BILLING CODE 4154-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

National Vaccine Injury Compensation Program; List of Petitions Received

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HRSA is publishing this notice of petitions received under the National Vaccine Injury Compensation Program (the Program), as required by the Public Health Service (PHS) Act, as amended. While the Secretary of HHS is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

FOR FURTHER INFORMATION CONTACT: For information about requirements for filing petitions, and the Program in general, contact Lisa L. Reyes, Clerk of Court, United States Court of Federal Claims, 717 Madison Place NW, Washington, DC 20005, (202) 357-6400. For information on HRSA’s role in the Program, contact the Director, National Vaccine Injury Compensation Program, 5600 Fishers Lane, Room 08W-25A, Rockville, Maryland 20857; (301) 443-6593, or visit our website at: <http://www.hrsa.gov/vaccinecompensation/index.html>.

www.hrsa.gov/vaccinecompensation/index.html.

SUPPLEMENTARY INFORMATION: The Program provides a system of no-fault compensation for certain individuals who have been injured by specified childhood vaccines. Subtitle 2 of title XXI of the PHS Act, 42 U.S.C. 300aa-10 *et seq.*, provides that those seeking compensation are to file a petition with the United States Court of Federal Claims and to serve a copy of the petition to the Secretary of HHS, who is named as the respondent in each proceeding. The Secretary has delegated this responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses, conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at 42 CFR 100.3. This Table lists for each covered childhood vaccine the conditions that may lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation may also be awarded for conditions not listed in the Table and for conditions that are manifested outside the time periods specified in the Table, but only if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa-12(b)(2), requires that “[w]ithin 30 days after the Secretary receives service of any petition filed under section 2111 the Secretary shall publish notice of such petition in the **Federal Register**.” Set forth below is a list of petitions received by HRSA on

January 1, 2024, through January 31, 2024. This list provides the name of the petitioner, city, and state of vaccination (if unknown then the city and state of the person or attorney filing the claim), and case number. In cases where the Court has redacted the name of a petitioner and/or the case number, the list reflects such redaction.

Section 2112(b)(2) also provides that the special master “shall afford all interested persons an opportunity to submit relevant, written information” relating to the following:

1. The existence of evidence “that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition,” and

2. Any allegation in a petition that the petitioner either:

a. “[S]ustained, or had significantly aggravated, any illness, disability, injury, or condition not set forth in the Vaccine Injury Table but which was caused by” one of the vaccines referred to in the Table, or

b. “[S]ustained, or had significantly aggravated, any illness, disability, injury, or condition set forth in the Vaccine Injury Table the first symptom or manifestation of the onset or significant aggravation of which did not occur within the time period set forth in the Table but which was caused by a vaccine” referred to in the Table.

In accordance with section 2112(b)(2), all interested persons may submit written information relevant to the issues described above in the case of the petitions listed below. Any person choosing to do so should file an original and three (3) copies of the information with the Clerk of the United States Court of Federal Claims at the address listed above (under the heading **FOR FURTHER INFORMATION CONTACT**), with a copy to HRSA addressed to Director,

Division of Injury Compensation Programs, Health Systems Bureau, 5600 Fishers Lane, 08W-25A, Rockville, Maryland 20857. The Court's caption (*Petitioner's Name v. Secretary of HHS*) and the docket number assigned to the petition should be used as the caption for the written submission. Chapter 35 of title 44, United States Code, related to paperwork reduction, does not apply to information required for purposes of carrying out the Program.

Carole Johnson,
Administrator.

List of Petitions Filed

1. Brian Sheehan, Fort Wayne, Indiana, Court of Federal Claims No: 24-0001V
2. Melissa Wolfson, Katy, Texas, Court of Federal Claims No: 24-0002V
3. Alexis Collins, Lafayette, Louisiana, Court of Federal Claims No: 24-0003V
4. Rochelle McCullough, Evans, Georgia, Court of Federal Claims No: 24-0004V
5. Jessica Moya, Queen Creek, Arizona, Court of Federal Claims No: 24-0005V
6. Victoria Hedler, Grand Junction, Colorado, Court of Federal Claims No: 24-0006V
7. Andrew Farris, Union Gap, Washington, Court of Federal Claims No: 24-0007V
8. Gregory Williams, Philadelphia, Pennsylvania, Court of Federal Claims No: 24-0008V

BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Stakeholder Listening Session on Public Health Emergencies Preparedness and Response Negotiations

AGENCY: Office of Global Affairs, Department of Health and Human Services.

