

C. Other Considerations and Clarifications

24. The settlement authority process and enhancements detailed in this policy statement apply only to the process by which the Commission resolves investigations conducted by Enforcement staff pursuant to 18 CFR part 1b, including investigations that relate to violations of the mandatory Reliability Standards. The reforms discussed herein do not change the process by which parties to a docketed proceeding pending before the Commission or set for hearing submit settlements to the Commission for consideration,³⁴ nor do they affect the process by which the Commission reviews proposed penalties (including those agreed to by settlement) imposed by NERC and/or the Regional Entities for violations of the Reliability Standards.³⁵

III. Conclusion

25. As a Commission, we are always striving to responsibly implement our enforcement authorities, and to that end, to continually improve and enhance our enforcement policies and procedures to better serve the public. Consistent with that goal, we issue this policy statement and hereby streamline our settlement process by eliminating the requirement that Enforcement staff seek settlement authority from the Commission prior to initiating settlement negotiations, and instead grant new discretion to the Director of Enforcement to authorize the commencement of settlement negotiations. We believe these reforms will result in more effective and efficient resolutions of part 1b investigations by settlement.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

21 CFR Part 1150

[Docket No. FDA-2012-N-0920]

User Fees; Technical Amendment

AGENCY: Food and Drug Administration, (HHS).

ACTION: Final rule; technical amendment.

SUMMARY: The Food and Drug Administration (FDA or Agency) is amending its regulations to update a link regarding user fee disputes. This technical amendment is non-substantive.

DATES: This rule is effective February 26, 2024.

FOR FURTHER INFORMATION CONTACT: Nate Mease and Tamika Hopkins, Center for Tobacco Products, Food and Drug Administration, Document Control Center, 10903 New Hampshire Ave., Bldg. 71, Rm. G335, Silver Spring, MD 20993-0002, 1-877-287-1373, email: CTPRegulations@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: FDA is amending § 1150.15 (21 CFR 1150.15) to update the web address for information regarding user fee disputes. FDA's user fee dispute regulations currently link to FDA's general web page on tobacco products. FDA is revising § 1150.15 to specifically direct firms to FDA's web page on tobacco product user fees by replacing "<https://www.fda.gov/tobacco-products>" with "<https://www.fda.gov/tobacco-products/manufacturing/tobacco-user-fees>" in two places.

www.fda.gov/tobacco-products/manufacturing/tobacco-user-fees" in two places.

Publication of this document constitutes final action on these changes under the Administrative Procedure Act (APA) (5 U.S.C. 553). The APA generally exempts rules from the requirements of notice and comment rulemaking when an agency "for good cause finds (and incorporates the finding and a brief statement of reasons therefor in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest" (5 U.S.C. 553(b)(B)).

FDA has determined that notice and public comment are unnecessary because this amendment to the regulation provides only technical or non-substantive, ministerial changes to specify the location of information on FDA's web page regarding tobacco product user fee program. Such technical, non-substantive changes are "routine determination[s], insignificant in nature and impact, and inconsequential to the industry and to the public." (*Mack Trucks, Inc. v. EPA*, 682 F.3d 87, 94 (D.C. Cir. 2012)) (quotation marks and citation omitted). Accordingly, FDA for good cause finds that notice and public procedure thereon are unnecessary for changing the cited FDA web page on tobacco user fees.

In addition, FDA finds good cause for these amendments to become effective on the date of publication of this action. The APA allows an effective date of less than 30 days after publication as "provided by the agency for good cause found and published with the rule" (5 U.S.C. 553(d)(3)). A delayed effective date is unnecessary in this case because the amendments do not impose any new regulatory requirements on affected parties. As a result, affected parties do not need time to prepare before the rule takes effect. Therefore, FDA finds good cause for this correction to become effective on the date of publication of this action.

