#### Proposed Data Collection Submitted for Public Comment and Recommendations

**AGENCY:** Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

**ACTION:** Notice with comment period.

**SUMMARY:** The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a continuing information collection, as required by the Paperwork Reduction

Act of 1995. This notice invites comment on a proposed information collection project titled Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery. This data collection is designed to help CDC collect routine customer feedback on agency service delivery.

**DATES:** CDC must receive written comments on or before March 25, 2024.

**ADDRESSES:** You may submit comments, identified by Docket No. CDC-2024-0002 by either of the following methods:

*Instructions:* All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to [www.regulations.gov](http://www.regulations.gov).

*Please note:* Submit all comments through the Federal eRulemaking portal ([www.regulations.gov](http://www.regulations.gov)) or by U.S. mail to the address listed above.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329; Telephone: 404-639-7570; Email: [omb@cdc.gov](mailto:omb@cdc.gov).

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of

information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected;
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and
5. Assess information collection costs.

**Proposed Project**

Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery (OMB Control No. 0920-1071, Exp. 5/31/2024)—Extension—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

*Background and Brief Description*

CDC/NCEZID is seeking a three-year Extension of OMB Control No. 0920-1071 to continue collecting routine customer feedback on agency service delivery. Executive Order 12862 directs

Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers' needs, the National Center for Emerging and Zoonotic Infectious Diseases, Centers for Disease Control and Prevention (CDC) (hereafter the Agency) seeks to obtain OMB approval of a Generic Clearance to collect qualitative feedback on our service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

This collection of information is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the Agency's programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Since getting approval in May 2021, NCEZID has utilized the 0920-1071 mechanism 15 separate times. In this Extension, CDC requests OMB approval for an estimated 3,850 annual burden hours. There is no cost to respondents other than the time to participate.

BILLING CODE 4163-18-P

**DEPARTMENT OF HEALTH AND  
 HUMAN SERVICES**

**Administration for Children and  
 Families**

**Proposed Information Collection  
 Activity; Generic Clearance for  
 Financial Reports Used for ACF  
 Mandatory Grant Programs (Office of  
 Management and Budget #: 0970-0510)**

**AGENCY:** Administration for Children  
 and Families, U.S. Department of Health  
 and Human Services.

**ACTION:** Request for public comments.

**SUMMARY:** The Administration for  
 Children and Families (ACF) proposes  
 to extend approval of the existing  
 overarching generic clearance for  
 Financial Reports used for ACF  
 Mandatory Grant Programs (OMB  
 #0970-0510) as well as all information  
 collections currently approved under  
 the overarching generic. There are no  
 changes to the proposed types of  
 information collection or uses of data as  
 described in the overarching generic,  
 and there are no changes proposed to  
 currently approved information  
 collections for which we are requesting  
 an extension. Burden estimates for the  
 next 3 years have been adjusted based  
 on use to date.

**DATES:** *Comments due within 60 days of  
 publication.* In compliance with the  
 requirements of the Paperwork  
 Reduction Act of 1995, ACF is soliciting  
 public comment on the specific aspects  
 of the information collection described  
 above.

**ADDRESSES:** You can obtain copies of the  
 proposed collection of information and  
 submit comments by emailing  
*infocollection@acf.hhs.gov*. Identify all

requests by the title of the information  
 collection.

**SUPPLEMENTARY INFORMATION:**

*Description:* ACF programs require  
 detailed financial information from their  
 grantees that allows ACF to monitor  
 various specialized cost categories  
 within each program, to closely manage  
 program activities, and to have  
 sufficient financial information to  
 enable periodic thorough and detailed  
 audits.

The information included on the  
 standard Federal Financial Report Form  
 (SF-425; OMB #4040-0014) provides  
 only minimal, bare-bones, non-program  
 specific financial information  
 insufficient for these purposes. This  
 generic clearance allows ACF programs  
 to efficiently develop and receive  
 approval for financial reports that are  
 tailored to specific funding recipients  
 and the associated needs of the program.  
 This umbrella generic is a mechanism  
 that is available to all ACF mandatory  
 grant programs to use to obtain OMB  
 approval of financial forms. Currently  
 only a small number of ACF's  
 mandatory grant program financial  
 forms are covered under this umbrella;  
 it does *not* cover all ACF mandatory  
 grant program financial forms. Program  
 offices use the information collected  
 under this generic information  
 collection to:

- Monitor program operations and  
 prepare technical assistance and  
 guidance as needed
- Assess the effect of program changes  
 and make informed decision
- Assist in the computation of the grant  
 awards issued to each program's  
 grantees
- Assist in the computation of the Child  
 Support Services program's annual  
 incentive payments
- Determine that child support  
 collections are being properly  
 distributed (Child Support Services  
 Program only)
- Ensure funding recipients are meeting  
 funding requirements established by  
 Congress
- Produce annual financial and  
 statistical reports as may be required

by Congress and respond to periodic  
 detailed inquiries from Congress

ACF may require an information  
 collection approved under this generic  
 from funding recipients to obtain or  
 retain benefits.

Prior to a new form being submitted  
 for review under this umbrella generic,  
 ACF will publish a notice in the **Federal  
 Register** announcing the agency's  
 intention to request an OMB review of  
 the form and providing a 14-day period  
 for public comment on that specific  
 request. ACF will review any comments  
 received and address them as  
 appropriate. ACF will provide a copy of  
 any comments received and will  
 provide a description of how comments  
 were considered in the submission form  
 along with the request package for the  
 individual collection. ACF will then  
 follow standard OMB requirements for a  
 generic information collection and  
 submit a generic information collection  
 request for each individual data  
 collection activity under this generic  
 clearance. Each request will include the  
 individual form(s) and instructions, a  
 summary of any comments received,  
 and a short overview of the proposed  
 purpose and use of the data collected.  
 OMB should review requests within 10  
 days of submission.

*Respondents:* ACF-funded mandatory  
 grant programs.

**Annual Burden Estimates**

Find currently approved information  
 collections here: [https://  
 www.reginfo.gov/public/do/PRAICList?  
 ref\\_nbr=202308-0970-008](https://www.reginfo.gov/public/do/PRAICList?ref_nbr=202308-0970-008). The request  
 to OMB will include an extension  
 request for approved information  
 collections that are planned to continue  
 beyond spring 2024. The current list of  
 ongoing collections follows, but more  
 collections may be approved prior to  
 submission of the extension request to  
 OMB. We will update the list in the  
 subsequent **Federal Register** notice, if  
 needed.
