### Federal Aviation Administration

#### 14 CFR Part 71

[Docket No. FAA-2023-1147; Airspace Docket No. 22-AAL-55]

RIN 2120-AA66

#### Amendment of Alaskan Very High Frequency Omnidirectional Range (VOR) Federal Airway V-333 in the Vicinity of Shishmaref, AK, and Revocation of Alaskan VOR Federal Airway V-401 in the Vicinity of Ambler, AK

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Alaskan Very High Frequency Omnidirectional Range (VOR) Federal Airway V-333 and revokes Alaskan VOR Federal Airway V-401. The FAA is taking this action due to the pending decommissioning of the Shishmaref, AK, and Ambler, AK, Nondirectional Radio Beacons (NDB).

The identifier V-333 is also used as an identifier for Domestic VOR Federal Airway V-333 in the vicinity of Rome, GA. The identifier V-401 is also used as an identifier for Domestic VOR Federal Airway V-401 in the vicinity of Worland, WY. This airspace action only pertains to the Alaskan V-333 and V-401. The V-333 near Rome, GA and V-401 near Worland, WY, are not affected by this airspace action.

**DATES:** Effective date 0901 UTC, May 16, 2024. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

**ADDRESSES:** A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at [www.regulations.gov](http://www.regulations.gov) using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

FAA Order JO 7400.11H, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

**FOR FURTHER INFORMATION CONTACT:** Steven Roff, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

#### SUPPLEMENTARY INFORMATION:

##### Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the Air Traffic Service (ATS) route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

#### History

The FAA published a NPRM for Docket No. FAA 2023-1147 in the **Federal Register** (88 FR 54251; August 10, 2023), proposing to amend V-333 and to revoke V-401 in Alaska. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

#### Incorporation by Reference

Alaskan VOR Federal airways are published in paragraph 6010 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023. FAA Order JO 7400.11H is publicly available as listed in the **ADDRESSES** section of this document. These amendments will be published in the next update to FAA Order JO 7400.11.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Rule

This action amends 14 CFR part 71 by amending Alaskan VOR Federal Airway V-333 and revoking Alaskan VOR Federal Airway V-401, in its entirety, in the state of Alaska.

**V-333:** Prior to this final rule, Alaskan VOR Federal Airway V-333 extended between the Hooper Bay, AK, VOR/Distance Measuring Equipment (DME), the Nome, AK, VOR/DME, and the Shishmaref, AK, Nondirectional Radio Beacon (NDB). The airway segment between the Nome VOR/DME and the Shishmaref NDB is removed. As amended, the airway is now changed to extend between the Hooper Bay VOR/DME and the Nome VOR/DME.

**V-401:** Prior to this final rule, Alaskan VOR Federal Airway V-401 extended between the Ambler, AK, NDB, the Kotzebue, AK, VOR/DME, and the Shishmaref, AK, NDB. The airway is removed in its entirety.

The identifier V-333 is also used as an identifier for Domestic VOR Federal Airway V-333 in the vicinity of Rome, GA. The identifier V-401 is also used as an identifier for Domestic VOR Federal Airway V-401 in the vicinity of Worland, WY. This airspace action only pertains to the Alaskan V-333 and V-401. The V-333 near Rome, GA and V-401 near Worland, WY, are not affected by this airspace action.

**Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

The FAA has determined that this airspace action of amending Alaskan VOR Federal Airway V–333 and revoking Alaskan VOR Federal Airway V–401 in Alaska qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5–6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points), and paragraph 5–6.5i, establishment of new or revised air traffic control procedures conducted at 3,000 feet or more above ground level (AGL); procedures conducted below 3,000 feet AGL that do not cause traffic to be routinely routed over noise sensitive areas; modifications to currently approved procedures conducted below 3,000 feet AGL that do not significantly increase noise over noise sensitive areas, and increases in minimum altitudes and landing minima. For modifications to air traffic procedures at or above 3,000 feet AGL, the Noise Screening Tool (NST) or other FAA-approved environmental screening methodology should be applied. As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5–2 regarding Extraordinary Circumstances, the FAA has reviewed

this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. Accordingly, the FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

**The Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

**§ 71.1 [Amended]**

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

*Paragraph 6010(b) Alaskan VOR Federal Airways.*

\* \* \* \* \*

**V–333 [Amended]**

From Hooper Bay, AK; to Nome, AK.

\* \* \* \* \*

**V–401 [Removed]**

\* \* \* \* \*

Issued in Washington, DC, on February 14, 2024.

**Brian Eric Konie,**

*Acting Manager, Rules and Regulations Group.*

**Revocation of Colored Federal Airway Green 4 (G–4) in the Vicinity of Dillingham, AK**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action revokes Colored Federal Airway Green 4 (G–4) in the vicinity of Dillingham, AK due to the pending decommissioning of the Wood River, AK (BTS), Nondirectional Radio Beacon (NDB).

**DATES:** Effective date 0901 UTC, May 16, 2024. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.
