Title: Application and Training Agreement for Apprenticeship and On-the-Job Training Programs, VA Forms 22-8864 and 22-8865.

OMB Control Number: 2900-0342.

Type of Review: Revision of a currently approved collection.

Abstract: The Training Agreement, VA Form 22-8864 is no longer being submitted to VA, therefore it no longer needs an OMB approval. VA mostly requires employers with OJT or Apprenticeship programs approved for VA benefits to provide a training agreement to prospective Veterans using VA benefits while training with their company. The 22-8864 has always been an option for these employers to use if they didn't have their own training agreement or use one from their state department of labor. Employers used to

submit a copy of the VA Form 22-8864 or their own as a condition of the Veteran receiving VA benefits. The employer is still required to provide a training agreement to their trainees, but VA no longer collects it as a condition of paying EDU benefits.

The Employer's Application to Provide Job Training, VA Form 22-8865 (or the equivalent tool provided by the SAAs) is used to ensure that training programs meet the statutory and regulatory requirements for approval.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 88 FR 76278 on Monday, November 6, 2023, pages 76278 and 76279.

Affected Public: Individuals and Households.

Estimated Annual Burden: 1,710 hours.

Estimated Average Burden Time per Respondent: 90 minutes.

Frequency of Response: Once.

Estimated Number of Respondents: 1,140.

By direction of the Secretary.

Maribel Aponte,
 VA PRA Clearance Officer, Office of Enterprise and Integration, Data Governance Analytics, Department of Veterans Affairs.
