Abstract of Proposed Collection

The Office of Emergencies in the Diplomatic and Consular Service (EDCS) manages the solicitation and acceptance of gifts to the U.S. Department of State. The information requested via donor letters is a necessary first step to accepting donations. The information is sought pursuant to 22 U.S.C. 2697, 5 U.S.C. 7324 and 22 CFR part 3, and will be used by EDCS’s Gift Fund Coordinator to demonstrate the donor’s intention to donate either an in-kind or monetary gift to the Department. This information is mandatory and must be completed before the gift is received by the Department.

Methodology

The information collection forms are available electronically via the State Department’s Intranet website (<https://myapps.servicenowservices>) for program offices who have authority to solicit or accept donations on behalf of the Department. Donors can also request and complete hard copies of the form if internet access is not available. After completion, the donor mails all forms to EDCS.

[Public Notice: 12327]

Office of the Chief of Protocol; Gifts to Federal Employees From Foreign Government Sources Reported to Employing Agencies in Calendar Year 2022

All information reported to the Office of the Chief of Protocol, including gift appraisal and donor information, is the responsibility of the employing agency,

in accordance with applicable law and GSA regulations.

The Office of the Chief of Protocol, Department of State, submits the following comprehensive listing of the statements which, as required by law, federal employees filed with their employing agencies during calendar year 2022 concerning gifts received from foreign government sources. The compilation includes reports of both tangible gifts and gifts of travel or travel expenses of more than minimal value, as defined in 5 U.S.C. 7432 and GSA regulations. For calendar year 2022 (January 1, 2022 through December 31, 2022), minimal value is \$415.00.

Pursuant to Title 22 of the Code of Federal Regulations Section 3.4, the report includes all gifts given on a single occasion when the aggregate value of those gifts exceeds minimal value. Also included are gifts received in previous years including two from 2019, three from 2020, and nineteen from 2021. These latter gifts are being reported in this year’s report for calendar year 2022 because the Office of the Chief of Protocol, Department of State, did not receive the relevant information at the time of reporting to include them in earlier reports. Agencies not listed in this report either did not receive relevant gifts during the calendar year, did not transmit a listing to the Secretary of State of all statements filed during the preceding year by the employees of that agency pursuant to 5 U.S.C. 7432(f)(1), or did not respond to the State Department’s Office of the Chief of Protocol’s request for data. The U.S. Senate maintains an internal minimal value of \$100; therefore, all gifts over the \$100 limit are furnished in the U.S. Senate report.

Publication of this listing in the **Federal Register** is required by section 7342(f) of Title 5, United States Code, as added by section 515(a)(1) of the Foreign Relations Authorization Act, Fiscal Year 1978 (Pub. L. 95-105, August 17, 1977, 91 Stat. 865).

John R. Bass,

Under Secretary for Management, U.S. Department of State.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36755]

**Union Pacific Railroad Company—
Trackage Rights Exemption—Omaha
Public Power District**

Union Pacific Railroad Company (UP), a Class I rail carrier, has filed a verified notice of exemption under 49 CFR 1180.2(d)(7) to extend the term of its trackage rights over 54.8 miles of rail line of Omaha Public Power District (OPPD) between milepost 5.9 near Arbor, Neb., and milepost 56.3 near College View in Lincoln, Neb., and an additional 475-foot section of track extending from milepost 5.9 (the Line).

UP states that it originally acquired these trackage rights pursuant to an agreement dated July 25, 2003. See *Union Pac. R.R.—Trackage Rights Exemption—Omaha Pub. Power Dist.*,

FD 34388 (STB served Aug. 22, 2003). The original agreement expired December 31, 2020; UP further states, however, that it and OPPD agreed to negotiate for an extension, and operations under the agreement continued. According to UP, it and OPPD have now executed a new agreement that provides UP with substantially similar trackage rights and will allow operations to continue as they have since 2003 without material changes.¹

The transaction may be consummated on or after February 29, 2024, the effective date of the exemption (30 days after the verified notice was filed).

As a condition to this exemption, any employees affected by the extension of the term of trackage rights will be protected by the conditions imposed in *Norfolk & Western Railway—Trackage Rights—Burlington Northern, Inc.*, 354

¹UP submitted a confidential version of the new agreement under seal along with a corresponding motion for protective order, which will be addressed in a separate decision.

I.C.C. 605 (1978), as modified in *Mendocino Coast Railway—Lease & Operate—California Western Railroad*, 360 I.C.C. 653 (1980).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than February 22, 2024 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36755, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423–0001. In addition, a copy of each pleading must be served on UP's representative, Tanya Spratt, 1400 Douglas Street, Union Pacific Railroad Company, STOP 1580, Omaha, NE 68179.
