

telephone. Members of the public may virtually join the meeting 10 minutes prior to their start time. Members of the public joining by phone will be automatically placed in listen only mode.

Submission of requests to make an oral comment: There will be an allotted time for oral comment at all meetings. The public may submit a request to make oral comment by sending a note via the chat function to the Host and Presenters of each meeting. Please include "Oral Comment Request" in the note and provide the name, title, organization/affiliation, and email address of the person requesting to speak. Those joining by phone will be given instructions by the event producer on how to make oral comment. The Designated Federal Official will call upon each requestor in the order in which the requests were received. Each individual who makes a request will have an opportunity to speak for up to two minutes. All oral comments will become part of the official record of the meeting.

Submission of written comments: Written comments must be submitted to the whirsvps@ed.gov mailbox no later than two business days before each meeting. Please include in the subject line "Written Comments: Public Comment." The email must include the name(s), title, organization/affiliation, mailing address, email address, and telephone number of the person(s) making the comment. Comments should be submitted as a Microsoft Word document or in a medium compatible with Microsoft Word (not a PDF file) that is attached to the email or provided in the body of the email message. Please do not send material directly to the members of the Board. Written comments will become part of the official record of the meeting.

Access to Records of the Meeting: The Department will post the official report of the meeting on the Board's website, <https://sites.ed.gov/whhbcu/policy/presidents-board-of-advisors-pba-on-hbcus>, no later than 90 days after the meeting. Pursuant to 5 U.S.C. 1009(b), the public may also inspect the meeting materials and other Board records at 400 Maryland Avenue SW, Washington, DC, by emailing oswhi-hbcu@ed.gov or by calling (202) 453-5634 to schedule an appointment.

Reasonable Accommodations: The meeting site is accessible to individuals with disabilities. If you will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least two

weeks before the meeting date. Although we will attempt to meet a request received after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application has been accepted but is not ready for environmental analysis at this time.

l. *The Schoolfield Project includes:* (1) a 910-foot-long, 25-foot-high curved ogee-type concrete spillway dam with a crest elevation of 434.7 feet National Geodetic Vertical Datum of 1929 (NGVD29) and topped with 3-foot-high wooden flashboards; (2) a reservoir having a surface area of 287 acres and a gross storage capacity of approximately 1,952 acre-feet at the project's normal maximum water surface elevation of 437.7 feet NGVD29; (3) a 224-foot-long by 35-foot-wide brick and concrete powerhouse that contains three identical 1.5-megawatt (MW) generating units (each generating unit is connected to two identical propeller-type turbine units with rated capacity of 1,006 horsepower each) for a total installed capacity of 4.5 MW; (4) a 72-foot-long headwall between the dam and the powerhouse with six low-level sluice gates and a non-operating fish ladder; (5) a tailrace that is approximately 160 feet long and 220 feet wide and separated from main river flows by a concrete wall; (6) a substation; (7) six 300-foot-long generator leads and a step-up transformer; and (8) appurtenant facilities.

The Schoolfield Project is operated in run-of-river mode, which may be suspended during reservoir drawdown and refilling for inspection of the City of Danville, Virginia's water supply intakes, which occurs on an as needed basis. During normal operation, an instantaneous minimum flow of 300 cubic feet per second is released downstream. The minimum flow is typically provided as part of generation flows. Average annual generation at the project was 15,220 megawatt-hours from 2017-2020.

m. A copy of the application is available for review via the internet through the Commission's Home Page (<http://www.ferc.gov>), using the "eLibrary" link.
