

terms of any licenses or other legal restrictions on the use of pre-existing works.

Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting*: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures*: For the purposes of Department reporting under 34 CFR 75.110, the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include (1) the percentage of preparation programs that incorporate scientifically based research or EBPs into their curricula; and (2) the percentage of scholars completing the preparation program who are knowledgeable and skilled in EBPs that improve outcomes for children with disabilities.

The measures apply to projects funded under this competition, and grantees are required to submit data on these measures as directed by the Office of Special Education Programs.

Grantees will be required to report information on their project's performance in annual and final performance reports to the Department (34 CFR 75.590).

The Department will also closely monitor the extent to which the products and services provided by the project meet needs identified by stakeholders and may require the project to report on such alignment in its annual and final performance reports.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Title of Collection: Gainful Employment/Financial Value Transparency Reporting Requirements.

OMB Control Number: 1845–NEW.

Type of Review: A new ICR.

Respondents/Affected Public: State, local, and Tribal governments.

Total Estimated Number of Annual Responses: 149,800.

Total Estimated Number of Annual Burden Hours: 2,665,823.

Abstract: The regulations in § 668.408 in Subpart Q—Financial Value Transparency, that were negotiated in 2022 and the Final Rule published in 2023, establish reporting requirements for postsecondary institutions who participate in the title IV programs under the Higher Education Act of 1965, as amended, to report on their students who enroll in, complete, or withdraw from a gainful employment (GE) program or an eligible non-GE program in specified award years. The new regulations also define the timeframes for institutions to report the required information. This is a request for a new collection to allow the Department to obtain the required information and assess the burden on institutions. The average burden hours of 2,665,823 is for the average 149,860 responses for 4,518 respondents over 3 years. We divided the total 3 year burden hours of 7,997,468, and the 499,580 responses by 3 to obtain these averages.

Dated: February 15, 2024.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
