

maintained by HHS' Office of Child Support Enforcement (OCSE) in its system of records "OCSE National Directory of New Hires," No. 09-80-0381, published in the **Federal Register** at 80 FR 17894 (specifically pages 17906-17909) on April 2, 2015. The published system of records notice authorizes disclosure of NDNH information to HUD pursuant to Routine Use (12) "for the purpose of verifying the employment and income of the individuals and, after removal of personal identifiers, for the purpose of conducting analyses of the employment and income reporting of such individuals."

The HUD records used in the information comparison are retrieved from HUD's Enterprise Income Verification (EIV) System, and the results of the information comparison are maintained within HUD's EIV System No. HUD/PIH-5, last published in the **Federal Register** at 87 FR 50635 (August 17, 2022). Routine use (D) of the system of records authorizes disclosure of HUD records to HHS.

Purpose(s): HUD's primary objective of the computer matching program is to verify the employment and income of participants in certain rental assistance programs to determine the appropriate level of rental assistance, and to detect, deter and correct fraud, waste, and abuse in rental housing assistance programs. In meeting these objectives, HUD also is carrying out a responsibility under 42 U.S.C. 1437f(K) to ensure that income data provided to PHAs, and O/As, by household members is complete and accurate. HUD's various rental housing assistance programs require that participants meet certain income and other criteria to be eligible for rental assistance. In addition, tenants generally are required to report and recertify the amounts and sources of their income at least annually. However, under the Quality Housing and Work Responsibility Act (QHWRA) of 1998, PHAs operating Public Housing programs may offer tenants the option to pay a flat rent, or an income-based rent. Those tenants who select a flat rent will be required to recertify income at least every three years. In addition, the changes to the Admissions and Occupancy final rule (March 29, 2000 (65 FR 16692)) specified that household composition must be recertified annually for tenants who select a flat rent or income-based rent.

[Docket No. FWS-R8-ES-2023-0107; FF09M21200-234-FXMB1231099BPP0; OMB Control Number 1018-New]

Agency Information Collection Activities; Western Snowy Plover Survey and Reporting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing a new information collection in use without

Office of Management and Budget (OMB) approval.

DATES: Interested persons are invited to submit comments on or before April 8, 2024.

ADDRESSES: Send your comments on the information collection request (ICR) by one of the following methods (please reference 1018-Snowy Plovers in the subject line of your comments):

- *Internet (preferred):* <https://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS-R8-ES-2023-0107.

- *Email:* Info_Coll@fws.gov.
- *U.S. mail:* Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, 5275 Leesburg Pike, MS: PRB (JAO/3W), Falls Church, VA 22041-3803.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358-2503. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA, 44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), was established to provide a means to conserve the ecosystems upon which endangered and threatened species depend, to provide a program for the conservation of these endangered and threatened species, and to take the appropriate steps that are necessary to bring any endangered or threatened species to the point where measures provided for under the ESA are no longer necessary.

The western snowy plover (*Charadrius nivosus nivosus*; hereafter referred to as plover) is a federally threatened species protected under the ESA. Corvid-caused predation is detrimental to plover survival and changes by site and by year. A corvid is any member of the Corvidae family of stout-billed passerine birds, such as crows, jays, magpies, and raven.

The Western Snowy Plover Recovery Unit 2 Outreach Subcommittee is committed to plover outreach and education. The subcommittee is comprised of partners including the Arcata Fish and Wildlife Office, Humboldt Bay National Wildlife Refuge, California State Parks, National Park Service, Bureau of Land Management, Friends of the Dunes, Tolowa Dunes Stewards, Humboldt County Parks, and California State Polytechnic University-Humboldt. The Kure/Stuyvesant Trustee

Council (KSTC) is composed of representatives from the Service, the California Department of Fish and Wildlife, and the California State Lands Commission and is the entity providing funding through the Kure/Stuyvesant Restoration Fund for Friends of the Dunes to complete the action described below.

Crumb Clean Message Effectiveness Social Survey—The social survey for the redesigned Crumb Clean Campaign will be used to assess the effectiveness of the campaign's message (the campaign's goal is education on keeping wild animals from getting access to human food in California State Parks). Information collected will strictly be regarding the messaging of the Crumb Clean Campaign, and what can be done to improve the overall message quality and effectiveness. The survey will be administered three times during summer. Data collected will be used to inform any necessary adjustment to a required presentation on the Crumb Clean Campaign.

Crumb Clean Report—A report on the results of the survey must be submitted to the Service. This report must be compliant with section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d).

These reports will include Crumb Clean Questionnaire results, locations of distribution, and hours spent.

- Related Information Collection Activities Already Approved by the Office of Management and Budget
- Banding activities under the U.S. Geological Survey's "Bird Banding and Recovery Reports" (OMB Control No. 1028-0082);
- ESA permitting activities under the Service's "Federal Fish and Wildlife Permit Applications and Reports—Native Endangered and Threatened Species; 50 CFR 10, 13, and 17" (OMB Control No. 1018-0094); and
- Service Manual chapter 516 FW 1—Monitoring Financial and Performance Reporting for Financial Assistance (OMB Control No. 1018-0100).

The public may request a copy of the proposed survey instruments or any other document in this information collection by sending a request to the Service Information Collection Clearance Officer (see **ADDRESSES**).
