Additional Information

In order to receive notification of the issuance of the EIS and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

Additional information about the Project is available from the Commission’s Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the eLibrary link. Click on the eLibrary link, click on “General Search” and enter the docket number in the “Docket Number” field, excluding the last three digits (*i.e.*, CP23–516). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or (866) 208–3676, or for TTY, contact (202) 502–8659. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

Public sessions or site visits will be posted on the Commission’s calendar located at <https://www.ferc.gov/news-events/events> along with other related information.

[Project No. 13123–031]

Eagle Crest Energy Company; Notice of Intent To Prepare an Environmental Assessment

On October 12, 2022, Eagle Crest Energy Company filed an application to revise the project boundary to remove the Red Bluff Substation from the project boundary and relocate a portion of the transmission line for the unconstructed Eagle Mountain Pumped Storage Project No. 13123. The project would be located at an inactive mine in Riverside County, California, near the

town of Desert Center. The project will occupy private lands and approximately 699.2 acres of Federal land under the jurisdiction of the Department of the Interior (Interior) and Bureau of Land Management (BLM). The project boundary amendment pertains to the transmission line portion and its tie-in to the Red Bluff substation.

The Commission issued a public notice of the amendment application on March 16, 2023, with protests, comments, and motions to intervene due to be filed by April 17, 2023. In response to the public notice, Commission staff received comments concerning the potential environmental effects of the proposed license amendment on resources in the area, including endangered species.

This notice identifies Commission staff’s intention to prepare an environmental assessment (EA) for the project. The planned schedule for the completion of the EA is July 2024.¹ Revisions to the schedule may be made as appropriate. The EA will be issued and made available for review by all interested parties. All comments filed on the EA will be reviewed by staff and considered in the Commission’s final decision on the proceeding.

With this notice, the Commission is inviting Federal, State, local, and Tribal agencies with jurisdiction and/or special expertise with respect to environmental issues affected by the proposal to cooperate in the preparation of the EA planned to be issued July 2024. Agencies wishing to cooperate, or further discuss the benefits, responsibilities, and obligations of the cooperating agency role, should contact staff listed at the bottom of this notice by February 15, 2024. Cooperating agencies should note the Commission’s policy that agencies that cooperate in the preparation of any environmental document cannot also intervene. *See* 94 FERC ¶ 61,076 (2001).

The Commission’s Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502–6595 or OPP@ferc.gov.

¹ 42 U.S.C. 4336a(g)(1)(B) requires lead Federal agencies to complete EAs within 1 year of the agency’s decision to prepare an EA.

Any questions regarding this notice may be directed to Shawn Halerz at (202) 502-6360 or *Shawn.Halerz@ferc.gov*.

Dated: January 25, 2024.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2232-855]

Duke Energy Carolinas, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, Commission staff reviewed Duke Energy Carolinas, LLC's (Duke Energy) application for an amendment of license to implement the Mountain Island embankment seismic stability improvement project at the Mountain Island development of the Catawba-Wateree Project No. 2232 and has prepared an Environmental Assessment (EA) for the amendment. Duke Energy proposes to construct a counterweight stability berm on the downstream side of the earthen embankment at the Mountain Island development and obtain the material for the berm from an on-site borrow area. The project consists of 11 developments and is located on the Catawba and Wateree rivers in Burke, McDowell, Caldwell, Catawba, Alexander, Iredell, Mecklenburg, Lincoln and Gaston counties, North Carolina, and York, Lancaster, Chester, Fairfield, and Kershaw counties, South Carolina.

The EA contains Commission staff's analysis of the potential environmental impacts of the proposed action and concludes that amending the license, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Enter the docket number (P-2232) into the docket number field to access the document. For assistance, contact FERC Online

Support at *FERCOnlineSupport@ferc.gov*, or toll-free at (866) 208-3676, or for TTY, (202) 502-8659.

You may also register online at <https://ferconline.ferc.gov/FERCOnline.aspx> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed by February 23, 2024.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne Reese, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne Reese, Acting Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P-2232-855.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595, or *OPP@ferc.gov*.
