Competitive Postal Products

AGENCY: Postal Regulatory Commission.
ACTION: Notice of proposed rulemaking.

SUMMARY: The Notice of Proposed Rulemaking seeks comment on a proposal for reviewing contracts negotiated between the Postal Service and customers for competitive services. These contracts are known as competitive negotiated service agreements (NSAs). The proposal includes a default method for reviewing competitive NSAs and three optional streamlined methods. Different requirements apply to each method for reviewing proposed competitive NSAs. In addition, the proposal includes requirements for administering approved competitive NSAs. The proposal is designed to streamline competitive NSA review, ensure transparency and accountability, preserve existing flexibility, and enable a smooth transition with minimum disruption for stakeholders. This document informs the public of the filing, invites public comment, and takes other administrative steps.

I. Background

A Negotiated Service Agreement (NSA) is “a written contract, to be in effect for a defined period of time, between the Postal Service and a mailer, which provides for customer-specific rates or fees and/or terms of service in accordance with the terms and conditions of the contract.” 39 CFR 3010.101(f). These NSAs require prior Commission approval before they are added to the applicable product lists; however, different statutory and regulatory criteria apply to the approval of Market Dominant NSAs and Competitive NSAs.¹

Before adding a product (such as a Competitive NSA) to the Competitive product list, the Commission undertakes two types of review: (1) review under 39 U.S.C. 3642; and (2) review under 39 U.S.C. 3633. Upon consideration of required information submitted by the Postal Service, including projections of the proposed product’s revenues and costs and responses to any information requests,² the Commission determines whether the product complies with the requirements for Competitive products

¹ See, e.g., 39 U.S.C. 3642; Postal Regulatory Commission, *Annual Report to the President and Congress Fiscal Year 2021*, January 25, 2022, at 26 (*FY 2021 Annual Report*) (stating that the Commission reviews Market Dominant NSAs to ensure they comply with 39 U.S.C. 3622(c)(10) and the Commission’s regulations in 39 CFR part 3040, subpart G); *id.* at 28 (stating that Competitive NSAs require prior Commission review for compliance with 39 U.S.C. 3633(a) and 39 CFR part 3035). The focus of this docket is Competitive NSAs.

² See 39 CFR 3035.105. This information includes “[s]ufficient revenue and cost data for the 12-month period following the effective date of the rate or class to demonstrate that each affected competitive product will be in compliance with 39 U.S.C. 3633(a)(2)[.]” 39 CFR 3035.105(c)(1).

in 39 U.S.C. 3642. The Commission also makes a preliminary determination of whether the proposed product will comply with the criteria outlined in 39 U.S.C. 3633(a). Final determination of compliance with 39 U.S.C. 3633(a) is made retrospectively, in the Commission’s *Annual Compliance Determination(s)* (ACD), as set forth in 39 U.S.C. 3653.

Over the years, various efforts have sought to streamline review of NSAs in certain respects by applying the concept of functional equivalence to groups of NSAs.³ An “umbrella” product is a grouping of NSAs that are functionally equivalent to a baseline agreement. The Commission has used a functional equivalence analysis to approve “umbrella” product agreements.⁴ Non-published rates NSA products are a refinement of “umbrella” products that receive further streamlined review because the products “conform to a template agreement and offer prices within specified, pre-approved ranges.” Order No. 5753 at 3. These products must comply with Commission classification and regulatory requirements, including pre-approved pricing formulas, minimum cost coverage, and documentation, allow for a streamlined review process because

³ See, e.g., Docket No. CP2008-5, Order Concerning Global Expedited Package Services Contracts, June 27, 2008 (Order No. 86).

⁴ See, e.g., Order No. 5753 at 2-3 (summarizing the Commission’s approach to “umbrella” products); Docket No. R2013-9, Order Granting, in Part, Motion for Partial Reconsideration of Order No. 1864 and Modifying, in Part, Order No. 1864, August 11, 2014, at 7 (Order No. 2148) (allowing then-existing “umbrella” products to designate multiple baseline agreements but “plan[ning] to discontinue the practice of designating more than one baseline reference.”). The Commission also has considered similar arrangements termed “shell classifications,” which may use a “shell” or template in lieu of an actual agreement as a baseline. See Docket No. CP2008-8 *et al.*, Order Concerning Global Plus Negotiated Service Agreements, June 27, 2008, at 7-8 (Order No. 85); *cf.* Docket No. MC2008-6 *et al.*, Order Concerning Prices Under Inbound Direct Entry Contracts with Certain Foreign Postal Administrations, September 4, 2008, at 3, 7 (Order No. 105).

the contract template and financial model are approved in advance.⁵

In Order No. 6446, the Commission outlined concepts for potential enhancements to its regime for adding NSAs to the Competitive product list in the Framework. See Order No. 6446 at 12. The core feature of the Framework was establishing a three-track system for categorizing and reviewing NSAs proposed to be added to the Competitive product list. *Id.* Under this Framework, a proposed NSA would have been filed in one of three tracks, and each track would have had distinct filing and review procedures providing different levels of scrutiny and review. *Id.* These tracks would have consisted of a Custom NSA track, a Standard NSA track, and an NPR NSA track. *Id.*

The Commission received comments in response to Order No. 6446. Previously, the Commission developed a conceptual framework that contemplated separate tracks for filing and reviewing certain types of NSAs, and requested comments thereon. Having considered the comments received, the Commission revises its proposed regulations.

