In Borusan Boru's CCR Request, Borusan Boru also requested that Commerce conduct a CCR to determine if Borusan Mannesmann Pipe U.S. is the successor-in-interest to Borusan Pipe U.S. Inc. However, because we do not assign cash deposit rates to U.S. companies, we do not intend to conduct this analysis.

Initiation of CCRs

Pursuant to section 751(b)(1)(A) of the Act and 19 CFR 351.216(d), Commerce conducts a CCR upon receipt of information concerning, or a request from, an interested party for a review of an AD or CVD order which shows changed circumstances sufficient to warrant a review of the order. The information submitted by Borusan Boru regarding its claim that it is the successor-in-interest to BMB demonstrates changed circumstances sufficient to warrant the initiation of such reviews.⁵ Therefore, in accordance with section 751(b)(1)(A) of the Act and 19 CFR 351.216(d) and (e), we are initiating these CCRs.

In making a successor-in-interest determination, Commerce examines several factors, including, but not limited to, changes in the following: (1) management; (2) production facilities; (3) supplier relationships; and (4) customer base.⁶ While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, generally, Commerce will consider the new company to be the successor to the previous company if the new company's resulting operation is not materially dissimilar to that of its predecessor.⁷ Thus, if the record evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, Commerce may assign the new company the cash deposit rate of its predecessor.⁸

Pursuant to 19 CFR 351.221(c)(3)(ii), Commerce may combine the notices of initiation and preliminary results of a CCR into a single notice if it concludes that expedited action is warranted. We have determined that it is appropriate to further consider, and potentially seek additional information regarding, certain factors noted above that Commerce examines in a successor-in-interest determination. Therefore, we find that expedited action is not warranted. Commerce intends to make its preliminary determinations and to publish in the **Federal Register** a notice of the preliminary results of these CCRs, in accordance with 19 CFR 351.221(b)(4) and (c)(3)(i), which will set forth Commerce's preliminary factual and legal conclusions. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results.

Unless extended, Commerce intends to issue the final results of this CCR within 270 days after the date of initiation, in accordance with 19 CFR 351.216(e).

Notification to Interested Parties

We are issuing this notice in accordance with sections 751(b)(1) and 777(i) of the Act and 19 CFR 351.216(b) and 351.221(b)(1).

Antidumping Duty Order on Polyethylene Terephthalate Film, Sheet, and Strip From India: Preliminary Results of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

determines that Garware Hi-Tech Films Limited (Garware Hi-Tech) is the successor-in-interest to Garware Polyester Limited (Garware Polyester) for purposes of the antidumping duty (AD) order on polyethylene terephthalate film, sheet, and strip (PET film) from India. Accordingly, Garware Hi-Tech is entitled to Garware Polyester's AD cash deposit rates with respect to entries of subject merchandise in the above referenced proceedings. Interested parties are invited to comment on these preliminary results.

DATES: Applicable February 26, 2024.

SUPPLEMENTARY INFORMATION:

Background

On August 22, 2023, Commerce published the initiation of a changed circumstances review (CCR) on the AD order¹ of PET film from India for Garware Hi-Tech.² Commerce declined to combine the *Initiation Notice* with the preliminary results of the CCR, citing the need to issue a supplemental questionnaire to Garware Hi-Tech regarding its ownership and management structure.³ On September 12, 2023, Commerce issued a supplemental questionnaire to Garware Hi-Tech seeking clarification about ownership and management structure and its suppliers.⁴ On September 25, 2023, Garware Hi-Tech timely submitted its response to this questionnaire.⁵ No other interested party submitted comments or factual

information regarding Garware Hi-Tech's request.

