

information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be

marked "late." EPA is not required to consider these late comments.

**Gautam Srinivasan,**

*Associate General Counsel.*

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPPT-2023-0098; FRL-10582-09-OCSPP]

### Certain New Chemicals or Significant New Uses; Statements of Findings for November 2023

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Toxic Substances Control Act (TSCA) requires EPA to publish in the **Federal Register** a statement of its findings after its review of certain TSCA submissions when EPA makes a finding that a new chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment. Such statements apply to premanufacture notices (PMNs), microbial commercial activity notices (MCANs), and significant new use notices (SNUNs) submitted to EPA under TSCA. This document presents statements of findings made by EPA on such submissions during the period from November 1, 2023, to November 30, 2023.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPPT-2023-0098, is available online at <https://www.regulations.gov> or in-person at the Office of Pollution Prevention and Toxics Docket (OPPT Docket), Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:**

*For technical information contact:* Rebecca Edelstein, New Chemical Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001;

telephone number: (202) 564-1667; email address: [edelstein.rebecca@epa.gov](mailto:edelstein.rebecca@epa.gov).

*For general information contact:* The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: [TSCA-Hotline@epa.gov](mailto:TSCA-Hotline@epa.gov).

## SUPPLEMENTARY INFORMATION:

### I. Executive Summary

#### A. Does this action apply to me?

This action provides information that is directed to the public in general.

#### B. What action is the Agency taking?

This document lists the statements of findings made by EPA after review of submissions under TSCA section 5(a) that certain new chemical substances or significant new uses are not likely to present an unreasonable risk of injury to health or the environment. This document presents statements of findings made by EPA during the reporting period.

#### C. What is the Agency's authority for taking this action?

TSCA section 5(a)(3) requires EPA to review a submission under TSCA section 5(a) and make one of several specific findings pertaining to whether the substance may present unreasonable risk of injury to health or the environment. Among those potential findings is that the chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment per TSCA Section 5(a)(3)(C).

TSCA section 5(g) requires EPA to publish in the **Federal Register** a statement of its findings after its review of a submission under TSCA section 5(a) when EPA makes a finding that a new chemical substance or significant new use is not likely to present an unreasonable risk of injury to health or the environment. Such statements apply to PMNs, MCANs, and SNUNs submitted to EPA under TSCA section 5.

Anyone who plans to manufacture (which includes import) a new chemical substance for a non-exempt commercial purpose and any manufacturer or processor wishing to engage in a use of a chemical substance designated by EPA as a significant new use must submit a notice to EPA at least 90 days before commencing manufacture of the new chemical substance or before engaging in the significant new use.

The submitter of a notice to EPA for which EPA has made a finding of "not likely to present an unreasonable risk of

injury to health or the environment” may commence manufacture of the chemical substance or manufacture or processing for the significant new use notwithstanding any remaining portion of the applicable review period.

*D. Does this action have any incremental economic impacts or paperwork burdens?*

No.

## II. Statements of Findings Under TSCA Section 5(a)(3)(C)

In this unit, EPA provides the following information (to the extent that such information is not claimed as Confidential Business Information (CBI) on the PMNs, MCANs and SNUNs for which, during this period, EPA has made findings under TSCA section 5(a)(3)(C) that the new chemical substances or significant new uses are not likely to present an unreasonable risk of injury to health or the environment:

The following list provides the EPA case number assigned to the TSCA section 5(a) submission and the chemical identity (generic name if the specific name is claimed as CBI).

- P-23-0077, Alkanepolyoxy acid, alkyl substituted (Generic Name).

To access EPA’s decision document describing the basis of the “not likely to present an unreasonable risk” finding made by EPA under TSCA section 5(a)(3)(C), look up the specific case number at <https://www.epa.gov/reviewing-new-chemicals-under-toxic-substances-control-act-tsca/chemicals-determined-not-likely>.

*Authority:* 15 U.S.C. 2601 *et seq.*

Dated: January 16, 2024.

**Shari Z. Barash,**

*Acting Director, New Chemicals Division,  
Office of Pollution Prevention and Toxics.*

## ENVIRONMENTAL PROTECTION AGENCY

[RCRA-02-2024-7301; FRL-11630-01-R2]

### Proposed Settlement Agreement Pursuant to RCRA, CERCLA and the Authority of the Attorney General of the United States To Compromise and Settle Claims for the Former SCPC Facility, St. Croix, United States Virgin Islands

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice and request for public comment.

**SUMMARY:** In accordance with the Solid Waste Disposal Act, as amended (commonly referred to as RCRA), and the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), notice is hereby given by the U.S. Environmental Protection Agency (“EPA”), Region 2, of a proposed settlement agreement (“Settlement”) pursuant to RCRA and CERCLA with St. Croix Petrochemical Corporation (“SCPC”) (“Settling Party”) related to the former SCPC manufacturing facility that operated in the past on a portion of the former HOVENSA refinery (“SCPC Facility”) in St. Croix, United States Virgin Islands (“USVI”).

**DATES:** Comments must be submitted on or before February 21, 2024.

**ADDRESSES:** *Reviewing Proposed Settlement:* The proposed Settlement can be viewed online at <https://www.epa.gov/ny/proposed-settlement-agreement-former-scpc-facility-st-croix-united-states-virgin-islands>. A copy of the proposed Settlement may also be obtained from the EPA contact person identified below. Submission of comments must be via electronic mail to [vargas.ricardito@epa.gov](mailto:vargas.ricardito@epa.gov). Comments should reference the SCPC Settlement, St. Croix, USVI, Index No. RCRA-02-2024-7301. For those unable to communicate via electronic mail please contact the EPA employee identified below.

**FOR FURTHER INFORMATION CONTACT:** Ricardito Vargas, Land and Redevelopment Programs Branch, Region 2, U.S. Environmental Protection Agency, 290 Broadway, 25th Floor, New York, NY 10007-1866. Email: [vargas.ricardito@epa.gov](mailto:vargas.ricardito@epa.gov). Telephone: 212-637-3703.

**SUPPLEMENTARY INFORMATION:** This Settlement would resolve the liability of SCPC for soil and groundwater contamination related to its former paraxylene manufacturing facility, a 20-acre portion of the former HOVENSA refinery in St. Croix. This Settlement would be contemporaneously finalized and become effective with a companion settlement between SCPC and the Hovensa Environmental Response Trust (“ERT”). The ERT was established during the HOVENSA, LLC bankruptcy proceedings, to, among other things, implement RCRA corrective measures at the former HOVENSA facility. Under both settlement agreements, SCPC would transfer its remaining assets of approximately \$1.7 million to the ERT to help fund remediation of contamination caused by SCPC at the former HOVENSA facility. This

payment would be made within 60 days of the Effective Date of the Settlement. The Settlement includes a covenant by EPA not to sue SCPC under sections 3013 and 7003 of RCRA and sections 106 and 107(a) of CERCLA regarding the SCPC Facility, contingent upon SCPC transferring its remaining assets to the ERT. For thirty (30) days following the date of publication of this notice, EPA will receive written comments relating to the Settlement. EPA and the United States Department of Justice will consider all comments received and may modify or withdraw consent to the Settlement if comments received disclose facts or considerations that indicate that the proposed Settlement is inappropriate, improper, or inadequate. The response to any comments can be viewed online at <https://www.epa.gov/ny/proposed-settlement-agreement-former-scpc-facility-st-croix-united-states-virgin-islands>. A copy of the response to comments may be obtained from the EPA contact person identified above. Commenters may request an opportunity for a public meeting in the affected area in accordance with section 7003(d) of RCRA, 42 U.S.C. 6973(d).
