during the POR.

DATES: Applicable January 8, 2024.

SUPPLEMENTARY INFORMATION:

Background

On April 6, 2023, Commerce published in the *Federal Register* the *Preliminary Results* of the 2021–2022 administrative review¹ of the antidumping duty order on Stainless Steel Sheet and Strip in Coils from Taiwan.² In May 2023, domestic interested parties³ and CME Acquisitions (CME), an importer of the subject merchandise, submitted case and rebuttal briefs.⁴ On December 12,

2023, Commerce extended the time period for issuing the final results of this review until December 29, 2023.⁵ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁶ Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

This review covers 61 producers and/or exporters of the subject merchandise. Commerce selected two companies, Lien Kuo Metal Industries Co., Ltd. (Lien Kuo) and S More Steel Materials Co., Ltd. (S More) for individual examination.⁷ Four companies, Yieh Mau Corporation (Yieh Mau), Yuen Chang Stainless Steel Co., Ltd. (Yuen Chang), and Yieh Phui Enterprise Co., Ltd. (Yieh Phui), and Yieh United Steel Corporation (YUSCO) reported having no shipments during the POR, see “Determination of No Shipments” section below. The remaining producers and/or exporters not selected for individual examination are listed in the “Final Results of the Review” section of this notice.

Scope of the Order

The merchandise subject to the *Order* is certain stainless steel sheet and strip in coils from Taiwan. A complete description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this administrative review are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Final Determination of No Shipments

In the *Preliminary Results*, Commerce preliminarily determined that Yieh Mau Corporation (Yieh Mau), Yieh Phui Enterprise Co., Ltd. (Yieh Phui), Yuen Chang Stainless Steel Co., Ltd. (Yuen Chang), and Yieh United Steel Corporation (YUSCO) made no shipments of subject merchandise into the United States during the POR.⁸ We received no comments from interested parties regarding our preliminary determination and do not have any information on the record to contradict this determination. Therefore, we continue to find that Yieh Mau, Yieh Phui, Yuen Chang, and YUSCO made no shipments of subject merchandise during the POR. Accordingly, consistent with Commerce’s practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of subject merchandise produced by Yieh Mau, Yieh Phui, Yuen Chang, or YUSCO, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.⁹

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, we revised the weighted average margin assigned to the respondents not selected for individual examination.¹⁰ For detailed information, see the Issues and Decision Memorandum.

Rate for Non-Selected Respondents

For the rate assigned to companies not selected for individual examination in an administrative review, generally, Commerce looks to section 735(c)(5) of the Act which provides instructions for calculating the all-others rate in an investigation. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any