POSTAL SERVICE

39 CFR Part 501

Authorization To Manufacture and Distribute Postage Evidencing Systems

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service is amending its Postage Evidencing Systems (PES) regulations to ensure compliance for Automated Clearinghouse or ACH payment transactions and to clarify obligations related to all payments. These changes require the applicable resetting company (RC) and PC Postage provider to comply with the latest NACHA rules published by the North American Clearing House Association for ACH transactions. These changes also require the applicable RC and PC Postage provider to obtain and store an agreement with each customer utilizing ACH debit as a payment method. Failure to comply may result in revocation of access to applicable Postal Service ACH programs.

DATES: Effective March 27, 2024.

FOR FURTHER INFORMATION CONTACT: Douglas Graham, Banking Manager, United States Postal Service, 475 L'Enfant Plaza SW, RM 8134, Washington, DC 20260. Phone: (202) 268-2188.

SUPPLEMENTARY INFORMATION: The Postal Service issued proposed revisions to 39 CFR part 501, set forth in the **Federal Register** on November 20, 2023 (Vol. 88, No. 222). It proposed amending the Postage Evidencing Systems regulations to ensure compliance for Automated Clearinghouse or ACH payment transactions and to clarify obligations related to all payments. Two sets of comments were received in response to the **Federal Register** Notice from industry participants.

NACHA Rules Compliance

Industry Comments

The proposal that PES providers must comply with NACHA rules received comments highlighting the need for clarification on which version of the NACHA rules will apply, as the rules are regularly updated. The commentors suggest including a provision for a grace period for PES providers to adopt and comply with future updates, which could either be fixed, or flexible and proportionate to the scope and complexity of future changes.

Postal Service Response

The rule will be re-worded to specify “must comply with the most recently published edition of NACHA Operating Rules & Guidelines, published by NACHA annually.” It is not the intention through this rulemaking to alter or supersede NACHA rules, but to follow existing NACHA rules and compliance that industry should reasonably understand and expect. Under this approach, the Postal Service cannot provide NACHA compliance exemptions as any entity involved in ACH related activity must already comply with NACHA rules, therefore the Postal Service will also not specify “sections to comply with” nor “grace periods”. Changes to the NACHA Operating Rules and Guidelines typically provide for future dated requirements and therefore an implementation period is normally provided within the NACHA rules.

NACHA Attestation of Compliance

Industry Comments

Commentors expressed opposition to the proposal's requirement for an annual written attestation of compliance for PES providers. One commentor opined that the requirement is unnecessary, since PES providers are already required to provide the Postal Service with System and Organizational Controls Reports (SOC 1 and SOC 2) that incorporate NACHA compliance. The proposed rule's requirement of a written plan to address any

noncompliance of NACHA rules is duplicative of the existing requirement for a remediation plan as a part of the SOC process. If the requirement is retained, one commentor recommends that the Postal Service should provide the text of the attestation or clarify what the attestation must contain.

Postal Service Response

The requirement to provide an annual written attestation of compliance will be removed.

ACH Debit Agreement

Industry Comments

Commentors expressed concerns about the proposed rule's new record-keeping requirements for ACH agreements for PES providers. One commentor suggested revising the requirements to minimize administrative burden and focus only on essential information. This commentor proposes accommodating customer agreements predating the rule by either grandfathering them for a specified period or providing an extended grace period, such as 12 to 18 months, for historic account information. The comment also argues against duplicative elements, such as the need for bank address information for every customer agreement. Another commentor also supports the idea of a grace period for providers to obtain and document the required contracts and suggest making a bank address an optional requirement, since it can be derived from the Routing/ABA number.

Postal Service Response

1. Regarding supplying the bank address information, it is agreed, and that data element requirement will be removed.

2. Regarding requiring signature evidence of termination, it is agreed, and that data element requirement will be removed.

3. To comply with NACHA rules, the ability to provide a copy of the ACH Debit upon request must already be in place, therefore “grandfathering” an exemption to this requirement is not an option. All customers of the providers must have an ACH Debit Agreement on file with the provider. All terminated ACH Debit Agreements must have a termination date noted on the agreement and the agreement must be kept on file for at least 2 years after the termination date.

4. It is agreed that an ACH Debit Agreement “form (hard copy or electronic)” revision period will be provided to update agreement “forms” to include the minimum data elements
