SUPPLEMENTARY INFORMATION:

Introduction

Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111-117) requires civilian agencies to prepare an annual inventory of their service contracts. The analyses help inform agency managers whether contractors are being used appropriately or if rebalancing the workforce may be required.

In addition to the agency analyses, the process includes extracting contract data from the Federal Procurement Data System (FPDS) and the System for Award Management (SAM) and the consolidated output file is posted for public use.

The Inventory provides information on service contract actions over \$25,000 that the Department made in FY 2021. The information is organized by function to show how contracted resources are distributed throughout the Department. The Department's analysis of its Service Contract Inventory is summarized in the FY 2021 Service Contract Inventory Report. The 2021 Report was developed in accordance with guidance issued on December 19, 2011, and November 5, 2010, by the Office of Management and Budget's Office of Federal Procurement Policy.

Authority

The authority for this action is the Consolidated Appropriations Act of 2010 (Pub. L. 111-117).

Megan Olsen,

Director, Office of Acquisition and Property Management.

SUPPLEMENTARY INFORMATION: The NPS is the Federal agency tasked by the Secretary of the Interior with administering the National Register of Historic Places (National Register). The revision and reissue of National Register Bulletin 38: Guidelines for Evaluating and Documenting Traditional Cultural Places (TCP Bulletin) is in accordance with the authority provided by the National Preservation Act of 1966 (54 U.S.C. 300101, *et seq.*)(NHPA), and National Register Program regulations (36 CFR part 60). Completion of the project will significantly assist the Federal Advisory Council on Historic Preservation; Native Americans, Native Hawaiians, Native Alaskans; Federal agencies; State and Tribal Historic Preservation Officers; national, State, and local preservation organizations; preservation professionals; and the general public in the implementation of 36 CFR part 60, 36 CFR part 800, and environmental reviews pursuant to 54 U.S.C. 306107 and 306108, and 42 U.S.C. 4321, *et seq.*

With the release of the TCP Bulletin in 1990, the NPS provided guidance for evaluating and documenting places for inclusion in the National Register of Historic Places (National Register) for their historic relationships with traditional cultural communities. The TCP Bulletin was revised and reissued in 1992 to address changes in the NHPA providing that places of traditional religious and cultural importance to Native American Tribes or Native Hawaiian Organizations may be included in the National Register. It was revised and reissued again in 1998 to clarify that Traditional Cultural Places (TCPs) are not a new property type nor an additional level of significance. The TCP Bulletin as published in 1990, and revised in 1992 and 1998, has been an essential resource for evaluating and documenting TCPs. Over the past decades, there have been requests to the NPS for further clarification and expansion of this guidance from Native American Tribes, Native Hawaiian Organizations, State and Tribal Historic