II. Basis of the Proposed Rules

Despite improvements over time, the Commission maintains that streamlining and codifying the rules pertaining to Competitive NSAs will provide increased clarity concerning filing requirements and review processes. Codifying such procedures and standards also provides an opportunity to make improvements to the practices and precedents that have developed, while maintaining the opportunities for pricing flexibility that NSAs afford the Postal Service.

Specifically, the Commission proposes to codify, with modifications, its existing NSA filing and review procedures as default rules for proposals to add NSAs to the Competitive product list. The Commission proposes to codify, with modifications, existing, optional, streamlined methods for adding qualifying Umbrella products and Non-Published Rate products to the Competitive product list. The Commission also proposes to create a new streamlined filing option for qualifying NSAs called Standardized Distinct Products. Each streamlined

option would have distinct filing and review procedures providing different levels of scrutiny and streamlined review. The intent is to preserve the Postal Service's existing contracting flexibility with default review procedures, while providing the option for streamlined pre-implementation review of NSAs that satisfy the eligibility requirements of one of the optional streamlined methods.

The Commission's proposal provides new filing and review procedures for Standardized Distinct Product NSAs. These procedures would include advance review of financial models to streamline review of individual NSAs that are based on existing Postal Service competitive products. Proposing new Non-Published Rate Products also would involve advance review of financial models. By contrast, filing and review procedures for Umbrella Products would generally follow current practices. Default filing and review procedures would consist of current, generally applicable filing and review practices for Competitive NSAs (other than Umbrella Product or Non-Published Rate Product NSAs).

The Commission also proposes rules for administering NSAs on the Competitive product list. These proposed rules cover amendments, renewals, extensions, and terminations of Competitive NSAs, as well as periodic reporting requirements.

The Commission's proposal is designed to streamline Competitive NSA review, while ensuring transparency and accountability, preserving existing flexibility, and enabling a smooth transition with minimum disruption for stakeholders. Under the Commission's proposal, the vast majority of proposed Competitive NSAs should qualify for a streamlined review procedure. Use of such streamlined procedures, particularly the Standardized Distinct Product option, should markedly simplify adding new NSAs to the Competitive product list.

Subpart A—General**§ 3041.105 General.**

(a) The rules in this part apply to competitive negotiated service agreements.

(b) When a general rule conflicts with a rule governing a specific streamlined option, the rule governing the specific streamlined option shall take precedence.

changes in connection with a streamlined option.

(q) *Umbrella product.* A single product consisting of a baseline agreement and one or more included contracts that are functionally equivalent to the baseline agreement.

Subpart B—Advance Review**§ 3041.205 Advance review of non-published rates products and standardized distinct products.**

(a) The Commission reviews proposed financial models, minimum rates, and Mail Classification Schedule changes in streamlined-option rulemaking proceedings to permit streamlined review of non-published rates products and standardized distinct products.

(b) Streamlined-option rulemaking proceedings follow the procedures set forth in part 3010, subpart E of this chapter and the additional procedures set forth in this section.

(c) In addition to providing the information required by § 3010.201(b)(1) of this chapter, a petition for a streamlined-option rulemaking must:

- (1) Provide a proposed financial model containing:
 - (i) Minimum rates for all rate cells;
 - (ii) Projected volume for all rate cells;

 - (iv) Projected costs attributable;
 - (v) Projected coverage of costs attributable within the meaning of 39 U.S.C. 3633(a), expressed as a percentage; and
 - (vi) All input data, sources, and calculations used;

(2) Provide a narrative explanation of how the proposed financial model complies with paragraph (d)(1) of this section;

(3) Explain why the projected cost, revenue, and volume data in the proposed financial model are reasonable and reliable;

(4) Identify the existing competitive product(s) on which proposed products will be based and the Commission order(s) in which such existing competitive product(s) were determined to be competitive;

(5) Identify each way in which proposed products could differ from the existing competitive product(s) identified in paragraph (c)(4) of this section;

(6) Explain why the potential differences identified in paragraph (c)(5) of this section do not cause any proposed products to satisfy the definition of a market dominant product within the meaning of 39 U.S.C. 3642(b)(1); and

(7) Identify the Mail Classification Schedule section in which proposed

products will be listed and provide any proposed changes therein in legislative format.

(d) The financial model must:

(1) Demonstrate that each negotiated service agreement that will use the minimum rates is not inconsistent with the standards of 39 U.S.C. 3633; and

(2) Rely on reasonable and reliable projected cost, revenue, and volume data.

