

address. For other inquiries, please contact Ms. Molly Thrash, NEPA Project Manager at ContactUs@SpaceForceStarshipEIS.com or 1-813-954-5608.

SUPPLEMENTARY INFORMATION: The purpose for the DAF's Proposed Action is to advance U.S. space capabilities and provide launch and landing infrastructure in furtherance of U.S. policy to ensure capabilities necessary to launch and insert national security payloads into space (United States Code [U.S.C.] Title 10, Section 2273, "Policy regarding assured access to space: national security payloads").

The need for the DAF's Proposed Action is to ensure National Security Space Launch Assured Access to Space without compromising current launch capabilities and fulfill (in part) U.S. Congress's grant of authority to the Secretary of Defense, pursuant to 10 U.S.C. 2276(a), "Commercial space launch cooperation," that the Secretary of Defense is permitted to take action to maximize the use of the capacity of the space transportation infrastructure of the Department of Defense (DOD) by the private sector in the U.S.; maximize the effectiveness and efficiency of the space transportation infrastructure of the DOD; reduce the cost of services provided by the DOD related to space transportation infrastructure at launch support facilities and space recovery support facilities; encourage commercial space activities by enabling investment by covered entities in the space transportation infrastructure of the DOD; and foster cooperation between DOD and covered entities.

The DAF has identified a Proposed Action alternative, one reasonable action alternative (Alternative 1), and the No Action Alternative to be carried forward for analysis in the EIS. Under the Proposed Action, SpaceX would modify, reuse, or demolish the existing Space Launch Complex (SLC)-37 infrastructure at CCSFS to support Starship-Super Heavy launch and landing operations. Under Alternative 1, leasing SLC-50 at CCSFS, SpaceX would construct infrastructure to support Starship-Super Heavy launch and landing operations on a site that is currently undeveloped. Under the No Action Alternative, USSF would not enter into a real property agreement with SpaceX, SpaceX would not develop a launch and landing site in support of Starship-Super Heavy launches, and SpaceX would not apply for an FAA vehicle operator license for Starship-Super Heavy launches at either of the alternative SLCs under consideration.

Potential impacts may include noise, air quality, and hazardous material effects associated with operations and construction, as well as effects on biological and cultural resources because of ground disturbance and operational noise and vibrations. Implementation of the Proposed Action would potentially impact wetlands and/or floodplains, therefore this NOI initiates early public review as required per Executive Order 11988 "Floodplain Management." and Executive Order 11990 "Protection of Wetlands."

A Federal Coastal Zone Management Act determination will be conducted and coordinated with the Florida State Clearinghouse to determine consistency of the action with the Florida Coastal Management Program. SpaceX would be required to obtain an FAA Vehicle Operator License for the Starship-Super Heavy launch vehicle at CCSFS, which could include launch, reentry, or both. A Clean Air Act Title V operating permit may be required, as well as a Clean Water Act Section 404 permit and National Pollutant Discharge Elimination System permit.

Scoping and Agency Coordination: Consultation will include, but not necessarily be limited to, consultation under Section 7 of the Endangered Species Act and consultation under Section 106 of the NHPA, to include consultation with federally recognized Native American Tribes. Regulatory agencies with special expertise in wetlands and floodplains, such as the U.S. Army Corps of Engineers, will be contacted and asked to comment. The DAF and Cooperating Agencies will determine the scope of the analysis by soliciting comments from interested local, state, and federally elected officials and agencies, federally recognized Native American tribes, as well as interested members of the public. Comments are requested on identification of potential alternatives, information, and analyses relevant to the Proposed Action.

Tommy W. Lee,

Acting Air Force Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Office of the Secretary

Meeting of Department of Defense Federal Advisory Committees— Defense Innovation Board

AGENCY: Office of the Under Secretary of Defense for Research and Engineering, Department of Defense (DoD).

ACTION: Meeting of Federal advisory committee.

SUMMARY: The DoD is publishing this notice to announce that the following Federal Advisory Committee meeting of the Defense Innovation Board (DIB) will take place.

DATES: Open to the public Tuesday, March 5, 2024, from 4:00 p.m. to 4:45 p.m.

ADDRESSES: The open meeting will take place virtually, via the Defense Visual Information Distribution Service (DVIDS).

FOR FURTHER INFORMATION CONTACT: Dr. Marina Theodotou, the Designated Federal Officer (DFO) at (571) 372-7344 (voice) or osd.innovation@mail.mil. Mailing address is Defense Innovation Board, 4800 Mark Center Drive, Suite 15D08, Alexandria, VA 22350-3600. Website: <https://innovation.defense.gov>. The most up-to-date changes to the meeting agenda and link to the virtual meeting can be found on the website.

SUPPLEMENTARY INFORMATION: Due to circumstances beyond the control of the Designated Federal Officer and the Department of Defense, the Defense Innovation Board was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its March 5, 2024 meeting. Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day notification requirement.

