BILLING CODE 4162-20-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2024-0003]

Assistance to Firefighters Grant Program

AGENCY: Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS).

ACTION: Notice.

SUMMARY: Pursuant to the Federal Fire Prevention and Control Act of 1974, as amended, the Administrator of FEMA is publishing this notice describing the fiscal year (FY) 2023 Assistance to Firefighters Grant (AFG) program application process, deadlines, and award selection criteria. This notice explains the differences, if any, between these guidelines and those recommended by representatives of the national fire service leadership during the annual meeting of the Criteria Development Panel (CDP), which was held July 18-19, 2023. The application period for the FY 2023 AFG Program is Jan. 29, 2024-March 8, 2024, and was announced on the FEMA AFG Program website at <https://www.fema.gov/grants/preparedness/firefighters>, as well as at <https://www.grants.gov>.

DATES: Grant applications for the FY 2023 AFG Program are being accepted electronically through the FEMA Grant Outcomes (FEMA GO) system at <https://go.fema.gov/>, through 5 p.m. ET on March 8, 2024.

ADDRESSES: DHS/FEMA/GPD, Assistance to Firefighters Grants Branch, 400 C St. SW, 3N, FEMA Headquarters, Washington, DC 20472-3635.

FOR FURTHER INFORMATION CONTACT: Paul Parsons, Chief, Assistance to Firefighters Grants Branch, 1-866-274-0960 or FireGrants@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The AFG program awards grants directly to fire departments, nonaffiliated emergency medical service (EMS) organizations, and state fire training academies (SFTA) for enhancing the health and safety of first responders and improving their abilities to the public from fire and fire-related hazards. Applications for the FY 2023 AFG program are submitted and processed online through <https://go.fema.gov/>. Before the application period started, the FY 2023 AFG Program Notice of Funding Opportunity was published on FEMA's AFG Program website at <https://www.fema.gov/grants/preparedness/firefighters/assistance-grants>. The AFG Program website provides additional information and materials useful for FY 2023 AFG Program applicants, including a Fact Sheet, Frequently Asked Questions, Application Checklist, AFG Narrative Development Toolkit, Self-Evaluation Sheets for Vehicle Acquisition and Operations Safety, and a Cost-Share Calculator. Based on past AFG Program application periods, FEMA anticipates receiving 8,000 to 10,000 AFG applications this year and available funding will support approximately 2,000 grant awards.

Congressional Appropriations

For the FY 2023 AFG program, Congress appropriated \$360 million through the Department of Homeland Security Appropriations Act, 2023, Public Law 117-328. From this amount, \$324 million will be made available for FY 2023 AFG Program awards. In addition, section 33 of the Federal Fire Prevention and Control Act of 1974, as amended (15 U.S.C. 2229), requires that a minimum of 10% of available funds be expended for Fire Prevention and Safety (FP&S) Program grants. FP&S Program awards will be made directly to local fire departments and to local, regional, state, or national entities recognized for their expertise in the fields of fire prevention and firefighter safety research and development. The funds

appropriated for FY 2023 are available for obligation and award until Sept. 30, 2024.

The Federal Fire Prevention and Control Act of 1974 further directs FEMA to administer these appropriations according to the following requirements:

- *Career fire departments:* Not less than 25% of available grant funds.
- *Volunteer fire departments:* Not less than 25% of available grant funds.
- *Combination fire departments and departments using paid-on-call firefighting personnel:* Not less than 25% of available grant funds.
- *Open competition (career, volunteer, and/or combination fire departments and departments using paid-on-call firefighting personnel):* Not less than 10% of available grant funds awarded.
- *EMS providers including fire departments and nonaffiliated EMS organizations:* Not less than 3.5% of available grant funds awarded.
- *Nonaffiliated EMS providers:* Not more than 2% of the total available grant funds.
- *SFTAs:* Not more than 3% of available grant funds shall be collectively awarded to SFTA applicants, with a maximum of \$500,000 per applicant.
- *Vehicles:* Not more than 25% of available grant funds may be used for the purchase of vehicles; by policy and based on recommendations, FEMA intends to dedicate 10% of those vehicle funds for ambulances.
- *Micro grants:* This is a voluntary funding limitation choice made by the applicant for requests submitted within the operations and safety activity. It is not an additional funding opportunity. Micro grants are awards that have a Federal participation (share) that does not exceed \$50,000. Applicants that select micro grants may receive additional consideration for award. If an applicant selects micro grants in their application, they will be limited in the total amount of funding their organization can be awarded. If they are requesting funding in excess of \$50,000 Federal participation, they should not select micro grants.

Background of AFG

Since 2001, AFG has awarded approximately \$8.4 billion in grant funding to help firefighters and other first responders obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect the public and emergency personnel from fire and fire-related hazards. FEMA awards grants on a competitive basis to the applicants
