ALLETE, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a new license to continue to operate and maintain the Grand Rapids Hydroelectric Project (project). The project is located on the Mississippi River in Itasca County, Minnesota. Commission staff has prepared an Environmental Assessment (EA) for the project.