This meeting is being held under the provisions of chapter 10 of title 5, United States Code (U.S.C.) (commonly known as the "Federal Advisory Committee Act" or "FACA") and 41 Code of Federal Regulations (CFR) 102-3.140 and 102-3.150.

Purpose of Meeting: The mission of the DIB is to provide the Secretary of Defense, the Deputy Secretary of Defense, and the Under Secretary of Defense for Research and Engineering (USD(R&E)) independent advice and strategic insights on emerging and disruptive technologies and their impact on national security, adoption of commercial sector innovation best practices, and ways to leverage the U.S.

innovation ecosystem to align structures, processes, and human capital practices to accelerate and scale innovation adoption, foster a culture of innovation and an experimentation mindset, and enable the DoD to build enduring advantages. The DIB focuses on innovation-related issues and topics raised by the Secretary of Defense, the Deputy Secretary of Defense, or the USD(R&E). The objective of this DIB meeting is to gather information from guest speakers and discuss relevant issues related to its current research in preparation for the upcoming Spring 2024 Public Meeting scheduled on April 17, 2024.

Agenda: The DIB's open meeting will take place on March 5, 2024, from 4:00 p.m. to 4:45 p.m. During this time, the DIB will meet with the following guest speakers from the Defense Entrepreneurs Forum (DEF) Board: Ian Eishen, Evanna Hu, Jesse Levin, Michael Madrid, Megan Metzger, and Jen Sovada, to gather information and discuss specific issues regarding talent management, partnerships and collaboration, responsible AI, internal barriers, risk taking, and tech adoption in preparation for the DIB's upcoming Spring 2024 Public Meeting scheduled on April 17, 2024, to ensure proposed recommendations are practical and actionable to drive and scale innovation across the DoD.

Meeting Accessibility: Pursuant to Federal statutes and regulations (the FACAs and 41 CFR 102–3.140 and 102–3.150), the open meeting will be accessible to the public virtually on March 5, 2024, from 4:00 p.m. to 4:45 p.m. Members of the public wishing to attend the meeting virtually will be able to access a link published on the DIB website the morning of the meeting.

Written Statements: Pursuant to 41 CFR 102–3.105(j) and 102–3.140 and section 1009(a)(3) of the FACAs, the public or interested organizations may submit written comments or statements to the DIB in response to the stated agenda of the meeting or regarding the DIB's mission in general. Written comments or statements should be submitted to Dr. Marina Theodotou, the DFO, via email to osd.innovation@mail.mil. Comments or statements must include the author's name, title or affiliation, address, and daytime phone number. The DFO must receive written comments or statements being submitted in response to the agenda set forth in this notice by 12:00 p.m. on March 2, 2024, to be considered by the DIB. The DFO will review all timely submitted written comments or statements with the DIB Chair and ensure the comments are provided to all

members before the meeting. Written comments or statements received after this date may not be provided to the DIB until its next scheduled meeting. Please note that all submitted comments and statements will be treated as public documents and will be made available for public inspection, including, but not limited to, being posted on the DIB's website.

Dated: February 14, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2023–SCC–0195]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Connecting Adults to Success: Career Navigator Training Study (CATS Study)

AGENCY: Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a revision of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before March 22, 2024.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting “Department of Education” under “Currently Under Review,” then check the “Only Show ICR for Public Comment” checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the “View Information Collection (IC) List” link. Supporting statements and other supporting documentation may be found by clicking on the “View Supporting Statement and Other Documents” link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Melanie Ali, (202) 245–8345.

SUPPLEMENTARY INFORMATION: The Department is especially interested in

public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Connecting Adults to Success: Career Navigator Training Study (CATS Study).

OMB Control Number: 1850–0973.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: Individuals or households *Total Estimated Number of Annual Responses:* 30,823.

Total Estimated Number of Annual Burden Hours: 2,340.

Abstract: The Institute of Education Sciences within the U.S. Department of Education requests clearance for a revision to the Connecting Adults to Success: Evaluation of Career Navigator Training (1850–0973, approved on July 18, 2022). This demonstration study examines the impact of training for career navigators—local adult education provider staff who provide services to address the challenges that learners face navigating the transition to the workforce and to further education and training. The study compares the education and employment outcomes of learners enrolled in adult education sites whose career navigators are assigned by lottery to receive the study's training (the treatment group) with the outcomes of learners enrolled in the business-as-usual sites who are assigned by lottery to receive the study's training after the study period (the comparison group). Approximately 64 adult education sites nationally are participating in the study. Impacts on learners' education and employment outcomes will be examined after 18 and 30 months. The revision is for the purpose of shifting one component of the approved data collection plan—frequent adult education career navigator-completed logs—to add a single follow-up survey to ensure the study can still examine whether the training leads to changes in these practices. The survey is now needed because of concerns about low response rates and data quality from early rounds of those logs.
