

“Approved Requests,” File Number: CA2023002.

SUPPLEMENTARY INFORMATION:

Authority: The CAFTA–DR; Section 203(o)(4) of the Dominican Republic–Central America–United States Free Trade Agreement Implementation Act (“CAFTA–DR Implementation Act”), Public Law 109–53; the Statement of Administrative Action accompanying the CAFTA–DR Implementation Act; and Presidential Proclamation 7987 (February 28, 2006).

Background: The CAFTA–DR provides a list in Annex 3.25 for fabrics, yarns, and fibers that the Parties to the CAFTA–DR have determined are not available in commercial quantities in a timely manner in the territory of any Party. The CAFTA–DR provides that this list may be modified pursuant to Article 3.25.4, when the United States determines that a fabric, yarn, or fiber is not available in commercial quantities in a timely manner in the territory of any Party. See Annex 3.25 of the CAFTA–DR; see also section 203(o)(4)(C) of the CAFTA–DR Implementation Act.

The CAFTA–DR Implementation Act requires the President to establish procedures governing the submission of a request and providing opportunity for interested entities to submit comments and supporting evidence before a commercial availability determination is made. In Presidential Proclamation 7987, the President delegated to CITA the authority under section 203(o)(4) of CAFTA–DR Implementation Act for modifying the Annex 3.25 list. Pursuant to this authority, on September 15, 2008, CITA published modified procedures it would follow in considering requests to modify the Annex 3.25 list of products determined to be not commercially available in the territory of any Party to the CAFTA–DR (*Modifications to Procedures for Considering Requests Under the Commercial Availability Provision of the Dominican Republic–Central America–United States Free Trade Agreement*, 73 FR 53200) (“CITA’s Procedures”).

On December 27, 2023, CITA received a Commercial Availability Request (“Request”) from The Powers Manufacturing Company d/b/a Powers Athletic (“Powers Athletic”) for certain nylon dobby weave fabric, as specified below. On December 29, 2023, in accordance with CITA’s Procedures, CITA notified interested parties of the Request, which was posted on the dedicated website for CAFTA–DR Commercial Availability proceedings. In its notification, CITA advised that any

Response with an Offer to Supply (“Response”) must be submitted by January 11, 2024, and any Rebuttal to a Response (“Rebuttal”) must be submitted by January 18, 2024, in accordance with sections 6 and 7 of CITA’s Procedures. No interested entity submitted a Response to the Request advising CITA of its objection to the Request with an offer to supply the subject product.

In accordance with section 203(o)(4)(C) of the CAFTA–DR Implementation Act, and section 8(c)(2) of CITA’s Procedures, as no interested entity submitted a Response objecting to the Request and providing an offer to supply the subject product, CITA has determined to add the specified fabric to the list in Annex 3.25 of the CAFTA–DR.

The subject product has been added to the list in Annex 3.25 of the CAFTA–DR Agreement in unrestricted quantities. A revised list has been posted on the dedicated website for CAFTA–DR Commercial Availability proceedings, at <https://otexaprod.trade.gov/otexacapublicsite/shortsupply/cafta>.

Specifications: Certain Nylon Dobby Weave Fabric

HTS: 5407.43.2030 and .2060 (weight more than 170 g/m²)

Fabric Type: Dobby Weave on a Triple Beam Air Jet Loom.

Fiber Content: 100% Nylon

Yarn Size:

Warp Yarn 1: 160Denier/96Filament

Warp Yarn 2: 166D/68F Cordura (Nylon 6.6)

Warp Yarn 3: 30D monofilament

Filling Yarn 1: 70D/48F

Filling Yarn 2: 160D/96F

Filling Yarn 3: 30D monofilament + 166D/68F Cordura (Nylon 6.6)

