

to customer service protocols, including technical support?

Question 19. Costs of reporting.

What is the aggregate annual cost to defined contribution and defined benefit plans to submit reports required by ERISA and the Code? Are costs significantly higher for certain reports than others and, if so, which reports, and why? To what extent are such reporting costs paid from plan assets versus from the general assets of the plan sponsor? Commenters are encouraged to provide any data relevant to these questions.

2. Participants, Beneficiaries, and Third Parties—Use of Publicly Available Information and Data

Question 20. Use of reports and data by participants and beneficiaries.

Is there information reported to the Agencies, but not affirmatively required to be furnished by plans to participants and beneficiaries, that might be beneficial to participants and beneficiaries? If so, what information and to what benefit? Could such information be furnished in a cost-effective manner or made available to participants and beneficiaries? If so, please describe these methods and how they could be cost effective. Is there evidence that participants and beneficiaries request to review any reports (or certain information or data) that is reported?

Question 21. Use of reports and data by other entities.

Do any of the reports required by ERISA and the Code fail to collect information that data users other than the Agencies, including the public at large, data aggregators, and participant advocates, would find useful? If so, which reports and information, and how could reports be modified to collect this information in a cost-effective manner? How would this information be used and how would requesting this information benefit retirement plan participants and beneficiaries, plans, or others? What information should be publicly available, and, if so, how might confidentiality, security, or other concerns be managed (e.g., protection of return information as required by Code section 6103)? To what extent do plans and plan service providers give third parties, such as data aggregators and consultants, access to plan data (e.g., plan investment lineups and associated fees, costs, and performance data) that could facilitate the development of analytic tools and comparative analyses that could be used by plan fiduciaries, participants, or beneficiaries to improve retirement outcomes? Are there impediments to the disclosure of useful

plan data to such third parties that are inappropriate or that interfere with the cost-effective delivery of such analytic tools or comparative analyses?

C. Additional Questions

Question 22. Coordination of Agencies' reporting and disclosure requirements.

Would participants, beneficiaries, and plans benefit from increased coordination between the Agencies regarding one or more reporting or disclosure requirements and, if so, how? What steps could the Agencies take to achieve such coordination, for example, which specific disclosures, reports, or information could be effectively harmonized by the Agencies and how could the Agencies do so in a cost-effective manner?

Question 23. Alternative methods for information collection.

SECURE 2.0 section 319(b)(3) explicitly provides that the Agencies may “conduct appropriate surveys and data collection to obtain any needed information.” If this authority were used, what data or information should be collected, and what are cost-effective methods that the Agencies could employ to collect such data or information, for example, by consulting with a balanced group of participant and employer representatives, conducting focus groups, preparing surveys, or holding a joint hearing?

Question 24. Additional information.

Is there any information or are there any suggestions that the Agencies should consider that are not addressed by the questions in this RFI and that may be important to achieve the desired effectiveness of reporting and disclosures as set forth in SECURE 2.0 section 319?

RIN 1625–AA11

Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to amend and update its list of recurring safety zone regulations that take place in the Coast Guard Sector Ohio Valley area of responsibility (AOR). Through this rule the current list of recurring safety zones is proposed to be updated with revisions, additional events, and removal of events that no longer take place. This proposed rule would reduce administrative costs involved in producing separate proposed rules for each individual recurring safety zone and serve to provide notice of the known recurring safety zones throughout the year. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before February 22, 2024.

ADDRESSES: You may submit comments identified by docket number USCG–2023–0904 using the Federal Decision Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email MST2 Bryan Crane, Sector Ohio Valley, U.S. Coast Guard; telephone 502–779–5334, email SECOHV-WWM@USCG.MIL.

 NPRM Notice of proposed rulemaking
 § Section

 AOR Area of Responsibility

II. Background, Purpose, and Legal Basis

The Captain of the Port Sector Ohio Valley (COTP) proposes to amend section 165.801 of Title 33 of the Code of Federal Regulations (CFR) to update our regulations for annual fireworks displays and other events in the Eighth Coast Guard District requiring safety zones with respect to those in Sector Ohio Valley.

The current list of annual and recurring safety zones in Sector Ohio Valley’s area of responsibility (AOR) is published under Table 1 of 33 CFR 165.801 for annual safety zones in the AOR.

