The closed meeting from 11 a.m. to 12 p.m. on March 19, 2024, will consist of discussions of new and pending administrative or minor disciplinary infractions and non-judicial punishments involving midshipmen attending the Naval Academy to include but not limited to, individual honor or conduct violations within the Brigade, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. For this reason, a portion of this meeting will be closed to the public, as the discussion of such information cannot be adequately segregated from other topics, which precludes opening the closed meeting to the public. The Principal Deputy General Counsel has determined in writing that the meeting shall be partially closed to the public because the discussions during the closed meeting from 11 a.m. to noon (12 p.m.) will be concerned with matters protected under sections 552b(c) (5), (6), and (7) of title 5, U.S.C.

Authority: 5 U.S.C. 552b.

Meeting Accessibility: Pursuant to FACA and 41 CFR 102–3.140, this meeting is open to the public. Any public attendance at the meeting will be governed by prevailing health directives at the United States Naval Academy. Please contact the Executive Secretary five business days prior the meeting to coordinate access to the meeting.

Written Statements: Per section 10(a)(3) of the FACA and 41 CFR 102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration at any time, but should be received by the Designated Federal Officer at least five business days prior to the meeting date so that the comments may be made available to the Board for their consideration prior to the meeting. Written statements should be submitted via mail to 121 Blake Rd, Annapolis, MD 21402. Please note that since the Board operates under the provisions of the FACA, as amended, all submitted comments and public presentations may be treated as public documents and may be made available for public inspection, including, but not limited to, being posted on the board website.

Dated: February 22, 2024.

J.E. Koningsor,

Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

DEPARTMENT OF EDUCATION

[Docket No.: ED–2024–SCC–0032]

Agency Information Collection Activities; Comment Request; School Pulse Panel 2024–25 Data Collection Activities

AGENCY: Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a revision of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before April 29, 2024.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <https://www.regulations.gov> by searching the Docket ID number ED–2024–SCC–0032. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](https://www.regulations.gov) site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Manager of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W203, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Carrie Clarady, 202–245–6347.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection

requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: School Pulse Panel 2024–25 Data Collection Activities.

OMB Control Number: 1850–0969.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 53,955.

Total Estimated Number of Annual Burden Hours: 10,175.

Abstract: The School Pulse Panel (SPP) is a data collection that was originally designed to collect voluntary responses from a nationally representative sample of public schools to better understand how schools, students, and educators were responding to the ongoing stressors of the coronavirus pandemic. Due to the immediate need to collect information from schools during the pandemic to satisfy the requirement of Executive Order 14000, an emergency clearance was issued to develop and field the first several monthly collections of the SPP in 2021 and a full review of the SPP data collection was performed under the traditional clearance review process in 2022 (OMB# 1850–0969). SPPs innovative design and timely dissemination of findings have been used and cited frequently among Department of Education senior leadership, the White House Domestic Policy Council, the USDA's Food and Nutrition Service, the Centers for Disease Control and Prevention, Congressional deliberations, and the media. The ongoing, growing interest by stakeholders resulted in the request for dedicated funding to create an established NCES quick-turnaround data collection vehicle to become a mainstay for NCES. Funding for a mainstay collection was approved in late 2022, and NCES conducted a new

collection during the 2023–24 school year. The purpose of this request is for a full review of the 2024–25 SPP data collection under the traditional clearance review process.

For the 2024–25 school year, the survey will ask school staff about a wide range of topics, including, but not limited to, staffing, learning recovery, tutoring, usage of federal funds, facilities, transportation, school environment issues, and overall principal and staff experiences, in addition to repeating items from the previous collections. It is planned that some new content will be rotated in (and some rotated out) monthly. This package includes details regarding the methodology and operations, as well as potential content areas and an item bank of potential items that can be asked any month.

The School Pulse Panel study is one of the few reliable, nationally representative, quick-turnaround studies that produces data on U.S. public schools. The sample design for the 2024–25 collection will roughly be the same as the 2023–24 collection, with 4,000 public elementary, middle, high, and combined-grade schools in an initial sample and 4,000 public elementary, middle, high, and combined-grade schools in a reserve sample. These schools will be selected via a random stratified sampling approach.

This submission will undergo a 60-day public comment period, followed by an additional 30-day public comment period. We continue to make revisions to the communication materials (Appendix A) and will present final versions for the 30-day comment period. Items in the Item Bank (Appendix B) that have not already been approved are considered draft and will undergo cognitive testing and revision before final administration. Final instruments for the August, September, and October 2024 surveys (Appendix C1) will be added to this package during the 30-day public comment, to be posted in late spring 2024. Final items will be submitted to OMB through a change request. Subsequent quarterly instruments will also be posted for 30-day comment in the months immediately preceding their administration, potentially followed by change requests to allow for small changes in items as deemed necessary by cognitive testing.

[Docket No.: ED–2024–SCC–0208]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Revised Second Chance Pell Experiment and Prison Education Program (PEP) Data Collection

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before March 29, 2024.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting “Department of Education” under “Currently Under Review,” then check the “Only Show ICR for Public Comment” checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Supporting statements and other supporting documentation may be found by clicking on the “View Supporting Statement and Other Documents” link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, 202–377–4018.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate;

(4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Revised Second Chance Pell Experiment and Prison Education Program (PEP) Data Collection.

OMB Control Number: 1845–NEW.

Type of Review: A new ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 675.

Total Estimated Number of Annual Burden Hours: 6,750.

Abstract: This is a request for a new information collection to collect programmatic and student information from participating institutions. This collection will cover the required statutory reporting for both the revised Second Chance Pell experiment and Prison Education Programs (PEPs) for confined or incarcerated individuals. Since schools participating in the Second Chance Pell experiment have three years to transition their programs under the experiment to comply with the PEP requirements, the data collected for the experiment and the PEP provisions is almost identical. The only difference is the specific information collected from institutions participating in the Second Chance Pell to provide a status of their progress in converting their current programs under the experiment to be in compliance with the PEP provisions.
