

requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Survey of Staff Recruitment, Training, and Professional Development in EHS is a nationally representative survey that will describe how EHS programs ensure staff have the qualifications and competencies to

deliver high-quality services to infants, toddlers, and their families. The information collection will examine how EHS grant recipients search for and hire qualified teaching and home visiting staff and support staff in their ongoing professional development and career advancement. The information collection aims to identify successful

strategies or approaches as well as challenges faced as EHS programs search for, hire, and train teaching and home visiting staff. Findings are intended to inform program planning, training and technical assistance, and research.

Respondents: Early Head Start program directors or their designee.
