[Docket No. FAA-2023-2116; **Airspace**  
Docket No. 23-AGL-29]

**RIN 2120-AA66**

#### **Amendment of Class E Airspace; Hutchinson, MN**

**AGENCY:** Federal Aviation  
Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends the Class E airspace at Hutchinson, MN. This action is the result of an airspace review conducted due to the decommissioning of the Darwin very high frequency omnidirectional range (VOR) as part of the VOR Minimum Operating Network (MON) Program. The name of the airport is also being updated to coincide with the FAA's aeronautical database. This action brings the airspace into compliance with FAA orders to support instrument flight rule (IFR) operations.

**DATES:** Effective 0901 UTC, March 21, 2024. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

**ADDRESSES:** A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at [www.regulations.gov](http://www.regulations.gov) using the FAA Docket number. Electronic retrieval help and guidelines are

available on the website. It is available 24 hours each day, 365 days each year.

#### **SUPPLEMENTARY INFORMATION:**

##### **Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the Class E airspace extending upward from 700 feet above the surface at Hutchinson Municipal Airport/Butler Field, Hutchinson, MN, to support IFR operations at this airport.

##### **History**

The FAA published an NPRM for Docket No. FAA-2023-2116 in the **Federal Register** (88 FR 76153; November 6, 2023) proposing to amend the Class E airspace at Hutchinson, MN. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the

proposal to the FAA. No comments were received.

##### **Incorporation by Reference**

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023. FAA Order JO 7400.11H is publicly available as listed in the **ADDRESSES** section of this document. These amendments will be published in the next update to FAA Order JO 7400.11.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

##### **The Rule**

This amendment to 14 CFR part 71 modifies the Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile (decreased from a 6.6-mile) radius of Hutchinson Municipal Airport/Butler Field, Hutchinson, MN; and updates the name (previously Hutchinson Municipal Airport-Butler Field) of airport to coincide with the FAA's aeronautical database.

##### **Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when

promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

#### Modification of Class E Airspace; Minden-Tahoe Airport, Minden, NV; Correction

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule; correction.

**SUMMARY:** The FAA is correcting a final rule that published in the **Federal Register** on December 22, 2023. The final rule modified Class E airspace extending upward from 700 feet above the surface at Minden-Tahoe Airport, Minden, NV. This action corrects an error in the airspace legal description.

**DATES:** Effective 0901 UTC, March 21, 2024. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.11, Airspace Designations and Reporting Points, and publication of conforming amendments.

#### SUPPLEMENTARY INFORMATION:

##### History

The FAA published a final rule in the **Federal Register** (88 FR 88528; December 22, 2023) for Docket FAA–2023–1006, which modified Class E airspace extending upward from 700 feet above the surface at the Minden-Tahoe Airport, Minden, NV. Subsequent to publication, the FAA identified that line one of the Class E airspace legal description contained the two-letter abbreviation for the state as “CA”, which was incorrect. The two-letter abbreviation of the state in line one of the legal description should be “NV”. This action corrects the error.

#### Correction to the Final Rule

In FR Doc 2023–28228 at 88529, published in the **Federal Register** on December 22, 2023, the FAA makes the following corrections:

■ 1. On page 88529, in the second column, correct the first line of the legal description for E5 Minden, NV to read as follows:

**AWP NV E5 Minden, NV [Corrected]**

Issued in Des Moines, Washington, on January 5, 2024.
