

Administrator on how to improve, in a cost-effective manner, the accuracy, general quality, ease of use, distribution, and dissemination of Flood Insurance Rate Maps (FIRMs) and risk data; and to define performance metrics and milestones required to map flood risk areas effectively and efficiently in the United States. The appointments are for 3 years each, the terms of which start in spring/summer 2024. Applicants will be considered for any of the seven vacancies on the TMAC for which they are deemed to be qualified.

DATES: Applications will be accepted until 11:59 p.m. eastern standard time (EST) on Friday, April 19, 2024.

ADDRESSES: Membership applications should be submitted by one of the following methods:

- *Email:* FEMA-TMAC@fema.dhs.gov.
- *Mail:* FEMA, Federal Insurance and

Mitigation Administration, Risk Management Directorate, Attn: Brian Koper, 400 C St. SW, Ste. 6NW-1412, Washington, DC 20472-3020.

FOR FURTHER INFORMATION CONTACT:

Brian Koper, Designated Federal Officer for the TMAC, FEMA, Federal Insurance and Mitigation Administration, Risk Management Directorate, 400 C St. SW, Ste. 6NW-1412, Washington, DC 20472-3020, (202) 733-7859, FEMA-TMAC@fema.dhs.gov. The TMAC website is: <http://www.fema.gov/TMAC>.

SUPPLEMENTARY INFORMATION:

The TMAC is an advisory committee established by the Biggert-Waters Flood Insurance Reform Act of 2012, 42 U.S.C. 4101a, in accordance with provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. ch. 10 (Pub. L. 117-286). The TMAC makes recommendations to FEMA on mapping-related issues and activities, including mapping standards and guidelines, performance metrics and milestones, map maintenance, interagency and intergovernmental coordination, map accuracy, and funding strategies. In addition, the TMAC submits an annual report to the FEMA Administrator that contains: (1) a description of the activities of the Council; (2) an evaluation of the status and performance of FIRMs and mapping activities to revise and update FIRMs; and (3) a summary of recommendations made by the Council to the FEMA Administrator. Members of the TMAC will be appointed based on their demonstrated knowledge and competence in areas such as surveying, cartography, remote sensing, geospatial information systems, or the technical aspects of preparing and using FIRMs. In order for FEMA to maximize the impact of the Council and the guidance

it provides; the Council must be diverse with regard to professional and technical expertise. FEMA is committed to pursuing opportunities, consistent with applicable law, to compose a committee that reflects the diversity of the nation's people.

FEMA is requesting qualified individuals who are interested in serving on the TMAC to apply for an appointment. Applicants will be considered for appointment to seven vacancies on the TMAC, the terms of which start in spring/summer of 2024. Four of these seven vacancies, as described below, will be appointed to serve as a Special Government Employee (SGE) as defined in title 18 U.S.C. 202(a) to serve in their individual capacity, while the other three members of the TMAC will be appointed to serve as representative members. The candidates selected for appointment as a SGE will be subject to the Federal conflict of interest laws and standards of conduct regulations and required to file a New Entrant Confidential Disclosure Report (OGE 450). This form can be obtained by visiting the website of the Office of Government Ethics (<http://www.oge.gov>); please do not submit this form with your application. Qualified applicants will be considered for one or more of the following membership categories with vacancies:

- (a) One member of a recognized professional engineering association or organization;
- (b) One member of a recognized professional association or organization representing flood hazard determination firms;
- (c) One representative of a recognized professional association or organization representing State geographic information;
- (d) One representative of a State government agency that has entered into cooperating technical partnerships with the Administrator and has demonstrated the capability to produce FIRMs;
- (e) One representative of a local government agency that has entered into cooperating technical partnerships with the Administrator and has demonstrated the capability to produce FIRMs;
- (f) One member of a recognized risk management association or organization;
- (g) One State mitigation officer.

Members of the TMAC serve terms of three years with an opportunity to serve additional terms in accordance with the TMAC By-Laws. There is no application form. However, applications must include the following information:

- Applicant's full name;
- Position(s) they would like to be considered for;

- Home and business phone numbers;
- Preferred email address;
- Home and business mailing addresses;
- Current position title and organization;
- Resume or curriculum vitae; and
- The membership category of interest (e.g., member of a recognized professional association or organization representing flood hazard determination firms).

The TMAC meets as often as needed to fulfill its mission, but not less than twice a year. Members may be reimbursed for travel and per diem incurred in the performance of their duties as members of the TMAC. All travel for TMAC business must be approved in advance by the Designated Federal Officer.

The Department of Homeland Security (DHS) does not discriminate in employment on the basis of race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability and genetic information, age, membership in an employee organization, or other non-merit factor. DHS strives to achieve a widely diverse candidate pool for all its recruitment actions. Current DHS and FEMA employees will not be considered for membership. Federally registered lobbyists will not be considered.

