SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–99425; File No. SR–PEARL–2024–04]

Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by MIAX PEARL, LLC To Amend Exchange Rule 2613, Usage of Data Feeds

January 24, 2024.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b–4 thereunder,² notice is hereby given that on January 22, 2024, MIAX PEARL, LLC (“MIAX Pearl” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 2613(a), Usage of Data Feeds, to disclose that the Exchange will utilize direct data feeds from the Investors Exchange LLC (“IEX”) when performing order handling, order execution, routing, and related

compliance processes for equity securities.

The text of the proposed rule change is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-equities/pearl-equities/rule-filings>, at MIAX Pearl’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Exchange Rule 2613 identifies the data feeds that the Exchange utilizes for the handling, execution, and routing of orders in equity securities on the Exchange’s equity trading platform (“MIAX Pearl Equities”), as well as for surveillance necessary to monitor compliance with applicable securities laws and Exchange Rules. The Exchange currently utilizes IEX market data from the Consolidated Quotation System (“CQS”)/UTP Quotation Data Feed (“UQDF”) for these purposes on MIAX Pearl Equities. The Exchange intends to begin to utilize IEX’s direct feeds in place of market data from the CQS/UQDF. Therefore, the Exchange proposes to amend Exchange Rule 2613(a) to reflect that the Exchange will utilize IEX’s direct feeds in place of market data from the CQS/UQDF when performing order handling, order execution, routing, and related compliance processes for equity securities on MIAX Pearl Equities. The Exchange does not currently utilize a secondary source for data from IEX. Once it begins to utilize direct feeds for data from IEX, the Exchange will also begin to utilize CQS/UQDF as a secondary source of data from IEX on MIAX Pearl Equities.

Implementation

Due to the technological changes associated with this proposed change, the Exchange will issue a trading alert

publicly announcing the implementation date of this proposed rule change. The Exchange anticipates that the implementation date will be in either the second or third quarter of 2024.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Section 6(b)(5),⁴ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The proposal to update Exchange Rule 2613(a) to reflect that the Exchange will utilize IEX’s direct feeds in place of market data from the CQS/UQDF on MIAX Pearl Equities will continue to provide market participants with insight and transparency into which data feeds the Exchange utilizes when performing order handling, order execution, routing, and related compliance processes for equity securities. The Exchange’s proposal to utilize IEX’s direct feeds promotes just and equitable principles of trade because it will allow the Exchange to receive market data directly from IEX, thereby potentially enhancing the performance of its order handling, order execution, routing, and related compliance processes for equity securities. The proposed rule changes also remove impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it will continue to ensure that Exchange Rule 2613(a) accurately reflects the Exchange’s sources of market data it utilizes for each other equities exchange and the Financial Industry Regulatory Authority, Inc.’s Alternative Display Facility.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes the proposal would enhance competition by
