Description

Human remains representing, at minimum, three individuals were removed from Bay County, FL. The human remains were presumably, based on available information and professional analysis, removed from the Davis Point Site either located either as site 8BY07 or 8BY09, on federal property by an anonymous individual prior to the construction of the Pelican Point Golf Course sometime in the 1950s—1960s. In 2022, the Florida Division of Historical Resources (DHR) discovered the inventory containing the human remains which was received as a collection from the Archaeological Landscapes, Technical Assistance Service and Contracts Program based at Southeastern Archaeological Center in 2018. The three individuals range between 35 and 50+ years of age. No associated funerary objects are present.

Cultural Affiliation

The human remains in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archaeological information, geographical information, historical information, other relevant information, and expert opinion.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, Tyndall AFB has determined that:

- The human remains described in this notice represent the physical remains of three individuals of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the human remains described in this notice and the Miccosukee Tribe of Indians; Poarch Band of Creek Indians; Seminole Tribe of Florida; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; and the Thlopthlocco Tribal Town.

Repatriation of the human remains in this notice to a requestor may occur on or after March 29, 2024. If competing requests for repatriation are received, Tyndall AFB must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. Tyndall AFB is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.