Nicholas A. Shufro,

Deputy Assistant Administrator, Risk Analysis, Planning & Information Directorate, Resilience, Federal Emergency Management Agency.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2023-0030; OMB No. 1660-0125]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; FEMA Preparedness Grants: Homeland Security Grant Program (HSGP)

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and

clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Homeland Security Grant Program (HSGP), which includes the State Homeland Security Program (SHSP), the Urban Area Security Initiative (UASI), and Operation Stonegarden (OPSG). This revision removes the OPSG Daily Activity Report (FEMA Form FF-207-FY-21-113 (formerly 089-0-27)) from the collection.

DATES: Comments must be submitted on or before March 25, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Alexander Mrazik Jr., Branch Chief, FEMA’s Grant Programs Directorate, Grant Operations Division, Preparedness Grants Division, Homeland Security Programs Branch, at (202) 786-9732 or Alexander.MrazikJr@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency’s (FEMA’s) Homeland Security Grant Program (HSGP) supports state, local, tribal, and territorial governments efforts to prevent terrorism and prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. The HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. The HSGP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation,

Response, and Recovery based on allowable costs. HSGP is comprised of three grant programs: State Homeland Security Program (SHSP), Urban Area Security Initiative (UASI), and Operation Stonegarden (OPSG). Together, these grant programs fund a range of activities, including planning, organization, equipment purchase, training, exercises, and management and administration across all core capabilities and mission areas. The authorizing authority of the HSGP is section 2002 of the Homeland Security Act of 2002 (Pub. L. 107-296) (See 6 U.S.C. 603-609, as amended).

This revision of the information collection removes the OPSG Daily Activity Report, FEMA Form FF-207-FY-21-113 (formerly 089-0-27) that was created at the behest of CBP to fulfill CBP’s requirements under OPSG and is only used to collect information from the public by CBP. FEMA has previously included this instrument under this collection as a service to CBP, but including an instrument used by CBP under a collection granting FEMA the authority to collect information does not provide the proper service to CBP, FEMA or the public.

This proposed information collection previously published in the **Federal Register** on November 17, 2023, at 88 FR 80324 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: FEMA Preparedness Grants: Homeland Security Grant Program (HSGP).

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0125.

FEMA Forms: FEMA Form FF-207-FY-21-110 (formerly 089-1), Investment Justification for Homeland Security Grant Program (HSGP), State Homeland Security Program (SHSP) and Urban Area Security Initiative (UASI); FEMA Form FF-207-FY-21-111 (formerly 089-16), Operation Stonegarden (OPSG) Operations Order and Budget Template; FEMA Form FF-207-FY-21-112 (formerly 089-20), Operation Stonegarden (OPSG) Inventory of Operation Orders; FEMA Instruction FI-207-FY-24-100, Urban Area Working Group (UAWG) Overview/Structure (including Point-of-Contact (POC)); FEMA Instruction FI-207-FY-24-101, Operational Overtime Documentation; FEMA Instruction FI-

207-FY-24-102, Multiyear Training and Exercise Plan; FEMA Instruction FI-207-FY-24-103, Urban Area Security Initiative (UASI) Governance Charter; FEMA Instruction FI-207-FY-24-104, Senior Advisory Committee (SAC) Charter; FEMA Instruction FI-207-FY-24-105, Urban Area Working Group (UAWG) Allocation Methodology; FEMA Instruction FI-207-FY-24-106, State Homeland Security Program (SHSP) and Urban Area Security Initiative (UASI) Pass-Through Requirements; FEMA Instruction FI-207-FY-24-107, Critical Emergency Supplies; and FEMA Instruction FI-207-FY-24-108, SAFECOM Compliance Letter.

Abstract: The Homeland Security Grant Program (HSGP) is an important tool among a comprehensive set of measures to help strengthen the Nation against risks associated with potential terrorist attacks. FEMA uses the information to evaluate applicants’ familiarity with the national preparedness architecture and identify how elements of this architecture have been incorporated into planning, operations, and investments at the regional, state and local levels. The HSGP is a primary funding mechanism for building and sustaining national preparedness capabilities. The HSGP is comprised of three separate grant programs: the State Homeland Security Program (SHSP), the Urban Area Security Initiative (UASI), and Operation Stonegarden (OPSG). Together, these grants fund a range of preparedness activities, including planning, organization, equipment purchase, training, exercises, and management and administration costs.

Affected Public: State, local, or Tribal governments.

Estimated Number of Respondents: 709.

Estimated Number of Responses: 827.

Estimated Total Annual Burden Hours: 319,488.

Estimated Total Annual Respondent Cost: \$26,821,018.

Estimated Respondents’ Operation and Maintenance Costs: \$0.

Estimated Respondents’ Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$1,628,369.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the

accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Millicent Brown Wilson,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

[FR Doc. 2024–03695 Filed 2–22–24; 8:45 am]

BILLING CODE 9111–78–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA–2024–0002; Internal Agency Docket No. FEMA–B–2413]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to

reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR), in accordance with Federal Regulations. The currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will be finalized on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map

repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below.

Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.
