

Order 13526 and the Atomic Energy Act of 1954. The Federal Advisory Committee Act, 5 U.S.C. app. 2, section 10(d), and the Federal Advisory Committee Management Regulation, 41 CFR 102–3.155, incorporate by reference the Government in the Sunshine Act, 5 U.S.C. 552b, which, at 552b(c)(1) and (c)(3) permits closure of meetings where restricted data or other classified matters will be discussed.

Tentative Agenda: Welcome; Headquarters and ACNS Updates; discussion of reports and current actions; discussion of next charges; conclusion.

Public Participation: There will be no public participation in this closed meeting. Those wishing to provide written comments or statements to the Committee are invited to send them to Allyson Koncke-Fernandez at the address listed in the **FOR FURTHER INFORMATION CONTACT** section.

Minutes: The minutes of the meeting will not be available.

Signing Authority: This document of the Department of Energy was signed on February 26, 2024, by David Borak, Deputy Committee Management Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on February 27, 2024.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

Environmental Impact Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information 202–564–5632 or <https://www.epa.gov/nepa>. Weekly receipt of Environmental Impact Statements (EIS)

Filed February 16, 2024 10 a.m. EST
Through February 26, 2024 10 a.m. EST
Pursuant to 40 CFR 1506.9.

Notice

Section 309(a) of the Clean Air Act requires that EPA make public its comments on EISs issued by other Federal agencies. EPA's comment letters on EISs are available at: <https://cdxapps.epa.gov/cdx-enepa-II/public/action/eis/search>.

EIS No. 20240032, Draft, NOAA, HI, Proposed Papahānaumokuākea National Marine Sanctuary Draft Environmental Impact Statement, Comment Period Ends: 05/07/2024, Contact: Ellie Roberts 240–533–0676.

EIS No. 20240033, Final, BOEM, MA, New England Wind Project, Review Period Ends: 04/01/2024, Contact: Lindy Nelson 571–789–6485.

EIS No. 20240034, Draft, USA, BLM, AZ, Legislative Environmental Impact Statement Regarding Proposed Public Land Withdrawal in Vicinity of Arizona State Route 95, Yuma Proving Ground, Arizona, Comment Period Ends: 04/15/2024, Contact: Daniel Steward 928–328–2125.

EIS No. 20240035, Draft, BOP, KY, Proposed Development of a New Federal Correctional Institution and Federal Prison Camp—Letcher County, Kentucky, Comment Period Ends: 04/15/2024, Contact: Kimberly Hudson 202–451–7046.

EIS No. 20240036, Final, DOE, MI, ADOPTION—GENERIC—License Renewal of Nuclear Plants Supplement 27 to NUREG–1437 Regarding Palisades Nuclear Plant (TAC NO. MC6434) Located in Covert Township Van Buren County MI, Review Period Ends: 04/01/2024, Contact: Alicia Williamson 202–526–7272.

The Department of Energy (DOE) has adopted the Nuclear Regulatory Commission's Final EIS No. 20060432 filed 10/13/2006 with the Environmental Protection Agency. The DOE was not a cooperating agency on this project. Therefore, republication of the document is necessary under Section 1506.3(b)(1) of the CEQ regulations.

Amended Notice

EIS No. 20240002, Draft, BOEM, NY, New York Bight, Comment Period Ends: 03/13/2024, Contact: Jill Lewandowski 703–787–1703.

Revision to FR Notice Published 01/12/2024; Extending the Comment Period from 02/26/2024 to 03/13/2024.

Dated: February 26, 2024.

Julie Smith,

Acting Director, NEPA Compliance Division, Office of Federal Activities.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–9542–05–OAR]

Information Regarding Allowances Used in Cross-State Air Pollution Rule (CSAPR) Trading Programs

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability.

SUMMARY: The Environmental Protection Agency (EPA) is providing notice of the availability of data on emission allowance allocations to certain units under the Cross-State Air Pollution Rule (CSAPR) trading programs. EPA has completed preliminary calculations for the allocations of allowances from the new unit set-asides (NUSAs) for the 2023 control periods and has posted spreadsheets containing the calculations on EPA's website. EPA will consider timely objections to the preliminary calculations (including objections concerning the identification of units eligible for allocations) before determining the final amounts of the allocations. Additionally, EPA is making available an estimate of the data and calculations to be used in the allowance bank recalibration process for the 2024 control period under the CSAPR NO_x Ozone Season Group 3 Trading Program.

DATES: Objections to the information referenced in this notice concerning NUSA allocations must be received on or before April 1, 2024.

ADDRESSES: Submit your objections via email to CSAPR@epa.gov. Include “2023 NUSA allocations” in the email subject line and include your name, title, affiliation, address, phone number, and email address in the body of the email.

