

CEQ's memo "Cooperating Agencies in Implementing the Procedural Requirements of [NEPA]" dated January 30, 2002.

BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. Even if an organization is not a cooperating agency, opportunities will exist to provide information and comments to BOEM during the normal public input phases of the NEPA process.

Comments: Federal agencies; Tribal, State, and local governments; and other interested parties are requested to comment on the important issues to be considered in the EA. For information on how to submit comments and the submission deadline, see the **DATES** and **ADDRESSES** sections above.

Privileged and Confidential Information: BOEM will protect privileged and confidential information in your comment under the Freedom of Information Act (FOIA). Exemption 4 of FOIA applies to trade secrets and commercial and financial information that is privileged or confidential. If you wish to protect the confidentiality of such information, clearly label it and request that BOEM treat it as confidential. BOEM will not disclose such information if BOEM determines under 30 CFR 585.114(b) that the information qualifies for a FOIA exemption. Please label privileged or confidential information "Contains Confidential Information" and consider submitting such information as a separate attachment.

BOEM will not treat as confidential any aggregate summaries of such information or comments not containing such privileged or confidential information. Information that is not labeled as privileged or confidential may be regarded by BOEM as suitable for public release.

Personally Identifiable Information (PII): BOEM encourages you to not submit anonymous comments. Please include your name with your comment. You should be aware that your entire comment, including your name and any other PII included in your comment, may be made publicly available. All submissions from identified individuals, businesses, and organizations will be available for public viewing on [regulations.gov](https://www.regulations.gov). Except for clearly identified privileged and confidential information, BOEM will make available for public inspection all comments, in their entirety, submitted by organizations and businesses, or by individuals identifying themselves as representatives of organizations or businesses.

For BOEM to consider withholding your PII from disclosure, you must identify any information contained in your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. Even if BOEM withholds your information in the context of this notice, your submission is subject to FOIA, and if your submission is requested under FOIA, your information will only be withheld if a determination is made that one of FOIA's exemptions to disclosure applies. Such a determination will be made in accordance with the Department's FOIA regulations and applicable law.

Section 304 of the National Historic Preservation Act (54 U.S.C. 307103(a)): After consultation with the Secretary of the Interior, BOEM is required to withhold the location, character, or ownership of historic resources if it determines that disclosure may, among other things, cause a significant invasion of privacy, risk harm to the historic resources, or impede the use of a traditional religious site by practitioners. Tribal entities and other parties providing information on historic resources should designate information that they wish to be held as confidential and provide the reasons why BOEM should do so.