ACTION: Notice of public listening session; request for comments.

DATES: The listening session will be held Thursday, April 11, 2024, from 10:00 a.m. to 12:00 p.m. Eastern Daylight Time. This session is open to the public but requires RSVP to oga.rsvp@hhs.gov by Friday, April 5, 2024. See *RSVP section in SUPPLEMENTARY INFORMATION for details.*

ADDRESSES: The session will be held virtually, with online and dial-in information shared with registered participants.

SUPPLEMENTARY INFORMATION:

Purpose: The U.S. Department of Health and Human Services (HHS), with support from relevant health-related U.S. Government offices, is charged with leading U.S. participation in the Working Group on the Amendments to the International Health Regulations (2005) (WGIHR) and with co-leading the U.S. delegation to the Intergovernmental Negotiating Body to draft and negotiate a WHO convention, agreement or other international instrument on pandemic prevention, preparedness and response (INB). HHS will convene an informal Stakeholder Listening Session.

The Stakeholder Listening Session is designed to seek input from stakeholders and subject matter experts to help inform U.S. Government engagement with the WGIHR and INB.

Background, WGIHR: The World Health Assembly originally adopted the International Health Regulations (IHR) in 1969. The regulations were amended multiple times, most recently in 2005. The purpose of IHR is to prevent, protect against, control, and provide public health response to the international spread of disease.

Member States of the World Health Organization (WHO) agreed in 2022 to embark on a process to amend the current IHR. The process builds on lessons learned from the various review panels that examined the functioning of the IHR and the global health security architecture during the COVID–19 pandemic. The Working Group on the Amendments to the IHR (WGIHR) is considering more than 300 proposed amendments to 33 of the 66 articles of the IHR and 5 of its 9 annexes, plus 6 new articles and 2 new annexes. More information on the WGIHR can be found here: <https://www.who.int/teams/ihr/working-group-on-amendments-to-the-international-health-regulations-%282005%29>.

The WGIHR currently intends to submit its outcome to the Seventy-seventh World Health Assembly in May 2024.

Background, INB: In December 2021, WHO Member States decided at a Special Session of the World Health Assembly to establish an intergovernmental negotiating body (INB), representing all regions of the world, to draft and negotiate a WHO convention, agreement, or other international instrument on pandemic prevention, preparedness, and response. More information about the INB process can be found here: <https://inb.who.int/home/inb-process>.

The INB currently intends to submit its outcome to the Seventy-seventh World Health Assembly in May 2024.

The United States has expressed support for the development of an international instrument to protect the world from pandemic health threats now and in the future, and in a more rapid and equitable manner.

The United States is seeking the following key outcomes in the negotiations:

- Enhance the capacity of countries around the world to prevent, prepare for, and respond to pandemic emergencies and provide clear, credible, consistent information to their citizens.

- Ensure that all countries share data and laboratory samples from emerging outbreaks quickly, safely, and transparently to facilitate response efforts and inform public health decision making regarding effective disease control measures, including the rapid creation of safe and effective vaccines, diagnostic tests, and treatments.

- Support more equitable and timely access to, and delivery of, vaccines, diagnostic tests, treatments, and other mitigation measures to quickly contain outbreaks, reduce illness and death, and minimize impacts on the economic and national security of people around the world.

Matters to be Discussed: The listening session will discuss the outcome products of the WGIHR and INB to be submitted to the Seventy-seventh World Health Assembly in May. Topics will include those amendments currently under consideration by the WGIHR; areas of consideration included in the Pandemic Accord; and key proposals that highlight the intersection between the IHR and the Pandemic Accord. An Article-by-Article Compilation of Proposed Amendments to the International Health Regulations (2005) can be found here: https://apps.who.int/gb/wgihr/pdf_files/wgihr1/WGIHR_Compilation-en.pdf. More information on the Pandemic Accord can be found here: <https://apps.who.int/gb/inb/index.html>.

Participation is welcome from stakeholder communities, including:

- Public health and advocacy groups
- State, local, and Tribal groups
- Private industry
- Minority health organizations
- Academic and scientific organizations, etc.

RSVP: Persons seeking to participate in the listening session *must register by Friday, April 5, 2024.*

Registrants must include their full name, email address, and organization, if any, and indicate whether they are registering as a listen-only attendee or as a speaker participant to oga.rsvp@hhs.gov.
