**Environmental Review**

The FAA has determined that these editorial amendment actions of RNAV route Q-97, to match the existing FAA NASR database information and charted route depiction, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and

Reporting Points). As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. Accordingly, the FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

**Indexing Methodology for Title I Manufactured Home Loan Limits**

**AGENCY:** Office of the Assistant Secretary for Housing—Federal Housing Commissioner, Department of Housing and Urban Development (HUD).

**ACTION:** Final rule.

**SUMMARY:** Section 2145 of the Housing and Economic Recovery Act of 2008 (HERA) amended the maximum loan limits for manufactured home loans insured under Title I of the National Housing Act and required regulations to implement future indexing of the loan limit amounts for manufactured homes originated under the Manufactured Home Loan program. This rule establishes indexing methodologies using data from the United States Census Bureau (“Census”) to annually calculate the loan limits for Manufactured Home Loans, Manufactured Home Lot Loans, and Manufactured Home and Lot Combination Loans (“Combination Loans”) insured under Title I of the National Housing Act for the Manufactured Home Loan program. This final rule adopts HUD’s October 18, 2022, proposed rule with changes.

**DATES:** Effective March 29, 2024.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

Title I of the National Housing Act authorizes the Secretary of HUD to insure, through the Federal Housing Administration (FHA), loans made by FHA-approved lenders to eligible borrowers to finance property improvement and purchase, or refinance, of a manufactured home, with or without the lot. HUD insures these

loans under HUD’s Property Improvement Loan program and HUD’s Manufactured Home Loan program. FHA insures the lender against loss if the borrower defaults. A Title I Manufactured Home Loan may be used for the purchase or refinancing of a manufactured home, a lot on which to place a manufactured home, or a manufactured home and lot in combination. The manufactured home must be used as the principal residence of the borrower. Applicable loan limits and requirements are codified in 24 CFR part 201.

Section 2117 of HERA<sup>1</sup> added the definition of real estate to include all natural resources and structures permanently affixed to the land, amended the maximum loan limits for manufactured home loans and certain property improvement loans insured under Title I of the National Housing Act, and required future changes to the amounts for manufactured home loans to be made through regulation. HERA also stipulated that the Secretary develop a metric that uses U.S. Census Bureau (“Census”) data<sup>2</sup> on manufactured home prices to calculate an index for adjusting loan limits in the future.

In compliance with HERA, on March 3, 2009, HUD published Title I Letter TI–480<sup>3</sup> notifying lenders of the new statutory loan limits. HUD also noted in that Title I Letter the need for the Secretary to develop an indexing method that would determine future loan limits. HUD regulations still reflect the outdated, pre-HERA Loan Limits. Initially after HERA’s enactment, Census data showed a decline in home prices. However, for compliance with HERA, HUD did not lower loan limits and the limits were kept at the threshold set under HERA. The outdated Loan Limits, and the 2008 Loan Limits currently in effect for manufactured homes as described in the Title I letter are outlined below:

TABLE 1—LOAN LIMITS UNDER HERA COMPARED TO PRE-HERA LOAN LIMITS

Title I loan program name	Eligible loan name for property type	Loan limits prior to HERA	2008 loan limit basis per HERA currently in effect
Property Improvement Loan Program .....	Manufactured Home Improvement Loan for units classified as real estate.	\$7,500 .....	\$25,090.
Manufactured Home Loan Program .....	Manufactured Home Loan (unit only) .....	\$48,600 .....	\$69,678.
	Manufactured Home Lot Loan (lot only) .....	\$16,200 .....	\$23,226.