(e) The Mail Classification Schedule entry, including any proposed changes, must:

(1) Identify all material differences between proposed products and the exiting competitive product(s) on which proposed products are based;

(2) Specify all options and features of proposed products included in the financial model; and

(3) For proposed products based on an existing product with rates not of general applicability, including a negotiated service agreement, describe all material aspects of the proposed products, including the information identified in § 3040.104(b)(3)(ii)(A) of this chapter.

(f) The Commission will issue an order authorizing the proposed financial model, minimum rates, and any Mail Classification Schedule changes for use in requests to add standardized distinct products and non-published rates products to the competitive product list if, after review, the Commission finds that:

(1) The financial model and minimum rates are not inconsistent with the standards of 39 U.S.C. 3633;

(2) The products using such proposed financial model, minimum rates, and Mail Classification Schedule changes will be competitive products; and

(3) The proposed Mail Classification Schedule changes comply with the requirements of this section and are not inconsistent with the proposed financial model.

(g) As a condition of any authorization issued pursuant to paragraph (f) of this section, the Postal Service shall be required to update the financial model whenever more accurate or complete cost, revenue, or volume data are available and no less frequently than every 12 months from the date on which such authorization is granted. Upon review of any updated financial model, the Commission may require changes to any applicable minimum rates to ensure that the minimum rates are not inconsistent with the standards of 39 U.S.C. 3633.

Subpart C—Adding Negotiated Service Agreements to the Competitive Product List

§ 3041.305 Applicability.

(a) This subpart imposes requirements regarding the addition of negotiated service agreements to the competitive product list. These requirements are in addition to other requirements imposed by part 3035 of this chapter.

(b) The general requirements appearing in § 3041.310 apply to a request to add a negotiated service agreement to the competitive product list unless the request is filed under one of the streamlined, alternative options for competitive negotiated service agreement consideration appearing in § 3041.315, § 3041.320, and § 3041.325.

(c) Section 3041.320 is not applicable to any request to add an included contract to a non-published rates product listed on the competitive product list as of the effective date of this part. Any such request is governed by the terms of the Commission order approving the addition of such non-published rates contract to the competitive product list.

§ 3041.310 General procedures and filing requirements.

(a) Except as otherwise provided in §§ 3041.315, 3041.320, and 3041.325 of this part, in order to add a negotiated service agreement to the competitive product list, a request must be filed with the Commission as provided in this section and § 3035.105 of this chapter.

(b) Each request to add a negotiated service agreement to the competitive product list must include each of the following items:

(1) A copy of the negotiated service agreement;

(2) The rate and class decision of the Postal Service Board of Governors under 39 U.S.C. 3632 relating to the proposed negotiated service agreement and the record of the proceedings in connection with such decision;

(3) A copy of the applicable sections of the Mail Classification Schedule and the proposed changes therein in legislative format;

(4) The name, and class if applicable, of the proposed negotiated service agreement;

(5) A description clearly explaining the operative components of the negotiated service agreement;

(6) An explanation of the reason for initiating the docket and of why the proposed negotiated service agreement is not inconsistent with the applicable requirements of this part and any applicable Commission directives and orders;

(7) An explanation of the reasons why the addition of the product to the competitive product list will not result in a violation of the standards of 39 U.S.C. 3633;

(8) Verification that the change does not classify as competitive a product over which the Postal Service exercises sufficient market power that it can, without risk of losing a significant level of business to other firms offering similar products:

(i) Set the price of such product substantially above costs;

(ii) Raise prices significantly;

(iii) Decrease quality; or

(iv) Decrease output;

(9) Explanation of whether or not the proposed negotiated service agreement is covered by the postal monopoly as reserved to the Postal Service under 18 U.S.C. 1696 subject to the exceptions set forth in 39 U.S.C. 601;

(10) A description of the availability and nature of enterprises in the private sector engaged in the delivery of the proposed negotiated service agreement or substantially similar products;

(14) The information required by § 3035.105(b) of this chapter;

(15) The information required by § 3035.105(c) of this chapter;

(16) All other supporting justification upon which the Postal Service proposes to rely; and

(17) Such other information and data, and such statements of reasons and bases, as are necessary and appropriate to fully inform the Commission of the nature, scope, significance, and impact of the proposed negotiated service agreement.

(c) In order to authorize the addition of a negotiated service agreement to the competitive product list, the Commission must:

(1) Give due regard to:

(i) The availability and nature of enterprises in the private sector engaged in the delivery of the proposed product;

(ii) The views of those who will use the proposed product on the appropriateness of adding the proposed product to the competitive product list; and

(iii) The likely impact of adding the proposed product to the competitive product list on small business concerns; and

(2) Make the following findings:
 (i) The proposed negotiated service agreement is a competitive product; and
 (ii) The proposed negotiated service agreement is not inconsistent with the standards of 39 U.S.C. 3633.

§ 3041.315 Procedures and filing requirements for umbrella products.

(a) The procedures described in this section and in § 3035.105(a) of this chapter apply to requests to add an included contract to an umbrella product or to create an umbrella product by adding an included contract to an existing baseline agreement.
