

performance reports to the Department (34 CFR 75.590).

The Department will also closely monitor the extent to which the products and services provided by the Center meet needs identified by stakeholders and may require the Center to report on such alignment in their annual and final performance reports.

6. *Continuation Awards*: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

## VII. Other Information

*Accessible Format*: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

*Electronic Access to This Document*: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at [www.govinfo.gov](http://www.govinfo.gov). At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at [www.federalregister.gov](http://www.federalregister.gov). Specifically, through the advanced search feature at this site, you can limit

your search to documents published by the Department.

## DEPARTMENT OF ENERGY

### Energy Information Administration

#### Agency Information Collection Proposed Extension

**AGENCY**: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

**ACTION**: Notice and request for comments.

**SUMMARY**: EIA invites public comment on the proposed three-year extension, with change, to Form EIA-63C *Densified Biomass Fuel Report* as required under the Paperwork Reduction Act of 1995. The report is part of EIA's comprehensive energy data program. Form EIA-63C collects monthly data on the manufacture, shipment, exports, energy characteristics, and sales of densified biomass fuels and other densified biomass fuel products from facilities that manufacture densified biomass fuel products (pellet fuels), for energy applications.

**DATES**: EIA must receive all comments on this proposed information collection no later than April 22, 2024. If you anticipate any difficulties in submitting your comments by the deadline, contact the person listed in the **ADDRESSES** section of this notice as soon as possible.

**ADDRESSES**: Send comments to Patricia Hutchins by email at [patricia.hutchins@eia.gov](mailto:patricia.hutchins@eia.gov).

**FOR FURTHER INFORMATION CONTACT**: Connor Murphy, EI-23, U.S. Energy Information Administration, telephone 1-800-342-4872 or (202) 287-5982, email [Connor.Murphy@eia.gov](mailto:Connor.Murphy@eia.gov). The form and instructions are available at <https://www.eia.gov/survey/#eia-63>.

**SUPPLEMENTARY INFORMATION**: This information collection request contains:

(1) *OMB No.*: 1905-0209;

(2) *Information Collection Request Title*: Densified Biomass Fuel Report;

(3) *Type of Request*: Three-year extension with change;

(4) *Purpose*: Form EIA-63C is part of EIA's comprehensive energy data program. The survey collects information on the manufacture,

shipment, exports, energy characteristics, and sales of pellet fuels and other densified biomass fuel products from facilities that manufacture densified biomass fuel products, primarily pellet fuels, for energy applications. The data collected on Form EIA-63C are a primary source of information for the nation's growing production of biomass products for heating and electric power generation, and for use in both domestic and foreign markets.

(4a) *Proposed Changes to Information Collection*: There is a reduction in the number of survey respondents required to file EIA-63C reports. This reduces the annual estimated responses and associated burden hours. There is no change to the content collected on the EIA-63C.

(5) *Annual Estimated Number of Respondents*: 76;

(6) *Annual Estimated Number of Total Responses*: 912;

(7) *Annual Estimated Number of Burden Hours*: 1,277;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: The cost of the burden hours is estimated to be \$116,411 (1,277 burden hours times \$91.16 per hour). EIA estimates that there are no additional costs to respondents associated with the survey other than the costs associated with the burden hours.

Comments are invited on whether or not: (a) The proposed collection of information is necessary for the proper performance of agency functions, including whether the information will have a practical utility; (b) EIA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used, is accurate; (c) EIA can improve the quality, utility, and clarity of the information it will collect; and (d) EIA can minimize the burden of the collection of information on respondents, such as automated collection techniques or other forms of information technology.

*Statutory Authority*: 15 U.S.C. 772(b) and 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on February 15, 2024.

**Samson A. Adeshiyan,**

*Director, Office of Statistical Methods and Research, U.S. Energy Information Administration.*