The Coast Guard proposes to amend and update the safety zone regulations under 33 CFR part 165 to include the most up to date list of recurring safety zones for events held on or around navigable waters within Sector Ohio Valley’s AOR. These events include air shows, fireworks displays, and other marine related events requiring a

limited access area restricting vessel traffic for safety purposes. The current list in 33 CFR 165.801 needs to be amended to provide new information on existing safety zones, and to include new safety zones expected to recur annually or biannually, and to remove safety zones that are no longer required. Issuing individual regulations for each new safety zone, amendment, or removal of an existing safety zone would create unnecessary administrative costs and burdens. This single proposed rulemaking would considerably reduce administrative overhead and provide the public with notice through publication in the **Federal Register** of the upcoming recurring safety zone regulations.

The Coast Guard encourages the public to participate in this proposed rulemaking through the comment process so that any necessary changes can be identified and implemented in a timely and efficient manner. The Coast Guard will address all public comments

accordingly, whether through response, additional revision to the regulation, or otherwise.

III. Discussion of Proposed Rule

Part 165 of 33 CFR contains regulations establishing limited access areas to restrict vessel traffic for the safety of persons and property. Section 165.801 establishes recurring safety zones to restrict vessel transit into and through specified areas to protect spectators, mariners, and other persons and property from potential hazards presented during certain events taking place in the AOR. This section requires amendment from time to time to properly reflect the recurring safety zone regulations in the AOR. This proposed rule would amend and update § 165.801 by revising the current Table 1.

This proposed rule would add the following 3 safety zones to the existing Table 1 section 165.801 as follows:

Date	Event/sponsor	Ohio Valley location	Regulated area
1 day—First or Second weekend in July	Rivesville Firework Show	Rivesville, WV	Monongahela River, Miles 122–124 (West Virginia).
1 day in August	Wheeling Water Lantern Tribute	Wheeling, WV	Ohio River, Miles 90–92 (West Virginia).
1 day—Labor Day Weekend	Catlettsburg Labor Day Fireworks	Catlettsburg, KY	Ohio River (Mile 317–317.5) Kentucky.

These new recurring events would be reflected in the table in the general date order in which they will occur, and the

current recurring events would be reordered, as shown in the proposed regulatory text below.

This proposed rule would amend the following 2 safety zones to the existing Table 1 section 165.801 as follows:

Date	Event/sponsor	Ohio Valley location	Regulated area	Previously
1 Day—Recurring one week-end in May and June, and on July 4th.	Live on the Levee Fireworks (Previously Live on the Levee Memorial Day fireworks).	Charleston, WV ..	Kanawha River, Mile 58.1–59.1 (West Virginia).	1 Day—Recurring one week-end in May and June, and on July 4th.
23. 1 day—Last weekend in June or first weekend in July.	City of Aurora/Aurora Riverfront Beautification—Red, White, and Boom.	Aurora, IN	Ohio River, Mile 496.7; 1,400 ft. radius from the Consolidated Grain Dock located along the State of Indiana shoreline at (Indiana and Kentucky).	23. 1 day—Last weekend in June or first weekend in July.

The effect of this proposed rule would be to restrict general navigation in the safety zones during the events. Vessels intending to transit the designated waterway through the safety zones would only be allowed to transit the area when the COTP, or a designated representative, has deemed it safe to do so or at the completion of the event. The proposed annually recurring safety zones are necessary to provide for the safety of life on navigable waters during the events.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is

necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

The Coast Guard expects the economic impact of this proposed rule to be minimal, therefore a full regulatory evaluation is unnecessary. This proposed rule would establish safety zones limiting access to certain areas

under 33 CFR part 165 within Sector Ohio Valley's AOR. The effect of this proposed rulemaking would not be significant because these safety zones would be limited in scope and duration. Additionally, the public would be given advance notification through the **Federal Register**, and/or Notices of Enforcement and, thus, will be able to plan operations around the safety zones. Broadcast Notices to Mariners, Local Notices to Mariners, and Safety Marine Information Broadcasts would inform the community of these safety zones. Vessel traffic would be allowed to request permission from the COTP or a designated representative to enter the restricted areas. Broadcast Notices to Mariners, Local Notices to Mariners, and Safety Marine Information Broadcasts would inform the community of these safety zones. Vessel traffic would be allowed to request permission from the COTP or a designated representative to enter the restricted areas.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the

person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal Government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the potential effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which

guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. Normally such actions are categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A preliminary Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments through the Federal Decision Making Portal at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG–2023–0904 in the search box and click “Search.” Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If you cannot submit your material by using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this proposed rule for alternate instructions.

