

importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Saffron for which the company did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others rate (*i.e.*, 572.56 percent)¹⁵ if there is no rate for the intermediate company(ies) involved in the transaction.¹⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication in the **Federal Register** of the notice of the final results of this review for all shipments of mattresses from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Saffron will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate (*i.e.*, 572.56 percent).¹⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) of the Act, and 19 CFR 351.213.

Dated: January 22, 2024.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix—List of Topics Discussed in the Preliminary Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the Order
- IV. Application of Facts Available and Use of Adverse Inferences

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XD666]

South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public scoping meetings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold two public scoping meetings via webinar pertaining to Regulatory Amendment 36 to the Fishery Management Plan (FMP) for the

Snapper Grouper Fishery in the South Atlantic Region. This amendment revises the recreational vessel limits for gag and black grouper and considers necessary regulatory changes to accommodate the use of on-demand gear for the black sea bass pot commercial fishery.

DATES: The scoping meetings will be held via webinar February 12 and 13, 2024, beginning at 6 p.m., EDT. For specific dates and times, see

SUPPLEMENTARY INFORMATION.

ADDRESSES: The meetings will be held via webinar. The webinar is open to members of the public. Information, including a link to webinar registration will be posted on the Council's website at: <https://safmc.net/public-hearings-and-scoping/> when it becomes available.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: Scoping documents, an online public comment form, and other materials will be posted to the Council's website at <https://safmc.net/public-hearings-and-scoping/> as they become available. Written comments should be addressed to John Carmichael, Executive Director, SAFMC, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405. Written comments must be received by February 16, 2024, by 5 p.m. During the meetings, Council staff will provide an overview of actions being considered in the amendment. Staff will answer clarifying questions on the presented information and the proposed actions. Following the presentation and questions, the public will have the opportunity to provide comments on the amendment.

Regulatory Amendment 36 to the Snapper Grouper FMP

Amendment 53 to the FMP for the Snapper Grouper Fishery of the South Atlantic Region became effective October 23, 2023, and established recreational vessel limits of 2 fish per vessel per day or per trip (depending on private recreational or for-hire component) of gag and black grouper. The Council intended for these limits to instead be an aggregate limit of 2 gag or black grouper per vessel. Therefore, the Council is considering revision of these recreational vessel limits to the originally intended aggregate limit through Regulatory Amendment 36.

¹⁵ See *Amended Order*, 89 FR at 457.

¹⁶ See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

¹⁷ See *Amended Order*, 89 FR at 457.

Regulatory Amendment 36 also addresses accommodation of on-demand (also known as ‘ropeless’) gear for black sea bass pots for the commercial sector. On-demand gear reduces the probability of entanglements by whales and other protected species by not having vertical lines in the water column for the entire time that the pots are being fished. This type of gear has been experimentally used for the last several years under exempted fishing permits (EFP), the latest of which expires in April 2025. Scoping for Regulatory Amendment 36 will inform the Council of what changes to gear marking, identification, and stowage requirements are necessary to enable practical use of this type of gear in the commercial pot fishery beyond the EFP expiration. The Council will then determine a plan for addressing these changes through Regulatory Amendment 36 and other future amendments, as necessary.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 23, 2024.

Diane M. DeJames-Daly,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Office of Marine and Aviation Operations: Occupational Health, Safety, and Readiness Forms

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information

collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on August 17, 2023 (88 FR 56009) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Office of Marine and Aviation Operations: Occupational Health, Safety, and Readiness Forms.

OMB Control Number: 0648-XXXX.
Form Number(s): Medical: 57-10-01, 57-10-02.

Type of Request: Regular submission. This is a new information collection.

Number of Respondents: 1,000.
Average Hours per Response: 57-10-01, NOAA Health Services Questionnaire: 15 minutes; 57-10-02, Annual Tuberculosis Screening Document: 5 minutes.

Total Annual Burden Hours: 167.

Needs and Uses: This is a request for approval of a collection currently in use without OMB approval.

The National Oceanic and Atmospheric Administration’s (NOAA) Office of Marine and Aviation Operations (OMAO) manages and operates NOAA’s fleet of 15 *research and survey ships* and nine specialized environmental data-collecting *aircraft*. Comprised of civilians and officers of the *NOAA Commissioned Officer Corps*, OMAO also manages the *NOAA Diving Program*, *NOAA Small Boat Program*, and *NOAA Uncrewed Systems Operations Center*.

The research and survey ships operated, managed, and maintained by OMAO comprise the largest fleet of federal research ships in the nation. Ranging from large oceanographic research vessels capable of exploring the world’s deepest ocean, to smaller ships responsible for charting the shallow bays and inlets of the United States, the fleet supports a wide range of marine activities including fisheries surveys, nautical charting, and ocean and climate studies.

NOAA aircraft operate throughout the world providing a wide range of capabilities including *hurricane reconnaissance and research*, marine mammal and fisheries assessment, and coastal mapping. NOAA aircraft carry scientists and specialized instrument packages to conduct research for NOAA’s missions.

Housed within the NOAA Office of Marine and Aviation Operations and staffed by the *U.S. Public Health Service (USPHS) Commissioned Corps officers*, the Office of Health Services (OHS) is

charged with directly supporting all personnel within the National Oceanic and Atmospheric Administration (NOAA).

NOAA medical officers work to maximize deployment readiness and minimize medically related disruptions to fleet, aircraft, and diving operations. OHS programs assess and promote mental and physical readiness within their operational medical discipline. Given the austere and geographically remote operational environments OHS supports, our officers are also responsible for preventing and containing disease in operational environments as subject matter experts in travel medicine. The forms contained in this collection will be used to make medical readiness recommendations for individuals and to key leadership in operational environments.

The 60-day **Federal Register** Notice indicated additional forms Medical: 57-10-05, Safety: 57-17-02, 57-17-09; and Small Boat: 57-19-04. However, these forms are completed by NOAA personnel and not subject to the Paperwork Reduction Act.

Affected Public: Individuals.

Frequency: As needed.

Respondent’s Obligation: Required to Obtain or Retain Benefits.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering the title of the collection.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.
