SUPPLEMENTARY INFORMATION:**I. Abstract**

The Infrastructure Investment and Jobs Act, 2021 ("Infrastructure Act" or "Act"), which was adopted on

November 15, 2021, and is also known as the Bipartisan Infrastructure Law, provided \$65 billion of funding for programs to close the digital divide and ensure that all Americans have access to affordable, reliable, high-speed internet. NTIA administers six broadband connectivity grant programs funded by the Act, including the State Digital Equity Planning Grant Program ("Planning Grant Program") and the State Digital Equity Capacity Grant Program ("Capacity Grant Program"). The Planning Grant Program provides federal funding for grants to eligible applicants for the purpose of developing Digital Equity Plans. Through these Plans, entities will, among other things, identify barriers to digital equity in the State and strategies for overcoming those barriers. The Capacity Grant Program will provide federal funding to eligible applicants for the purpose of implementing the State Digital Equity Plans and pursuing digital inclusion activities consistent with the State Digital Equity Plan. In addition, the Capacity Grant Program will provide new federal funding for grants to Indian Tribes, Alaska Native entities, and Native Hawaiian organizations ("Native Entities") to undertake digital equity planning activities and implement digital inclusion activities, consistent with the Planning Grant Program and the Capacity Grant Program.

NTIA will use the information collected from each Native Entity applicant to effectively review the proposed applications and budgets of Indian Tribes, Alaska Native entities, and Native Hawaiian organizations applying for funding under the Digital Equity Planning and Capacity Programs.

II. Method of Collection

NTIA will collect data through both electronic and mail submission.