Viewing material in docket. To view documents mentioned in this proposed rule as being available in the docket, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the

Document Type column. Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page. We review all comments received, but we will only post comments that address the topic of the proposed rule. We may choose not to post off-topic, inappropriate, or duplicate comments that we receive.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy

and submissions to the docket in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Proposed Priorities, Requirements, Definitions, and Selection Criteria—Comprehensive Centers Program**AGENCY:** Office of Elementary and Secondary Education, Department of Education.**ACTION:** Proposed priorities, requirements, definitions, and selection criteria.

SUMMARY: The Assistant Secretary for Elementary and Secondary Education proposes priorities, requirements, definitions, and selection criteria under the Comprehensive Centers Program, Assistance Listing Number 84.283B. The Assistant Secretary may use one or more of these priorities, requirements, definitions, and selection criteria for competitions in fiscal year (FY) 2024 and later years. We intend to award grants to establish Comprehensive Centers that provide high-quality capacity-building services to State, regional, and local educational agencies and schools that improve educational opportunities and outcomes, close achievement gaps, and improve the quality of instruction for all students.

DATES: We must receive your comments on or before February 22, 2024.

ADDRESSES: Comments must be submitted via the Federal eRulemaking Portal at www.regulations.gov. However, if you require an accommodation or cannot otherwise submit your comments via www.regulations.gov, please contact the program contact person listed under **FOR FURTHER INFORMATION CONTACT**. To ensure that we do not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

Federal eRulemaking Portal: Please go to www.regulations.gov to submit your comments electronically. Information on using Regulations.gov, including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under “FAQ.”

Privacy Note: The Department’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding the proposed priorities, requirements, definitions, and selection criteria. To ensure that your comments have maximum effect in developing the final priorities, requirements, definitions, and selection criteria, please identify clearly the specific proposed priorities, requirements, definitions, and selection criteria that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866, 13563, and 14094 and their overall requirement of reducing regulatory burden that might result from these proposed priorities, requirements, definitions, and selection criteria. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the program.

During and after the comment period, you may inspect public comments about the proposed priorities, requirements, definitions, and selection criteria by accessing Regulations.gov. To inspect comments in person, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request, we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for these proposed priorities, requirements, definitions, and selection criteria. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Purpose of Program: The Comprehensive Centers Program

supports the establishment of Comprehensive Centers to provide capacity-building services to State educational agencies (SEAs), regional educational agencies (REAs), local educational agencies (LEAs), and schools that improve educational outcomes, close achievement gaps, and improve the quality of instruction for all students, and particularly for groups of students with the greatest need, including students from low-income families and students attending schools implementing comprehensive support and improvement or targeted or additional targeted and improvement activities under section 1111(d) of the Elementary and Secondary Education Act of 1965, as amended (ESEA).

Program Authority: Section 203 of the Educational Technical Assistance Act of 2002 (ETAA) (20 U.S.C. 9601 *et seq.*).

Public Participation: In developing proposed priorities for this program, the Department consulted with education stakeholders, including through Regional Advisory Committees (RACs) established under section 206 of the ETAA, Tribes, chief State school officers, chief executive officers of States, and Regional Educational Laboratory (REL) governing boards.

Tribal Consultation: Consistent with Executive Order 13175 and the Department’s Tribal consultation policy, on January 24, 2023, the Department conducted a Tribal Consultation to gather perspectives from Tribal leaders, including Tribal educational agency (TEA) leaders, to inform the development of the Department’s FY 2024 Comprehensive Center grant competition. More than 150 attendees joined the consultation.

Commenters highlighted the importance of including Tribes in developing Centers’ five-year service plans to carry out authorized activities for the Comprehensive Centers Program. Commenters emphasized Tribal inclusion on Center advisory boards (described in section 203(g) of the ETAA) and participation in annual planning to align goals among SEAs, LEAs, IHEs, and TEAs to generate greater synergy for more meaningful changes and success for Native persons within the educational system.

Tribal leaders broadly affirmed the need for capacity-building services within the areas of focus of the Comprehensive Centers, in the following order of importance: (1) implement and scale up evidence-based programs, practices, and interventions that directly benefit recipients that have disadvantaged students or high percentages or numbers of students from
