INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-598]

Greenhouse Gas Emissions Intensities of the U.S. Steel and Aluminum Industries at the Product Level; Submission of Questionnaire and Information Collection Plan for Office of Management and Budget Review

AGENCY: United States International Trade Commission.

ACTION: Notice of submission of request for approval of a questionnaire and information collection to the Office of Management and Budget.

SUMMARY: The information requested by the questionnaire is for use by the Commission in connection with Investigation No. 332-598, *Greenhouse Gas Emissions Intensities of the U.S. Steel and Aluminum Industries at the Product Level*.

ADDRESSES: All Commission offices are located in the U.S. International Trade Commission Building, 500 E Street SW, Washington, DC. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

FOR FURTHER INFORMATION CONTACT: The project leaders for this investigation are Caroline Peters, Shova KC, Alexander Melton, and Kristin Smyth. Please direct all questions and comments about this investigation to Shova KC at 202-780-0230 or via email at sa.emissions@usitc.gov. The Commission is not accepting paper correspondence for this investigation.

Comments about the proposal should be provided to the Office of Management and Budget, Office of Information and Regulatory Affairs through the Information Collection Review Dashboard at <https://www.reginfo.gov>. All comments should be specific, indicating which part of the questionnaire is objectionable, describing the concern in detail, and

including specific suggested revisions or language changes. Copies of any comments should be provided electronically to the Commission's survey team via an email to sa.emissions@usitc.gov.

The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. General information concerning the Commission may be obtained by accessing its internet address (<https://www.usitc.gov>). Hearing-impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The information requested by the questionnaire is for use by the Commission in connection with Investigation No. 332-598, *Greenhouse Gas Emissions Intensities of the U.S. Steel and Aluminum Industries at the Product Level*, instituted under the authority of section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)). This investigation and report were requested by the United States Trade Representative in a letter dated June 5, 2023. This investigation was instituted on July 5, 2023, and the notice of investigation was published in the **Federal Register** on July 10, 2023 (88 FR 43633). The Commission will deliver its report to the Trade Representative by January 28, 2025.

As stated in the notice of investigation, the Trade Representative requested that the Commission generate estimates of the greenhouse gas (GHG) emissions intensities of a broad range of U.S. steel and aluminum products. The U.S.-produced individual products that are covered under this investigation are enumerated in attachment B to the request letter. GHG emissions intensities will be developed from the scope 1 and 2 emissions related to the production of covered steel and aluminum products and the scope 3 emissions associated with the material and resource inputs for the production of covered steel and aluminum products in 2022. These intensity estimates will be developed, to the extent practicable, for a set of specific product category groupings listed in attachment A of the request letter, though the Commission may present emissions intensities at further levels of disaggregation from these groupings. Because the information necessary to generate these estimates is not available in the requested specificity from governmental and other public sources, the Trade Representative directed the Commission to obtain much of such information through a

survey. The survey aims to collect data on scope 1, 2, and 3 emissions, production, and parameters that will allow for the allocation of the emissions to the product categories. Responses will be used as inputs in the Commission's calculation of emissions intensities.

The Commission intends to submit the following draft information collection plan to OMB:

- (1) *Number of forms submitted:* 2.
- (2) *Title of forms:* Greenhouse Gas (GHG) Emissions Intensities Questionnaire: Company-Level and Greenhouse Gas (GHG) Emissions Intensities Questionnaire: Facility-Level.
- (3) *Type of request:* New.
- (4) *Frequency of use:* Industry questionnaire, single data gathering, scheduled for 2024.
- (5) *Description of respondents:* Companies with U.S. facilities that produced steel and aluminum products in 2022 and those facilities.
- (6) *Estimated number of questionnaires to be distributed:* 5,250 total (1,750 companies, 3,500 facilities).
- (7) *Estimated total number of hours to complete the questionnaire per respondent:* 5 hours for the company-level questionnaire and 30 hours for the facility-level questionnaire for each facility.

(8) Information obtained from the questionnaires that qualifies as confidential business information will be so treated by the Commission and not disclosed in a manner that would reveal the individual operations of a business at the company or facility level.

Information about the investigation and other supplementary documents can be accessed on the USITC website at <https://www.usitc.gov/saemissions>.

By order of the Commission.

Issued: January 31, 2024.

Lisa Barton,

Secretary to the Commission.

(1) *Prehearing briefs* refers to written materials relevant to the investigation and submitted in advance of the hearing, and includes written views on matters that are the subject of the investigation, supporting materials, and any other written materials that you consider will help the Commission in understanding your views. You should file a prehearing brief particularly if you plan to testify at the hearing on behalf of an industry group, company, or other organization, and wish to provide detailed views or information that will support or supplement your testimony.

(2) *Oral hearing statements (testimony)* refers to the actual oral statement that you intend to present at the hearing. Do not include any confidential business information (CBI) in that statement. If you plan to testify, you must file a copy of your oral statement by the date specified in this notice. This statement will allow Commissioners to understand your position in advance of the hearing and will also assist the court reporter in preparing an accurate transcript of the hearing (e.g., names spelled correctly).

(3) *Posthearing briefs* refers to submissions filed after the hearing by persons who appeared at the hearing. Such briefs: (a) should be limited to matters that arose during the hearing; (b) should respond to any Commissioner and staff questions addressed to you at the hearing; (c) should clarify, amplify, or correct any statements you made at the hearing; and (d) may, at your option, address or rebut statements made by other participants in the hearing.

(4) *Other written submissions* refers to any other written submissions that interested persons wish to make, regardless of whether they appeared at the hearing, and may include new information or updates of information previously provided.

In accordance with the provisions of section 201.8 of the Commission's Rules of Practice and Procedure (19 CFR 201.8), the document must identify on its cover (1) the investigation number and title and the type of document filed (i.e., prehearing brief, oral statement of (name), posthearing brief, or written submission), (2) the name and signature of the person filing it, (3) the name of the organization that the submission is filed on behalf of, and (4) whether it contains CBI. If it contains CBI, it must comply with the marking and other requirements set out below in this notice relating to CBI. Submitters of written documents (other than oral hearing statements) are encouraged to include a short summary of their position or interest at the beginning of the document, and a table of contents when the document addresses multiple issues.

Confidential business information: Any submissions that contain CBI must also conform to the requirements of section 201.6 of the Commission's Rules of Practice and Procedure (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "nonconfidential" version, and that the CBI is clearly identified by means of brackets. All written submissions, except for CBI,

will be made available for inspection by interested persons.

As requested by the Trade Representative, the Commission will not include any CBI in its report. However, all information, including CBI, submitted in this investigation may be disclosed to and used by: (i) the Commission, its employees and offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission, including under 5 U.S.C. Appendix 3; or (ii) U.S. government employees and contract personnel for cybersecurity purposes. The Commission will not otherwise disclose any CBI in a way that would reveal the operations of the firm supplying the information.

Summaries of written submissions: Persons wishing to have a summary of their position included in the report should include a summary with their written submission on or before March 25, 2024, and should mark the summary as having been provided for that purpose. The summary should be clearly marked as "summary for inclusion in the report" at the top of the page. The summary may not exceed 500 words and should not include any CBI. The summary will be published as provided if it meets these requirements and is germane to the subject matter of the investigation. The Commission will list the name of the organization furnishing the summary and will include a link where the written submission can be found.
