

does not substantively modify System⁷ functionality or processes on the Exchange, the proposed changes will not impose any burden on competition nor are they meant to affect competition among the exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The proposed change modifies the Exchange's rules to correct citations to Rule 600(b) of Regulation NMS, which should help prevent confusion and add clarity to the Exchange's rules. For these reasons, and because the proposal raises no novel legal or regulatory issues, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative

delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-99473; File No. SR-MIAX-2024-04]

Self-Regulatory Organizations; Miami International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Update Citations to Rule 600(b) of Regulation National Market System

February 5, 2024.

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 24, 2024, Miami International Securities Exchange, LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to update citations to Rule 600(b) of Regulation National Market System ("Regulation NMS") in Exchange Rule 518, Complex Orders, Rule 530, Limit Up-Limit Down, and Rule 1701,

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

The text of the proposed rule change is available on the Exchange's website at <https://www.miaxglobal.com/markets/us-options/miax-options/rule-filings>, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update citations to Rule 600(b) of Regulation NMS in Exchange Rule 518, Complex Orders, Rule 530, Limit Up-Limit Down, and Rule 1701, Consolidated Audit Trail Compliance Rule—Definitions.

In 2021, the Securities and Exchange Commission (the "Commission") amended Regulation NMS under the Act in connection with the adoption of the Market Data Infrastructure Rules.³ As part of that initiative, the Commission adopted new definitions in Rule 600(b) of Regulation NMS and renumbered the remaining definitions, including the definitions of Trading Center (formerly Rule 600(b)(78)), NMS Stock (formerly Rule 600(b)(47)), Regular Trading Hours (formerly Rule 600(b)(64)), and Listed Option or Option (formerly Rule 600(b)(35)).

The Exchange accordingly proposes to update the relevant citations to Rule 600(b) in its rules as follows:

- The citation to the definition of NMS Stock in Rule 518 would be changed to Rule 600(b)(55).
- The citation to the definition of Trading Center in Rule 518 would be changed to Rule 600(b)(95).
- The citation to the definition of Regular Trading Hours in Rule 530, Limit Up-Limit Down, would be changed to Rule 600(b)(77).

- The citation to the definition of Listed Option or Option in Rule 1701, Consolidated Audit Trail Compliance Rule—Definitions, would be changed to Rule 600(b)(43).

- The citation to the definition of NMS Stock in Rule 1701, Consolidated Audit Trail Compliance Rule—Definitions, would be changed to Rule 600(b)(55).

2. Statutory Basis

The Exchange believes the proposed rules changes are consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rules changes are consistent with Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed changes to its rules to correct citations to Rule 600(b) of Regulation NMS would remove impediments to and perfect the mechanism of a free and open market and a national market system because the proposed change is designed to update an external rule reference. The Exchange believes that Members⁶ would benefit from the increased clarity, thereby reducing potential confusion and ensuring that those subject to the Exchange's jurisdiction, regulators, and the investing public can more easily navigate and understand the Exchange's rules. The Exchange further believes that the proposed changes would not be inconsistent with the public interest and the protection of investors because investors will not be harmed and in fact would benefit from increased clarity, thereby reducing potential confusion.

In addition, the Exchange proposes to correct a grammatical error in the definition of "Listed Options" or "Option" in Exchange Rule 1701 to

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(5).

⁶ The term "Member" means an individual or organization approved to exercise the trading rights associated with a Trading Permit. Members are deemed "members" under the Exchange Act. See Exchange Rule 100.

conform to the other definitions in the Rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rules changes would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rules changes is not intended to address competitive issues but rather would modify Exchange rules to update citations to Rule 600(b) of Regulation NMS. Since the proposal does not substantively modify System⁷ functionality or processes on the Exchange, the proposed changes will not impose any burden on competition nor are they meant to affect competition among the exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

filing. The proposed change modifies the Exchange's rules to correct citations to Rule 600(b) of Regulation NMS and make a grammatical correction, which should help prevent confusion and add clarity to the Exchange's rules. For these reasons, and because the proposal raises no novel legal or regulatory issues, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

SMALL BUSINESS ADMINISTRATION

Data Collection Available for Public Comments

ACTION: 60-Day notice and request for comments.

SUMMARY: The Small Business Administration (SBA) plans to seek approval from the Office of Management and Budget (OMB) to conduct the data collection activities described below. The Paperwork Reduction Act requires federal agencies to publish a notice in the **Federal Register** concerning each proposed collection of information to OMB, and to allow 60 days for the public to comment in response to the notice. This notice complies with such requirements and announces the SBA's proposal to conduct a survey of cluster administrators, small businesses, and partner organizations including Entrepreneurial Support Organizations (ESO) who participated in the SBA's Regional Innovation Cluster (RIC) Initiative.

DATES: Submit comments on or before April 7, 2024.

ADDRESSES: Send all comments to Alison Evans, Office of Investment and Innovation, 409 3rd Street SW, Suite 6300, Washington DC 20416, with the subject line: "Regional Innovation Cluster Program Evaluation"

FOR FURTHER INFORMATION CONTACT: Alison Evans, Office of Investment and Innovation (Alison.Evans@sba.gov), or Curtis B. Rich, Management Analyst, 202-205-7030, curtis.rich@sba.gov.

SUPPLEMENTARY INFORMATION: This is a request for the extension with changes to a currently approved collection (previous OMB number: 3245-0392). Through the RIC Initiative, the SBA is investing in regional clusters—geographic concentrations of interconnected companies, specialized suppliers, academic institutions, service providers, and associated organizations with a specific industry focus—throughout the United States that span a variety of industries. The three primary goals of the initiative are to (1) increase opportunities for small business participation within clusters, (2) promote innovation in the industries on which the clusters are focused, and (3) enhance economic development and growth in cluster regions. To achieve these goals, the clusters provide a host of services to the target population of small and emerging businesses within their regional and industry focuses. Services include direct business advising and support and sponsoring events, such as networking opportunities with investors, partner organizations, ESOs, and other stakeholders in the regions. This information collection is necessary for the SBA to understand the progress of the RIC Initiative towards achieving its goals.

The evaluation consists of two key components: an implementation evaluation and an outcome evaluation. The implementation evaluation focuses on how the Initiative is implemented across the fourteen clusters and on the services that each cluster provides to its small businesses. The outcome evaluation focuses on short and intermediate-term outcomes linked directly to the cluster services, as well as on long-term business outcomes that can be reasonably expected to result from the short- and intermediate-term outcomes. The short-term outcomes include the satisfaction and the perceived effectiveness of the program for business management and growth. The intermediate-term outcomes include development of new products, commercialization of new technologies,
