

own documentation to make administrative revision(s) such as changes of address, banking information, or ownership changes, when all program offerings remain the same. The VA Forms 22–10287 and 22–10288, and any associated program list or documentation are submitted by the educational or training institution to the SAA of jurisdiction for review. Currently the educational institution sends the requests for program approval to the SAAs either via email, direct mail, an SAA portal, or as directed by the SAA. The SAA makes an approval decision and notifies the institution accordingly. The SAA then sends the approval package to the VA Education Liaison Representative (ELR) of jurisdiction. Program reviews will be conducted in the near future to determine the availability of advanced automation technology for submitting the applications between educational and training institutions, SAAs and VA, which may help to reduce future burdens. The approval package includes the application/form received from the training institution, the SAA's findings, and any additional related information that supports payment of GI Bill benefits, as well as a copy of the notification sent to the training institution. The VA Education Liaison Representative (ELR) reviews the approval package for completeness, or requests additional information, if required. After the package is deemed complete, the ELR processes the package by entering the required information into VA's internal "Web Enabled Approval Management System (WEAMS)". The ELR provides the report to the training institution, which contains the final approval information. The ELR then sends a copy to the SAA of jurisdiction. Finally, the approval data entered in WEAMS by the ELR is then used by Veterans Claims Examiners to adjudicate education benefit claims.

Title: Applications for Motor Vehicle Adaptive Equipment and HISA Services.

OMB Control Number: 2900–0188.

Type of Review: Reinstatement, with revisions, of a previously approved collection.

Abstract: The Department of Veterans Affairs (VA), through its Veterans Health Administration (VHA), administers medical services established by law. Title 38 U.S.C. 1701(6) includes prosthetic items within the scope of medical services. Title 38 U.S.C. 3901, 3902, 3903, 3904, and 1162 authorize the Secretary to provide each person eligible for a motor vehicle grant the adaptive equipment deemed necessary to ensure that the person will be able to operate the vehicle safely, in a manner consistent with the safety of others and to satisfy the applicable standards of licensure established by the state of residency. VA also provides assistance to Veterans applying for Home Improvements and Structural Alterations (HISA) grants. The Prosthetic Service determines eligibility, entitlement, and payment of individual claims for home improvements and structural alterations to accommodate a Veteran's needs.

VA Form 10–1394 will be used to collect necessary information from eligible Veterans applying for motor vehicle adaptive equipment. VA Form 10–0103 will be used to collect necessary information from eligible Veterans applying for HISA grants.