FOR FURTHER INFORMATION CONTACT: Questions concerning this action should be addressed to Garrett Powers at (202) 564–2300 or powers.jamesg@epa.gov or Morgan Riedel at (202) 564–1144 or riedel.morgan@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Allocations From New Unit Set-Asides

Under each CSAPR trading program where EPA is responsible for determining emission allowance

allocations, a portion of each state's emissions budget for the program for each control period is reserved in a NUSA (and, under most of the trading programs, in an additional Indian country NUSA in the case of states with Indian country within their borders) for allocation to certain units that would not otherwise receive allowance allocations. The procedures for identifying the eligible units for each control period and for allocating allowances from the NUSAs and Indian country NUSAs to these units are set forth in the CSAPR trading program regulations at 40 CFR 97.411(b) and 97.412 (NO_x Annual), 97.511(b) and 97.512 (NO_x Ozone Season Group 1), 97.611(b) and 97.612 (SO₂ Group 1), 97.711(b) and 97.712 (SO₂ Group 2), 97.811(b) and 97.812 (NO_x Ozone Season Group 2), and 97.1012 (NO_x Ozone Season Group 3). Each NUSA allowance allocation process involves allocations to eligible units, termed "new" units, followed by the allocation to "existing" units of any allowances not allocated to new units.¹

This notice concerns preliminary calculations for the NUSA allowance allocations for the 2023 control periods. Generally, the allocation procedures call for each eligible "new" unit to receive a 2023 NUSA allocation equal to its 2023 control period emissions as reported under 40 CFR part 75 unless the total of such allocations to all such eligible units would exceed the amount of allowances in the NUSA, in which case the allocations are reduced on a pro-rata basis. (EPA notes that, under 40 CFR 97.406(c)(3), 97.506(c)(3), 97.606(c)(3), 97.706(c)(3), 97.806(c)(3), and 97.1006(c)(3), a unit's emissions occurring before its monitor certification deadline are not considered to have occurred during a control period and consequently are not included in the emission amounts used to determine NUSA allocations.) Any allowances not allocated to eligible "new" units are allocated to the state's "existing" units in proportion to such existing units' previous allocations from the portion of the respective state's emissions budget for the control period that was not reserved in a NUSA (or Indian country NUSA).

¹ The CSAPR NO_x Ozone Season Group 3 Trading Program serves as the compliance mechanism for electricity generating units under the Good Neighbor Plan (88 FR 36654, June 5, 2023). As of the date of signature of this notice, applications for a stay of the Good Neighbor Plan are pending before the Supreme Court of the United States. If a stay order is issued and depending on its nature, it could affect EPA's ability to implement the regulatory provisions of the CSAPR NO_x Ozone Season Group 3 Trading Program that are described in this notice.

The detailed unit-by-unit data and preliminary allowance allocation calculations for "new" units are set forth in Excel spreadsheets titled "CSAPR NUSA 2023 NO_x Annual Prelim Data New Units", "CSAPR NUSA 2023 NO_x OS Prelim Data New Units", and "CSAPR NUSA 2023 SO₂ Prelim Data New Units", available on EPA's website at www.epa.gov/csapr/csapr-allowance-allocations#nusa. Each of the spreadsheets contains a separate worksheet for each state covered by that program showing, for each unit identified as eligible for a NUSA allocation, (1) the unit's emissions in the 2023 control period (annual or ozone season as applicable), (2) the maximum 2023 NUSA allowance allocation for which the unit is eligible (typically the unit's emissions in the 2023 control period), (3) various adjustments to the unit's maximum allocation if the NUSA pool is oversubscribed, and (4) the preliminary calculation of the unit's 2023 NUSA allowance allocation.

Each state worksheet for "new" units also contains a summary showing (1) the quantity of allowances initially available in that state's 2023 NUSA, (2) the sum of the 2023 NUSA allowance allocations that will be made to new units in that state, assuming there are no corrections to the data, and (3) the quantity of allowances that would remain in the 2023 NUSA for allocation to existing units, again assuming there are no corrections to the data.

The preliminary calculations of allocations of the remaining unallocated allowances to "existing" units are set forth in Excel spreadsheets titled "CSAPR NUSA 2023 NO_x Annual Prelim Data Existing Units", "CSAPR NUSA 2023 NO_x OS Prelim Data Existing Units", and "CSAPR NUSA 2023 SO₂ Prelim Data Existing Units", available at the same location.

Objections should be strictly limited to the data and calculations upon which the NUSA allowance allocations are based and should be emailed to the address identified in **ADDRESSES**.

Objections must include: (1) precise identification of the specific data and/or calculations the commenter believes are inaccurate, (2) new proposed data and/or calculations upon which the commenter believes EPA should rely instead to determine allowance allocations, and (3) the reasons why EPA should rely on the commenter's proposed data and/or calculations and not the data referenced in this notice.

EPA notes that an allocation or lack of allocation of allowances to a given unit under a given CSAPR trading

program does not constitute a determination that the trading program does or does not apply to the unit. EPA also notes that, under 40 CFR 97.411(c), 97.511(c), 97.611(c), 97.711(c), 97.811(c), 97.1011(c), and 97.1012(c), allocations are subject to potential correction if a unit to which allowances have been allocated for a given control period is not actually an affected unit as of the start of that control period.

