Projects Abstract Summary, OMB Control No. 4040–0019

Description of the need for the information and proposed use: HUD is required by 2 CFR 200.204 to publicly announce the availability of discretionary awards that are competed.

To ensure grants and cooperative agreements are awarded to applicants best suited to perform the functions of the awards, applicants are generally required to perform two pre-award steps, the submission of the application and the negotiation of the individual award terms. The first part of HUD’s funding applications consists of submitting the Standard Form 424 (SF–424), “Application for Federal Assistance” along with mandatory and optional standard government-wide and HUD forms. The burden associated with these government-wide forms are reflected in separate OMB-sponsored government-wide information collections and are not reflected in this collection.

After the applicants have been selected as part of an objective competition process, HUD usually requires negotiation between HUD and the selected applicant to determine the terms of the award. A technical proposal (or technical submission) is required during the negotiation process. The technical proposal demonstrates the selected applicant’s capabilities in accordance with the application or statement of work submitted with the application and/or selection criteria and other related information as specified in the funding announcement.

The provisions of 2 CFR 200.207 instruct Federal agencies to comply with the requirements of 5 CFR part 1320, “Controlling Paperwork Burdens on the Public,” with regard to all forms or collection of additional information used by HUD in place of or as a supplement to the SF–424 series.

Respondents: Applicants for HUD’s competitively funded financial assistance programs.

Information Collection/Form Number: SF 424 (4040–0004); SF–424B (4040–0007); SF–424D (4040–0009); SF 424A (4040–0006); SF–424C (4040–0008); SF LLL (4040–0013); Lobbying Form (4040–0013); Project Abstract Summary (4040–0019); HUD–424B; HUD–424CB

(2501–0017); HUD–424CBW (2501–0017); HUD–424M (2501–0017); HUD–2880 (2501–0017); HUD–50070; Rural Partners Network (RPN) Community Networks (CN) Certification Form and Instructions; HUD 50153 (2501–0033); HUD 2991; HUD 2993; and Program specific requirements and rating factors (narrative and other attachments).

Estimated Number of Respondents: HUD bases the following estimates on historical experience. HUD’s average of 45 funding announcements per fiscal year will fall under this generic request, plus an expected average of 10 NOFOs derived from supplemental funding enacted outside of the regular appropriations process. Additionally, the Department projects that it will receive approximately 30,000 applications annually.

Frequency of Response: Refer to Table 1.

Responses per Annum: Refer to Table 1.

Average Burden Hours per Response: HUD estimates it takes an average of 60 working hours to prepare and submit an application in grants.gov in response to a funding announcement. For applications submitted through *esnaps.gov*, HUD estimates it takes an average of 100 working hours, including completing the registration in *esnaps.hud.gov*, preparing and submitting an application and technical submission, and proper storage of records.

Total Estimated Burdens: For purposes of this information collection request, the HUD has used the average hourly earnings of a Project Management Specialist (\$48.85 per hour) to monetize the value of respondent time. Therefore, the burden for these reporting activities is as follows using average response times:

30,000 applications * 160 hours * 1.2 frequency = 5,760,000 hours
 5,760,000 hours * \$48.85 = \$281,376,000

HUD bases the following estimates on historical experience. HUD estimates it takes an average of 30 working hours for HUD to complete its pre-award activities associated with competitive applications, including parts 1 and 2 of the pre-award process. This includes activities related to proper storage of related records. For purposes of this information collection request, HUD has used a GS 13 step 5 rate (\$51.25 per hour) to monetize the value of HUD time. Therefore, the burden for pre-award activities is as follows using average response times:

30,000 applications * 30 hours * 1.2 frequency = 1,080,000 hours
 1,080,000 hours * \$51.25 = \$55,350,000

If the Department incurs any unique start-up or operational and maintenance costs with the collection of information covered by this ICR, HUD will include them on the request to OMB.
