

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: January 25, 2024.

Debbie-Anne A. Reese,
Acting Secretary.

Federal Energy Regulatory Commission

[Project No. 1417-277]

Central Nebraska Public Power & Irrigation District; Notice of Intent To Prepare an Environmental Assessment

On December 31, 2020, as supplemented on July 22, 2021, Central Nebraska Public Power and Irrigation District (Central) filed a non-capacity amendment of license application requesting Commission approval to modify the project boundary for the Kingsley Dam Project. Central's request is based on its analysis of the existing lands and shorelines around project reservoirs to determine their need for project operation and other project purposes, including public access for recreation. The proposed boundary modification would add approximately 3,400 acres and remove approximately 900 acres, resulting in a net increase of 2,500 acres of additional lands to be included within the project boundary. The project is located on the North Platte and Platte Rivers in Garden, Keith, Lincoln, Dawson, and Gosper counties, in south-central Nebraska.

The Commission issued a public notice of the amendment application on February 9, 2021, with protests, comments, and motions to intervene due to be filed by March 11, 2021. Several individuals filed comment letters and motions to intervene in opposition to Central's proposal. In general, these individuals express concerns about private property rights, increased restrictions on private uses, shoreline erosion and control, and/or Central's proposed flood surcharge determination.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the project. The planned schedule for the completion of the EA is July 2024.¹ Revisions to the schedule may be made as appropriate. The EA will be issued and made available for review by all interested parties. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

With this notice, the Commission is inviting Federal, State, local, and Tribal agencies with jurisdiction and/or special expertise with respect to environmental issues affected by the proposal to cooperate in the preparation of the EA planned to be issued July 2024. Agencies wishing to cooperate, or further discuss the benefits, responsibilities, and obligations of the cooperating agency role, should contact staff listed at the bottom of this notice by February 15, 2024. Cooperating agencies should note the Commission's policy that agencies that cooperate in the preparation of any environmental document cannot also intervene. *See* 94 FERC ¶ 61,076 (2001).

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Any questions regarding this notice may be directed to Jon Cofrancesco at 202.502.8951 or jon.cofrancesco@ferc.gov.

¹ 42 U.S.C. 4336a(g)(1)(B) requires lead Federal agencies to complete EAs within 1 year of the agency's decision to prepare an EA.

Dated: January 25, 2024.

Debbie-Anne A. Reese,
Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2343-001]

PE Hydro Generation, LLC; Notice of Application for Amendment of License Accepted for Filing, Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Temporary amendment under Article 403 and water quality certification condition no. 2.

b. *Project No:* 2343-001.

c. *Date Filed:* December 19, 2023, supplemented on January 23, 2024.

d. *Applicant:* PE Hydro Generation, LLC.

e. *Name of Project:* Millville Hydroelectric Project.

f. *Location:* The project is located on the Shenandoah River in Jefferson County, West Virginia. The project does not include Federal lands.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.

h. *Applicant Contact:* Joyce Foster, 7315 Wisconsin Avenue, Suite 1100W, Bethesda, MD 20814, joyce.foster@eaglecreekre.com.

i. *FERC Contact:* Brian Bartos, (202) 502-6679, brian.bartos@ferc.gov.

j. *Cooperating agencies:* With this notice, the Commission is inviting Federal, State, local, and Tribal agencies with jurisdiction and/or special expertise with respect to environmental issues affected by the proposal, that wish to cooperate in the preparation of any environmental document, if applicable, to follow the instructions for filing such requests described in item k below. Cooperating agencies should note the Commission's policy that agencies that cooperate in the preparation of any environmental document cannot also intervene. *See* 94 FERC ¶ 61,076 (2001).

k. *Deadline for filing comments, motions to intervene, and protests:* February 8, 2024.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/>

efiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Ann Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Ann Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include the docket number P-2343-001. Comments emailed to Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Request*: The licensee is requesting a temporary variance of requirements of minimum flow to the bypassed reach via spillway flow (veil flow) to facilitate the safe removal of flashboards during the winter season. The variance would require a project reservoir drawdown of 3-4 inches below the dam crest over an anticipated two-day period. The drawdowns would last approximately 6 hours each day and the reservoir would be refilled each evening during the work sequence to provide protection for aquatic resources. Flows of 200 cubic feet per second or greater would be passed downstream via the tailrace at all times.

m. *Locations of the Application*: This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances

related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. Agencies may obtain copies of the application directly from the applicant.

n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

o. *Comments, Protests, or Motions to Intervene*: Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Documents*: Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

q. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: January 24, 2024.

Debbie-Anne A. Reese,

Acting Secretary.

Federal Energy Regulatory Commission

[Docket No. CP24-39-000]

Southern Star Central Gas Pipeline, Inc.; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on January 16, 2024, Southern Star Central Gas Pipeline, Inc. (Southern Star), 4700 State Route 56, Owensboro, Kentucky 42301, filed a prior notice request for authorization, in accordance with 18 CFR 157.205, 157.208, and 157.213 of the Federal Energy Regulatory Commission's (Commission) regulations under the Natural Gas Act and Southern Star's blanket certificate issued in Docket No. CP82-479-000, to drill a new horizontal well and install a lateral pipeline to connect the new well to existing facilities at Southern Star's Webb Storage Field in Grant County, Oklahoma (Webb Storage Field Project or Project). Southern Star states that the Webb Storage Field Project is designed to supplement existing deliverability and improve overall efficiency, reduce operating costs, and serve as an alternative to the installation of new dewatering facilities on existing storage gathering laterals. The estimated cost for the project is 10.1 million, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (www.ferc.gov) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Public access to records formerly available in the Commission's physical Public Reference Room, which was located at the Commission's headquarters, 888 First Street NE, Washington, DC 20426, are now available via the Commission's website. For assistance, contact the Federal Energy Regulatory Commission at FercOnlineSupport@ferc.gov or call toll-