Note: The yarn size designations describe a range of specifications for yarn in its greige condition. They are intended as specifications to be followed by the mill in sourcing yarn to produce the fabric. Weaving, dyeing, and finishing can alter the characteristic of the yarn as it appears in the finished fabric. This specification therefore includes yarns appearing in the finished fabric as finer or coarser than the designated yarn sizes, provided that the variation occurs after processing of the greige yarn and production of the fabric. Such processing may alter the measurements.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Evaluation of Public Health AmeriCorps

AGENCY: Corporation for National and Community Service.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Corporation for National and Community Service, operating as AmeriCorps, has submitted a public information collection request (ICR) entitled Evaluation of Public Health AmeriCorps for review and approval in accordance with the Paperwork Reduction Act.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by March 7, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Copies of this ICR, with applicable supporting documentation, may be obtained by calling Nicole Jones, 202–569–3638, or by email at njones@americorps.gov.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions;

- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments

A 60-day Notice requesting public comment was published in the **Federal Register** on September 7, 2023 at 88 FR 61575. This comment period ended November 6, 2023. One public comment was received from this notice. The comment received inquired about (1) data collection and data ownership, (2) the purpose and need for the Public Health AmeriCorps Technical Assistance and Training Form, and (3) the length of the Public Health AmeriCorps Outcome Evaluation Draft survey. Responses are:

- All data collected will be managed and securely stored by the contractor and delivered to the AmeriCorps Office of Research and Evaluation (ORE) in aggregate form during the contract term, and after the contract ends, will be delivered to ORE as a de-identified public use data file and a restricted use data file. ORE will securely store the data and AmeriCorps programs will not have access to the data except in aggregate form, upon request.

- The Public Health AmeriCorps Technical Assistance and Training form was a requested instrument from the program team. This instrument will allow for the contractor to distill any information that wasn't already collected in the grantee survey or focus group guide. The instrument will be used as a supplemental tool to capture any additional information that wasn't collected in other activities.

- The evaluation team has been mindful of the length and burden of the member survey. The survey has gone through several iterations and has been shortened. The contractor piloted the instrument with up to nine members and conducted cognitive interviews after the members completed the survey. The version the contractor piloted took participants on average less than 30 minutes to complete and participants did not express dissatisfaction with the length of the survey. The reason for keeping questions that are also found in the Member Exit Survey (MES) is that participants in the Public Health AmeriCorps evaluation might not

complete the MES, and consequently it would not be possible to merge the two surveys. It is important for the Public Health AmeriCorps survey to include complete data to address the evaluation questions and to create more complete datasets across the agency. We want to ensure we close any gaps (intake information and member surveys) and confirm information already received. The purpose of reaching out to members who exited early is to better understand their experience and the challenges they encountered in completing their service. This data may inform programmatic changes with the aim of minimizing attrition among members. We will also benchmark the Public Health AmeriCorps survey to other similar public health programs to see how Public Health AmeriCorps is achieving the goal of creating a pathway to public health careers.

Title of Collection: Evaluation of Public Health AmeriCorps.

OMB Control Number: 3045–NEW.
Type of Review: New.

Respondents/Affected Public: Individuals and Households (AmeriCorps Members) and Businesses and Organizations (Grantees).

Total Estimated Number of Annual Responses: 2,198.

Total Estimated Number of Annual Burden Hours: 2,097.

Abstract: The evaluation will examine the extent to which Public Health AmeriCorps is progressing toward its goals to address public health needs and develop the next generation of public health leaders. The evaluation will answer questions about the challenges and successes with program implementation, recruitment and retention of members, partnership between grantees and other organizations such as state and local health departments, members' career intentions, and members' professional development. This information collection request includes several information collection instruments: a member alumni survey, an early exit survey, a grantee survey, a training and technical assistance form, grantee focus group questions, early exit interview questions, and partner interview questions. The burden hour per response for each of these instruments ranges from 15 minutes to an hour and a half. Throughout the evaluation design process, AmeriCorps received feedback and guidance from partners and advisory groups, including AmeriCorps staff, CDC staff, and public health and

public health workforce professionals. This is a new information collection.

Mary Hyde,

Director, Office of Research and Evaluation.
