NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NOTICE: 24-002]

Name of Information Collection: NASA Special Events

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by March 11, 2024.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 60 days of publication of this notice to www.reginfo.gov/public/do/PRAMain.

Find this particular information collection by selecting "Currently under 60-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or

copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Bill Edwards-Bodmer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546, phone 757-864-7998, or email hq-ocio-pra-program@mail.nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Aeronautics and Space Administration (NASA) is committed to effectively performing the Agency's communication function in accordance with the Space Act section 203(a)(3) to "provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof," and to enhance public understanding of, and participation in, the nation's space program in accordance with the NASA Strategic Plan. The Space Act of 1958, directs the Agency to expand human knowledge of Earth and space phenomena. Organizing outreach events is one way NASA intends to leverage excitement about the nation's space program and expand human knowledge of Earth and space phenomena. In order to organize effective outreach events and registration opportunities for members of the public, it is necessary to collect information from perspective guests and those that will check-in the guests at events. The NASA Special Events System is a tool to allow invitees to register for and check-in to NASA event opportunities (launch viewing, agency engagements, etc.) in a single location.

II. Methods of Collection

The NASA Special Events tool is a web-based application on a Salesforce platform that enables the NASA OCOMM team to manage guest information, communication, and reporting agency-wide. The intent of using electronic collection techniques is to increase the accuracy of information gathered and to streamline the process for guests and workforce alike.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133–0102.

Title: Truth in Lending (TILA); Regulation Z.

Type of Review: Extension of a previously approved collection.

Abstract: The Truth in Lending Act (TILA) was enacted to foster comparison credit shopping and informed credit decision making by requiring accurate disclosure of the costs and terms of credit to consumers and to protect consumers against inaccurate and unfair credit billing practices. TILA has been revised numerous times since it took effect, notably by passage of the Fair Credit Billing Act of 1974, the Consumer Leasing Act of 1976, the Truth in Lending Simplification and Reform Act of 1980, the Fair Credit and Charge Card Disclosure Act of 1988, and the Home Equity Loan Consumer Protection Act of 1988. Historically, TILA was implemented by the Board of Governors of the Federal Reserve System's (FRB) Regulation Z, 12 CFR part 226. The Dodd-Frank Wall Street Reform and Consumer Protection Act transferred FRB's rulemaking authority for TILA to the Consumer Financial Protection Bureau (CFPB).

Regulation Z contains several provisions that impose information collection requirements: The information collection requirements for open-end credit products; the information collection requirements for closed-end credit; the information collection requirements that apply to both open- and closed-end mortgage credit; the information collection requirements for specific residential mortgage types—namely, reverse mortgages and high cost mortgages with rates and fees above specified thresholds; the information collection requirements for private education loans; and information collection requirements related to Regulation Z's advertising and record retention rules.

The collection of information pursuant to Part 1026 is triggered by specific events and disclosures and must be provided to consumers within the time periods established under the regulation. To ease the compliance cost (particularly for small credit unions), model forms and clauses are appended to the regulation.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 2,906,986.

OMB Number: 3133–0180.

Title: Liquidity and Contingency Funding Plans, 12 CFR 741.12.

Type of Review: Extension of a previously approved collection.

Abstract: Section 741.12 establishes a three-tier framework for FICUs, based on asset size. FICUs with assets under \$50 million must maintain a basic policy, those with assets of \$50 million and over must maintain a contingency funding plan, and those with assets over \$250 million must maintain a contingency funding plan and establish a federal liquidity contingency source. The reviews will conclude if federally insured credit unions are maintaining appropriate liquidity levels for the amount of balance sheet risk exposure and help prevent losses to credit unions and the NCUSIF.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 4,248.

OMB Number: 3133–0186.

Title: Higher-Risk Mortgage Appraisals.

Type of Review: Revision of a currently approved collection.

Abstract: Section 1471 of the Dodd-Frank Act established Truth in Lending section 129H, which contains appraisal requirements applicable to higher-risk mortgages and prohibits a creditor from extending credit in the form of a higher-risk mortgage loan to any consumer without meeting those requirements. A higher-risk mortgage is defined as a residential mortgage loan secured by a principal dwelling with an annual percentage rate that exceeds the average prime offer rate for a comparable transaction as of the date the interest rate is set by certain enumerated percentage point spreads. This statutory requirement is promulgated in 12 CFR part 1026, Regulation Z, by the Bureau of Consumer Financial Protection, the Board of Governors of the Federal Reserve, the Federal Deposit Insurance Corporation, the Federal Housing Finance Authority, the NCUA, and the Office of the Comptroller of the Currency. The information collections are required by statute, are necessary to protect consumers, and promote the safety and soundness of creditors making higher-risk mortgage loans.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Total Annual Burden Hours: 236.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) whether the collection of information is necessary for the proper performance of the function of the

agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By the National Credit Union Administration Board.

Melane Conyers-Ausbrooks,
Secretary of the Board.