II. Information for the Allowance Bank Recalibration Procedures

The CSAPR NO_x Ozone Season Group 3 Trading Program includes provisions calling for EPA to annually recalibrate the bank of CSAPR NO_x Ozone Season Group 3 allowances if the total quantity of banked allowances from previous control periods held in all facility and general accounts after compliance deductions for those control periods exceeds an allowance bank ceiling target for the current control period. The allowance bank recalibration procedures are set forth in the trading program regulations at 40 CFR 97.1026(d). Generally, if recalibration takes place for a given control period, the amount of banked CSAPR NO_x Ozone Season Group 3 allowances from previous control periods held in each facility or general account will be adjusted so that the amount of such banked allowances held in the account after recalibration will equal the amount held in the account immediately before recalibration multiplied by the allowance bank ceiling target, divided by the total amount of such banked allowances held in all facility and general accounts immediately before recalibration, and rounded up to the nearest allowance. Allowance bank recalibration for a given control period applies only to holdings of banked allowances issued for previous control periods; it does not affect any holdings of allowances issued for that control period. The regulations call for EPA to carry out the allowance bank recalibration procedures for the 2024 control period as soon as practicable on or after August 1, 2024.²

For the 2024 control period, the allowance bank ceiling target is expected to be 12,605 tons, computed as 21% the sum of the 2024 state emission budgets for the ten states currently covered by the trading program. Based on the emissions and allowance data available at campd.epa.gov as of the date of signature of this notice, EPA estimates that after allowance deductions for 2023 compliance are completed in June 2024, approximately

² See note 1, *supra*.

38,585 banked vintage 2021–2023 allowances will be held in facility or general accounts (84,378 current allowance holdings + 3,365 upcoming NUSA allocations – 49,158 reported 2023 ozone season emissions = 38,585 estimated remaining allowances). Based on these figures, EPA expects that allowance bank recalibration will take place for the 2024 control period and estimates that the amount of banked vintage 2021–2023 allowances that will be held in each facility or general account after recalibration will be the amount of such banked allowances held in the account immediately before recalibration multiplied by 12,605 and divided by 38,585 (or, equivalently, the amount of such banked allowances held in the account immediately before recalibration multiplied by approximately 33%). In the actual allowance bank recalibration process, instead of using the estimated figures described in this notice, EPA will use the most current information available as of the recalibration date.

(Authority: 40 CFR 97.411(b), 97.511(b), 97.611(b), 97.711(b), 97.811(b), and 97.1012(a).)

Rona Birnbaum,

Director, Clean Air Markets Division, Office of Atmospheric Protection, Office of Air and Radiation.

BILLING CODE 6560–50–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Award of a Sole Source Cooperative Agreement To Fund Ministry of Health (MOH)—AIDS Control Program

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS), announces the award of approximately \$15,000,000, for Year 1 funding to MOH—AIDS Control Program. The award will support achievement of HIV epidemic control in Uganda by supporting the MOH to develop and disseminate key national policies and guidelines, increase technical capacity, ensure quality of health services, improve data quality and utilization, and provide leadership and direction to all partners engaged in

the epidemic response. Funding amounts for years 2–5 will be set at continuation.

DATES: The period for this award will be September 30, 2024, through September 29, 2029.

FOR FURTHER INFORMATION CONTACT: Kathy Grooms, Center for Global Health, Centers for Disease Control and Prevention, Embassy, Centers for Disease Control and Prevention Kampala, Uganda, Telephone: 404.718.2578, Email: kwg1@cdc.gov.

SUPPLEMENTARY INFORMATION: The sole source award(s) will strengthen technical and management capacity to review and develop key policies and guidelines and support the standardization and harmonization of the HIV/AIDS/TB response in Uganda.

MOH—AIDS Control Program is in a unique position to conduct this work, as it has the authority, mandate, and ability to oversee, regulate, report on, and lead the overall health sector performance and activity implementation. No other entity can perform the duties of the MOH. The short-term success and long-term sustainability of HIV epidemic control, as well as general disease control and mitigation depend upon strong leadership and coordination from the MOH—AIDS Control Program.

Summary of the Award

Recipient: Ministry of Health (MOH)—AIDS Control Program.

Purpose of the award: The purpose of this award is to support achievement of HIV epidemic control in Uganda by supporting the MOH to develop and disseminate key national policies and guidelines, increase technical capacity, ensure quality of health services, improve data quality and utilization, and provide leadership and direction to all partners engaged in the epidemic response.

Amount of award: For MOH—AIDS Control Program, the approximate year 1 funding amount will be \$15,000,000 in Federal Fiscal Year (FYY) 2024 funds, subject to the availability of funds. Funding amounts for years 2–5 will be set at continuation.

Authority: This program is authorized under Public Law 108–25 (the United States Leadership Against HIV AIDS, Tuberculosis and Malaria Act of 2003) [22 U.S.C. 7601, *et seq.*] and Public Law 110–293 (the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008), and Public Law 113–56 (PEPFAR Stewardship and Oversight Act of 2013).

Period of performance: The period for this award will be September 30, 2024, through September 29, 2029.

Dated: February 26, 2024.

Jamie Legier,

Acting Director, Office of Grants Services, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–10174 and CMS–R–64]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by April 1, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open