Scope of the Order

The merchandise subject to the *Order* is PET film. The product is currently classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS number is provided for convenience and for customs purposes, the full written product description, available in the Preliminary Decision Memorandum, remains dispositive.⁶

Legal Framework

In this CCR, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), Commerce conducted a successor-in-interest analysis. In determining whether one company is the successor-in-interest to another company as part of an AD proceeding, Commerce examines several factors including, but not limited to, changes in (1) management and ownership; (2) production facilities; (3) supplier relationships; and (4) customer base.⁷ Although no single, or even several, of these factors will necessarily provide a dispositive indication of succession, generally, Commerce will consider a company to be the successor-in-interest if its resulting operation is not materially dissimilar to that of its predecessor.⁸ Thus, if the "totality of circumstances" demonstrate that, with respect to the production and sale of the subject merchandise, the new company operates as essentially the same business entity as the prior company, Commerce will assign the successor-in-interest the cash deposit rate of its predecessor.⁹

Preliminary Results of Review

We preliminarily determine that Garware Hi-Tech is the successor-in-interest to Garware Polyester. Record evidence submitted by Garware Hi-Tech indicates that, based on the totality of the circumstances under Commerce's

successor-in-interest criteria, Garware Hi-Tech operates as materially the same business entity as Garware Polyester with respect to the production and sale of subject merchandise. For a complete discussion of the information that Garware Hi-Tech provided and the complete successor-in-interest analysis, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as an attachment to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. Final Results of Review

Consistent with 19 CFR 351.216(e), we intend to issue the final results of this CCR no later than 270 days after the date on which this review was initiated. Certain Quartz Surface Products From the People's Republic of China: Expansion of the Period of Review and Supplemental Opportunity To Request Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is expanding the period of review (POR) for the current antidumping duty (AD) and countervailing duty (CVD) administrative reviews of certain quartz surface products (quartz surface products) from the People's Republic of China (China) to include entries suspended by the final scope ruling on Malaysian processed quartz slab prior to the current POR of the instant reviews. Additionally, Commerce is providing a supplemental opportunity for interested parties to request a review of certain companies currently ineligible for the scope certification process with suspended entries during the expanded POR solely for the purposes of examining their certification status.

DATES: Supplemental requests for review must be submitted no later than March 11, 2024.

FOR FURTHER INFORMATION CONTACT: Ajay K. Menon, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-0208.

SUPPLEMENTARY INFORMATION:

Background

On October 21, 2022, Commerce published in the **Federal Register** the final scope ruling on Malaysian processed quartz slab, finding that imports of quartz slab manufactured in China and processed in Malaysia are covered by the AD and CVD orders on quartz surface products from China.¹ As part of this determination, Commerce implemented a certification requirement for all imports of quartz surface products from Malaysia, effective November 4, 2021, and also directed U.S. Customs and Border Protection (CBP) to suspend liquidation and

¹ See *Certain Quartz Surface Products from the People's Republic of China: Final Scope Ruling on Malaysian Processed Quartz Slab and Recission of the Circumvention Inquiry*, 87 FR 64009, 64010 (October 21, 2022) (*Malaysia Processed Final Scope Ruling*).

require cash deposit for entries subject to the scope inquiry retroactive to this same date.²

On July 3, 2023, Commerce notified interested parties of the opportunity to request administrative reviews of the AD and CVD orders on quartz surface products from China for the periods: (1) July 1, 2022, through June 30, 2023 for the AD administrative review; and (2) January 1, 2022, through December 31, 2022 for the CVD administrative review.³ On September 11, 2023, Commerce initiated administrative reviews of the AD and CVD orders on quartz surface products from China for these periods.⁴

Expanding the PORs of the AD and CVD Administrative Reviews

As noted above, in the *Malaysia Processed Final Scope Ruling* published on October 21, 2022, Commerce imposed a certification requirement and also directed CBP to suspend liquidation and require cash deposit for entries subject to the inquiry effective November 4, 2021.⁵ Therefore, consistent with 19 CFR 351.213(e)(1)–(2),⁶ to ensure that Commerce is examining all suspended entries which were not previously under review, we are expanding the ongoing AD and CVD administrative reviews to cover the following periods: (1) November 1, 2021, through June 30, 2023 for the AD administrative review; and (2) November 1, 2021, through December 31, 2022 for the CVD administrative review.

Supplemental Opportunity To Request Administrative Review

In the *Malaysia Processed Final Scope Ruling*, we determined that the following companies were ineligible from participating in the scope certification process because they did not fully participate in the proceeding: Bada Industries SDN BHD (Bada Industries); Ever Stone World SDN BHD (Ever Stone); Karina Stone; MSI Building Supply SDN (MSI); Principal Safwa (M) SDN (Principal Safwa); Resstone Manufacturing (Resstone);
