FOR FURTHER INFORMATION CONTACT:

Christina McGlosson, Acting Director, Whistleblower Office, Commodity Futures Trading Commission, (202) 418–5051; email: cmcglosson@cftc.gov, and refer to OMB Control No. 3038–0082.

SUPPLEMENTARY INFORMATION:

Title: The Whistleblower Provision of section 23 of the Commodity Exchange Act (OMB Control No. 3038–0082). This is a request for extension of a currently approved information collection.

Abstract: 17 CFR 165.3(a) requires the submission of information to the Commission on a Form TCR. The Form TCR, “Tip, Complaint, or Referral,” and the instructions thereto, are designed to capture basic identifying information about a complainant and elicit sufficient information to determine whether the conduct alleged suggests a violation of the Commodity Exchange Act. 17 CFR 165.7(b)(1) requires the submission of information to the Commission on a Form WB–APP. The Form WB–APP, “Application for Award for Original Information Provided Pursuant to Section 23 of the Commodity Exchange Act,” and the instructions thereto, are designed to elicit sufficient information to determine whether and to what extent a claimant qualifies for a whistleblower award.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.² On November 21, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 81064 (“60-Day Notice”). The Commission received one comment requesting individual staff feedback on

¹ 17 CFR 145.9.

² 44 U.S.C. 3512, 5 CFR 1320.5(b)(2)(i) and 1320.8(b)(3)(vi). See also 46 FR 63035 (Dec. 30, 1981).

each submission received, in addition to the automated reply currently sent by the CFTC as notice of receipt. We appreciate the comment but would like to clarify that determinations on the submitted applications (including their supplements) are provided in due course according to the procedures outlined in 17 CFR part 165. Given the non-public nature of investigations, it would not be feasible for the CFTC to provide individual feedback on each submission received.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 1800 per year.

Estimated Average Burden Hours per Respondent: 0.5 hour.

Estimated Total Annual Burden Hours: 900 hours.

Frequency of Collection: Once. There are no capital costs or operating and maintenance costs associated with this collection.

Dated: January 29, 2024.

Deputy Secretary of the Commission.

[Project No. 5679–041]

Energy Stream, LLC; Notice of Intent To Prepare an Environmental Assessment

On July 15, 2022, Energy Stream, LLC filed an application for a subsequent license for the 512-kilowatt M.S.C. Hydroelectric Project (M.S.C. Project or project; FERC No. 5679). The M.S.C. Project is located on the Quinebaug River, in Windham County, Connecticut.

In accordance with the Commission’s regulations, on November 14, 2023, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to license the M.S.C. Project. The EA will be issued and circulated for review by all interested parties. All

comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and others to access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	July 2024. ¹
Comments on EA	August 2024.

Questions regarding this notice may be directed to John Baummer at (202) 502-6837 or john.baummer@ferc.gov.
